§0.457 Records not routinely available for public inspection.

The records listed in this section are not routinely available for public inspection pursuant to 5 U.S.C. 552(b). The records are listed in this section by category, according to the statutory basis for withholding those records from inspection; under each category, if appropriate, the underlying policy considerations affecting the withholding and disclosure of records in that category are briefly outlined. Except where the records are not the property of the Commission or where the disclosure of those records is prohibited by law, the Commission will entertain requests from members of the public under §0.461 for permission to inspect particular records withheld from inspection under the provisions of this section, and will weigh the policy considerations favoring non-disclosure against the reasons cited for permitting inspection in the light of the facts of the particular case. In making such requests, there may be more than one basis for withholding particular records from inspection. The listing of records by category is not intended to imply the contrary but is solely for the information and assistance of persons making such requests. Requests to inspect or copy the transcripts, recordings or minutes of closed agency meetings will be considered under §0.607 rather than under the provisions of this section.

(a) *Materials that are specifically authorized under criteria established by Executive Order (E.O.) to be kept secret in the interest of national defense or foreign policy and are in fact properly classified pursuant to such Executive Order, 5 U.S.C. 552(b)(1).* (1) Classified materials and information will not be made available for public inspection, including materials classified under E.O. 10450, "Security Requirements for Government Employees"; E.O. 10501, as amended, "Safeguarding Official Information in the Interests of the Defense of the United States"; and E.O. 12958, "Classified National Security Information," or any other executive order concerning the classification of records. See also 47 U.S.C. 154(j).

(2) Materials referred to another Federal agency for classification will not be disclosed while such a determination is pending.

(b) *Materials that are related solely to the internal personnel rules and practices of the Commission, 5 U.S.C. 552(b)(2).* (1) Materials related solely to internal management matters, including minutes of Commission actions on such matters (see paragraph (f) of this section).

(2) Materials relating to the negotiation of contracts.

(c) *Materials that are specifically exempted from disclosure by statute (other than the Government in the Sunshine Act, 5 U.S.C. 552b, provided that such statute either requires that the materials be withheld from the public in such a manner as to leave no discretion on the issue, or establishes particular criteria for withholding or refers to particular types of materials to be withheld).* The Commission is authorized under the following statutory provisions to withhold materials from public inspection.

(1) Section 4(j) of the Communications Act, 47 U.S.C. 154(j), provides, in part, that, "The Commission is authorized to withhold publication of records or proceedings containing secret information affecting the national defense." Pursuant to that provision, it has been determined that the following materials should be withheld from public inspection (see also paragraph (a) of this section):

(i) Maps showing the exact location of submarine cables.
