the designated registry administrator must be updated within 30 days of any change to such information. It shall not be a violation of paragraph (c) of this section to contact a number added to the registry subsequent to the last required access to the registry by operators of automatic dialing or robocall equipment.

(f) *Restrictions on disclosing or dissemination of the PSAP registry.* No person or entity, including an operator of automatic dialing equipment or robocall equipment, may sell, rent, lease, purchase, share, or use the PSAP Do-Not-Call registry, or any part thereof, for any purpose except to comply with this section and any such state or Federal law enacted to prevent autodialed calls to telephone numbers in the PSAP registry.
