(5) The parties shall cooperate to avoid disruption in service to subscribers to the extent possible.

(6) Section 76.802 of the Commission's rules regarding the disposition of cable home wiring will continue to apply to the wiring on the subscriber's side of the cable demarcation point.

(c) The procedures set forth in paragraphs (a) and (b) of this section shall apply unless and until the incumbent provider obtains a court ruling or an injunction within forty-five (45) days following the initial notice enjoining its displacement.

(d) After the effective date of this rule, MVPDs shall include a provision in all service contracts entered into with MDU owners setting forth the disposition of any home run wiring in the MDU upon the termination of the contract.

(e) Incumbents are prohibited from using any ownership interest they may have in property located on or near the home run wiring, such as molding or conduit, to prevent, impede, or in any way interfere with, the ability of an alternative MVPD to use the home run wiring pursuant to this section.

§ 76.805 Access to molding.

(a) An MVPD shall be permitted to install one or more home run wires within the existing molding of an MDU where the MDU owner finds that there is sufficient space to permit the installation of the additional wiring without interfering with the ability of an existing MVPD to provide service, and gives its affirmative consent to such installation. This paragraph shall not apply where the incumbent provider has an exclusive contractual right to occupy the molding.

(b) If an MDU owner finds that there is insufficient space in existing molding to permit the installation of the new wiring without interfering with the ability of an existing MVPD to provide service, but gives its affirmative consent to the installation of larger molding and additional wiring, the MDU owner (with or without the assistance of the incumbent and/or the

alternative provider) shall be permitted to remove the existing molding, return such molding to the incumbent, if appropriate, and install additional wiring and larger molding in order to contain the additional wiring. This paragraph shall not apply where the incumbent provider possesses a contractual right to maintain its molding on the premises without alteration by the MDU owner.
