(d) Labeling developed for terminal equipment by the Administrative Council on Terminal Attachments shall contain sufficient information for providers of wireline telecommunications, the Federal Communications Commission, and the U.S. Customs Service to carry out their functions, and for consumers to easily identify the responsible party of their terminal equipment. The numbering and labeling scheme shall be nondiscriminatory, creating no competitive advantage for any entity or segment of the industry.

(e) FCC numbering and labeling requirements existing prior to the effective date of these rules shall remain unchanged until the Administrative Council for Terminal Attachments publishes its numbering and labeling requirements.

Subpart E—Complaint Procedures

§§ 68.400–68.412 [Reserved]

§ 68.414 Hearing aid-compatibility: Enforcement.

Enforcement of §§ 68.4 and 68.112 is hereby delegated to those states which adopt those sections and provide for their enforcement. The procedures followed by a state to enforce those sections shall provide a 30-day period after a complaint is filed, during which time state personnel shall attempt to resolve a dispute on an informal basis. If a state has not adopted or incorporated §§ 68.4 and 68.112, or failed to act within 6 months from the filing of a complaint with the state public utility commission, the Commission will accept such complaints. A written notification to the complainant that the state believes action is unwarranted is not a failure to act.
