(c) Any entity required to contribute to the federal universal service support mechanisms whose projected collected interstate end-user telecommunications revenues comprise less than 12 percent of its combined projected collected interstate and international end-user telecommunications revenues

The Administrator shall have authority to audit contributors and carriers reporting data to the administrator.

The Administrator shall establish procedures to verify discounts, offsets, and support amounts provided by the universal service support programs, and may suspend or delay discounts, offsets, and support amounts provided to a carrier if the carrier fails to provide adequate verification of discounts, offsets, or support amounts provided upon reasonable request, or if directed by the Commission to do so. The Administrator shall not provide reimbursements, offsets or support amounts pursuant to part 36 and § 69.116 through 69.117 of this chapter, and subparts D, E, and G of this part to a carrier until the carrier has provided to the Administrator a true and correct copy of the decision of a state commission designating that carrier as an eligible telecommunications carrier in accordance with § 54.201.

The foregoing notwithstanding, all interconnected VoIP providers, including those whose contributions would be *de minimis*, must file the Telecommunications Reporting Worksheet. If a contributor improperly claims exemption from the contribution requirement, it will subject to the criminal provisions of sections 220(d) and (e) of the Act regarding willful false submissions and will be required to pay the amounts withheld plus interest.

(1) For funding the federal universal service support mechanisms prior to April 1, 2003, the subject revenues will be contributors' interstate and international revenues derived from domestic end users for telecommunications or telecommunications services, net of prior period actual contributions.
