§ 43.62 Reporting requirements for holders of international Section 214 authorizations and providers of international services.

(a) *Circuit Capacity Reports.* Not later than March 31 of each year:

(1) *Satellite and Terrestrial Circuits.* Each facilities-based common carrier shall file a report showing its active common carrier circuits between the United States and any foreign point as of December 31 of the preceding calendar year in any terrestrial or satellite facility for the provision of service to an end user or resale carrier, which includes active circuits used by themselves or their affiliates. Each

non-common carrier satellite licensee shall file a report showing its active circuits between the United States and any foreign point as of December 31 of the preceding calendar sold or leased to any customer, including themselves or their affiliates, other than a carrier authorized by the Commission to provide U.S. international common carrier services.

(2) *International Submarine Cable Capacity*—(i) The licensee(s) of a submarine cable between the United States and any foreign point shall file a report showing the capacity of the submarine cable as of December 31 of the preceding calendar year. The licensee(s) shall also file a report showing the planned capacity of the submarine cable (the intended capacity of the submarine cable two years from December 31 of the preceding calendar year). Only one cable landing licensee shall file the capacity data for each submarine cable. For cables with more than one licensee, the licensees shall determine which licensee will file the reports.

(ii) Each cable landing licensee and common carrier shall file a report showing its capacity on submarine cables between the United States and any foreign point as of December 31 of the preceding calendar year.

(b) *Traffic and revenue reports.* (1) Not later than July 31 of each year, each person or entity that holds an authorization pursuant to section 214 to provide international telecommunications service shall report whether it provided international telecommunications services during the preceding calendar year.

(2) Not later than July 31 of each year, each common carrier engaged in providing international telecommunications service, and each person or entity engaged in providing Voice over Internet Protocol service connected to the public switched telephone network, between the United States and any foreign point shall file a report with the Commission showing revenues, payouts, and traffic for such international telecommunications service and Voice over Internet Protocol service connected to the public switched telephone network provided during the preceding calendar year.

§ 43.72

(3) Entities filing such reports shall submit a revised report by October 31 identifying and correcting any inaccuracies included in the annual report exceeding one percent of the reported figure.

NOTE TO PARAGRAPHS (a) AND (b): United States is defined in section 3 of the Communications Act of 1934, as amended, 47 U.S.C. 153.

(c)(1) A Registration Form, containing information about the filer, such as address, phone number, email address, etc., shall be filed with each report filed pursuant to paragraphs (a) and (b).

(2) The Registration Form shall include a certification enabling the filer to check a box to indicate that the filer requests that its circuit capacity data or traffic and revenue data be treated as confidential. If a filer checks that box, the Commission shall treat the data contained in the accompanying report as confidential. Upon receipt of a request for inspection of such information, the Commission shall notify the filer; at that point, the filer must justify continued confidentiality of the information consistent with section 0.459(b) of the Commission's rules.

(d) *Filing Manual*. Authority is delegated to the Chief, International Bureau to prepare instructions and reporting requirements for the filing of these reports prepared and published as a Filing Manual. The information required under this section shall be furnished in conformance with the instructions and reporting requirements in the Filing Manual.

NOTE TO PARAGRAPH (d): The instructions and reporting requirements prepared by the Chief, International Bureau, shall be consistent with the terms of Reporting Requirements for U.S. Providers of International Telecommunications Services; Amendment of Part 43 of the Commission's Rules, IB Docket No. 04-112, Second Report and Order, FCC 13-6 (rel. January 15, 2013).

47 CFR Ch. I (10-1-14 Edition)

§ 43.72 [Reserved]

§ 43.82 International circuit status reports.

(a) Each facilities-based common carrier engaged in providing international telecommunications service between the United States (as defined in the Communications Act, as amended, 47 U.S.C. 153) and any country or point outside that area shall file a circuit-status report with the Chief, International Bureau, not later than March 31 each year showing the status of its circuits used to provide international services as of December 31 of the preceding calendar year.

(b) The information contained in the reports shall include the total number of activated and the total number of idle circuits by the categories of submarine cable, satellite and terrestrial facilities to geographic points outside the United States for the services designated by the Chief, International Bureau.

(c) The information required under this section shall be furnished in conformance with instructions and reporting requirements prepared under the direction of the Chief, International Bureau, prepared and published as a manual.

(d) Authority is hereby delegated to the Chief, International Bureau to prepare instructions and reporting requirements for the filing of the annual international circuit status reports.
