## §54.506 [Reserved]

## §54.507 Cap.

- (a) Amount of the annual cap. The aggregate annual cap on federal universal service support for schools and libraries shall be \$2.25 billion per funding year, of which \$1 billion per funding year will be available for the category two services, as described in \$54.502(a)(2), unless demand for category one services is higher than available funding.
- (1) Inflation increase. In funding years 2010 and subsequent funding years, the \$2.25 billion funding cap on federal universal service support for schools and libraries shall be automatically increased annually to take into account increases in the rate of inflation as calculated in paragraph (a)(2) of this section.
- (2) Increase calculation. To measure increases in the rate of inflation for the purposes of this paragraph (a), the Commission shall use the Gross Domestic Product Chain-type Price Index (GDP-CPI). To compute the annual increase as required by this paragraph (a), the percentage increase in the GDP-CPI from the previous year will be used. For instance, the annual increase in the GDP-CPI from 2008 to 2009 would be used for the 2010 funding year. The increase shall be rounded to the nearest 0.1 percent by rounding 0.05 percent and above to the next higher 0.1 percent and otherwise rounding to the next lower 0.1 percent. This percentage increase shall be added to the amount of the annual funding cap from the previous funding year. If the yearly average GDP-CPI decreases or stays the same, the annual funding cap shall remain the same as the previous year.
- (3) Public notice. When the calculation of the yearly average GDP-CPI is determined, the Wireline Competition Bureau shall publish a public notice in

- the Federal Register within 60 days announcing any increase of the annual funding cap based on the rate of inflation
- (4) Filing window requests. At the close of the filing window, if requests for category one services are greater than the available funding, the Administrator shall shift category two funds to provide support for category one services. If available funds are sufficient to meet demand for category one services, the Administrator, at the direction of the Wireline Competition Bureau, shall direct the remaining additional funds to provide support for category two requests.
- (5) Amount of unused funds. All funds collected that are unused shall be carried forward into subsequent funding years for use in the schools and libraries support mechanism in accordance with the public interest and notwithstanding the annual cap. The Chief, Wireline Competition Bureau, is delegated authority to determine the proportion of unused funds, if any, needed to meet category one demand, and to direct the Administrator to use any remaining funds to provide support for category two requests. The Administrator shall report to the Commission, on a quarterly basis, funding that is unused from prior years of the schools and libraries support mechanism.
- (6) Application of unused funds. On an annual basis, in the second quarter of each calendar year, all funds that are collected and that are unused from prior years shall be available for use in the next full funding year of the schools and libraries mechanism in accordance with the public interest and notwithstanding the annual cap as described in this paragraph (a).
- (b) Funding year. A funding year for purposes of the schools and libraries cap shall be the period July 1 through June 30.
- (c) Requests. Funds shall be available to fund discounts for eligible schools and libraries and consortia of such eligible entities on a first-come-first-served basis, with requests accepted beginning on the first of July prior to each funding year.
