based eligibility requirements for Lifeline, and documenting the results of that review; or

(ii) Querying the appropriate income databases, confirming that the subscriber continues to meet the income-based eligibility requirements for Lifeline, and documenting the results of that review; or

(iii) Obtaining a signed certification from the subscriber that meets the certification requirements in paragraph (d) of this section.

(3) Where a state Lifeline administrator or other state agency is responsible for re-certification of a subscriber's Lifeline eligibility, the state Lifeline administrator or other state agency must confirm a subscriber's current eligibility to receive a Lifeline service by:

(i) Querying the appropriate eligibility databases, confirming that the subscriber still meets the program-based eligibility requirements for Lifeline, and documenting the results of that review; or

(ii) Querying the appropriate income databases, confirming that the subscriber continues to meet the income-based eligibility requirements for Lifeline, and documenting the results of that review; or

(iii) Obtaining a signed certification from the subscriber that meets the certification requirements in paragraph (d) of this section.

(4) Where a state Lifeline administrator or other state agency is responsible for re-certification of subscribers' Lifeline eligibility, the state Lifeline administrator or other state agency must provide to each eligible telecommunications carrier the results of its annual re-certification efforts with respect to that eligible telecommunications carrier's subscribers.

(5) If an eligible telecommunications carrier is unable to re-certify a subscriber or has been notified of a state Lifeline administrator's or other state agency's inability to re-certify a subscriber, the eligible telecommunications carrier must comply with the de-enrollment requirements provided for in § 54.405(e)(4).

(g) *Re-certification of temporary address.* An eligible telecommunications carrier must re-certify, every 90 days,

§ 54.412 Off reservation Tribal lands designation process.

(a) The Commission's Wireline Competition Bureau and the Office of Native Affairs and Policy may, upon receipt of a request made in accordance with the requirements of this section, designate as Tribal lands, for the purposes of the Lifeline and Tribal Link Up program, areas or communities that fall outside the boundaries of existing Tribal lands but which maintain the same characteristics as lands identified as Tribal lands defined as in § 54.400(e).

(b) A request for designation must be made to the Commission by a duly authorized official of a federally recognized American Indian Tribe or Alaska Native Village.

(c) A request for designation must clearly describe a defined geographical area for which the requesting party seeks designation as Tribal lands.

(d) A request for designation must demonstrate the Tribal character of the area or community.

(e) A request for designation must provide sufficient evidence of a nexus between the area or community and the Tribe, and describe in detail how program support to the area or community would aid the Tribe in serving the needs and interests of its citizens and further the Commission's goal of increasing telecommunications access on Tribal lands.

(f) Upon designation by the Wireline Competition Bureau and the Office of Native Affairs and Policy, the area or community described in the designation shall be considered Tribal lands for the purposes of this subpart.

§ 54.413 Link Up for Tribal lands.

(a) *Definition.* For purposes of this subpart, the term "Tribal Link Up"

Federal Communications Commission

§ 54.414

means an assistance program for eligible residents of Tribal lands seeking telecommunications service from a telecommunications carrier that is receiving high-cost support on Tribal lands, pursuant to subpart D of this part, that provides:

(1) A 100 percent reduction, up to \$100, of the customary charge for commencing telecommunications service for a single telecommunications connection at a subscriber's principal place of residence imposed by an eligible telecommunications carrier that is also receiving high-cost support on Tribal lands, pursuant to subpart D of this part. For purposes of this subpart, a "customary charge for commencing telecommunications service" is the ordinary charge an eligible telecommunications carrier imposes and collects from all subscribers to initiate service with that eligible telecommunications carrier. A charge imposed only on qualifying low-income consumers to initiate service is not a customary charge for commencing telecommunications service. Activation charges routinely waived, reduced, or eliminated with the purchase of additional products, services, or minutes are not customary charges eligible for universal service support; and

(2) A deferred schedule of payments of the customary charge for commencing telecommunications service for a single telecommunications connection at a subscriber's principal place of residence imposed by an eligible telecommunications carrier that is also receiving high-cost support on Tribal lands, pursuant to subpart D of this part, for which the eligible resident of Tribal lands does not pay interest. The interest charges not assessed to the eligible resident of tribal lands shall be for a customary charge for connecting telecommunications service of up to \$200 and such interest charges shall be deferred for a period not to exceed one year.

(b) An eligible resident of Tribal lands may receive the benefit of the Tribal Link Up program for a second or subsequent time only for otherwise qualifying commencement of telecommunications service at a principal place of residence with an address different from the address for which Trib-

al Link Up assistance was provided previously.

§ 54.414 Reimbursement for Tribal Link Up.

(a) Eligible telecommunications carriers that are receiving high-cost support, pursuant to subpart D of this part, may receive universal service support reimbursement for the reduction in their customary charge for commencing telecommunications service and for providing a deferred schedule for payment of the customary charge for commencing telecommunications services for which the subscriber does not pay interest, in conformity with § 54.413.

(b) In order to receive universal support reimbursement for providing Tribal Link Up, eligible telecommunications carriers must follow the procedures set forth in § 54.410 to determine an eligible resident of Tribal lands' initial eligibility for Tribal Link Up. Eligible telecommunications carriers must obtain a certification form from each eligible resident of Tribal lands that complies with § 54.410 prior to enrolling him or her in Tribal Link Up.

(c) In order to receive universal service support reimbursement for providing Tribal Link Up, eligible telecommunications carriers must keep accurate records of the reductions in their customary charge for commencing telecommunications service and for providing a deferred schedule for payment of the charges assessed for commencing service for which the subscriber does not pay interest, in conformity with § 54.413. Such records shall be kept in the form directed by the Administrator and provided to the Administrator at intervals as directed by the Administrator or as provided in this subpart. The reductions in the customary charge for which the eligible telecommunications carrier may receive reimbursement shall include only the difference between the carrier's customary connection or interest charges and the charges actually assessed to the subscriber receiving Lifeline services.
