

Federal Communications Commission

§ 54.679

Fund, the Administrator shall implement a filing window period that treats all eligible health care providers filing within the window period as if their applications were simultaneously received.

(3) [Reserved]

(4) The deadline to submit a funding commitment request under the Telecommunications Program and the Healthcare Connect Fund is June 30 for the funding year that begins on the previous July 1.

(d) *Annual filing requirement.* Health care providers shall file new funding requests for each funding year, except for health care providers who have received a multi-year funding commitment under § 54.644.

(e) *Long-term contracts.* If health care providers enter into long-term contracts for eligible services, the Administrator shall only commit funds to cover the portion of such a long-term contract scheduled to be delivered during the funding year for which universal service support is sought, except for multi-year funding commitments as described in § 54.644.

(f) *Pro-rata reductions for Telecommunications Program support.* The Administrator shall act in accordance with this section when a filing window period for the Telecommunications Program and the Healthcare Connect Fund, as described in paragraph (c)(2) of this section, is in effect. When a filing window period described in paragraph (c)(2) of this section closes, the Administrator shall calculate the total demand for Telecommunications Program and Healthcare Connect Fund support submitted by all applicants during the filing window period. If the total demand during a filing window period exceeds the total remaining support available for the funding year, the Administrator shall take the following steps:

(1) The Administrator shall divide the total remaining funds available for the funding year by the total amount of Telecommunications Program and Healthcare Connect Fund support requested by each applicant that has filed during the window period, to produce a pro-rata factor.

(2) The Administrator shall calculate the amount of Telecommunications

Program and Healthcare Connect Fund support requested by each applicant that has filed during the filing window.

(3) The Administrator shall multiply the pro-rata factor by the total dollar amount requested by each applicant filing during the window period. Administrator shall then commit funds to each applicant for Telecommunications Program and Healthcare Connect Fund support consistent with this calculation.

§ 54.679 Election to offset support against annual universal service fund contribution.

(a) A service provider that contributes to the universal service support mechanisms under subpart H of this part and also provides services eligible for support under this subpart to eligible health care providers may, at the election of the contributor:

(1) Treat the amount eligible for support under this subpart as an offset against the contributor's universal service support obligation for the year in which the costs for providing eligible services were incurred; or

(2) Receive direct reimbursement from the Administrator for that amount.

(b) Service providers that are contributors shall elect in January of each year the method by which they will be reimbursed and shall remain subject to that method for the duration of the calendar year. Any support amount that is owed a service provider that fails to remit its monthly universal service contribution obligation, however, shall first be applied as an offset to that contributor's contribution obligation. Such a service provider shall remain subject to the offsetting method for the remainder of the calendar year in which it failed to remit its monthly universal service obligation. A service provider that continues to be in arrears on its universal service contribution obligations at the end of a calendar year shall remain subject to the offsetting method for the next calendar year.

(c) If a service provider providing services eligible for support under this subpart elects to treat that support

§ 54.680

amount as an offset against its universal service contribution obligation and the total amount of support owed exceeds its universal service obligation, calculated on an annual basis, the service provider shall receive a direct reimbursement in the amount of the difference. Any such reimbursement due a service provider shall be provided by the Administrator no later than the end of the first quarter of the calendar year following the year in which the costs were incurred and the offset against the contributor's universal service obligation was applied.
