(c) Carriers regulated as dominant for the provision of a particular international communications service on a particular route for any reason other than a foreign carrier affiliation under § 63.10 shall file tariffs pursuant to Section 203 of the Communications Act, 47 U.S.C. 203, and part 61 of this chapter. Except as specified in § 20.15(d) of this chapter with respect to commercial mobile radio service providers, carriers regulated as non-dominant, as defined in § 61.3 of this chapter, and providing detariffed international services pursuant to § 61.19 of this chapter must comply with all applicable public disclosure and maintenance of information requirements in §§ 42.10 and 42.11 of this chapter.

(d) Carriers must file annual reports of overseas telecommunications traffic as required by § 43.61 of this chapter.

(e) Authorized carriers may not access or make use of specific U.S. customer proprietary network information that is derived from a foreign network unless the carrier obtains approval from that U.S. customer. In seeking to obtain approval, the carrier must notify the U.S. customer that the customer may require the carrier to disclose the information to unaffiliated third parties upon written request by the customer.

(f) Authorized carriers may not receive from a foreign carrier any proprietary or confidential information pertaining to a competing U.S. carrier, obtained by the foreign carrier in the course of its normal business dealings, unless the competing U.S. carrier provides its permission in writing.

(g) The Commission reserves the right to review a carrier's authorization, and, if warranted, impose additional requirements on U.S. international carriers in circumstances where it appears that harm to competition is occurring on one or more U.S. international routes.

(h) Subject to the requirement of § 63.10 that a carrier regulated as dominant along a route must provide service as an entity that is separate from its foreign carrier affiliate, and subject to any other structural-separation requirement in Commission regulations,

an authorized carrier may provide service through any wholly owned direct or indirect subsidiaries. The carrier must, within thirty (30) days after the subsidiary begins providing service, file with the Commission a notification referencing the authorized carrier's name and the FCC file numbers under which the carrier's authorizations were granted and identifying the subsidiary's name and place of legal organization. This provision shall not be construed to authorize the provision of service by any entity barred by statute or regulation from itself holding an authorization or providing service.

(i) An authorized carrier, or a subsidiary operating pursuant to paragraph (h) of this section, that changes its name (including the name under which it is doing business) must notify the Commission within thirty (30) days of the name change. Such notification shall reference the FCC file numbers under which the carrier's authorizations were granted.

(j) Subject to the availability of electronic forms, all notifications and other filings described in this section must be filed electronically through the International Bureau Filing System (IBFS). A list of forms that are available for electronic filing can be found on the IBFS homepage. The following conditions apply to authorized facilities-based international carriers:

(a) A carrier authorized under § 63.18(e)(1) may provide international facilities-based services to international points for which it qualifies for non-dominant regulation as set forth in § 63.10, except in the following circumstance: If the carrier is, or is affiliated with, a foreign carrier in a destination market and the Commission

Carriers may not use U.S. earth stations to access non-U.S.-licensed satellite systems unless the Commission has specifically approved the use of those satellites and so indicates on the exclusion list. The exclusion list is available from the International Bureau's World Wide Web site at <http://www.fcc.gov/ib>.

(c) Specific authority under § 63.18(e)(3) is required for the carrier to provide service using any facilities listed on the exclusion list, to provide service between the United States and any country on the exclusion list, or to construct, acquire, or operate lines in any new major common carrier facility project.

(d) The carrier may provide international basic switched, private line, data, television and business services.

(e) The carrier shall file annual international circuit status reports as required by § 43.82 of this chapter.
