§ 64.1501 Definitions.

For purposes of this subpart, the following definitions shall apply:

(a) *Pay-per-call service* means any service:

(1) In which any person provides or purports to provide:

(i) Audio information or audio entertainment produced or packaged by such person;

(ii) Access to simultaneous voice conversation services; or

(iii) Any service, including the provision of a product, the charges for which are assessed on the basis of the completion of the call;

(2) For which the caller pays a per-call or per-time-interval charge that is greater than, or in addition to, the charge for transmission of the call; and

(3) Which is accessed through use of a 900 number;

(4) Provided, however, such term does not include directory services provided by a common carrier or its affiliate or by a local exchange carrier or its affiliate, or any service for which users are assessed charges only after entering into a presubscription or comparable arrangement with the provider of such service.

(b) *Presubscription or comparable arrangement* means a contractual agreement in which:

(1) The service provider clearly and conspicuously discloses to the consumer all material terms and conditions associated with the use of the service, including the service provider's name and address, a business telephone number which the consumer may use to obtain additional information or to register a complaint, and the rates for the service;

(2) The service provider agrees to notify the consumer of any future rate changes;

(3) The consumer agrees to use the service on the terms and conditions disclosed by the service provider; and

(4) The service provider requires the use of an identification number or

other means to prevent unauthorized access to the service by nonsubscribers;

(5) Provided, however, that disclosure of a credit, prepaid account, debit, charge, or calling card number, along with authorization to bill that number, made during the course of a call to an information service shall constitute a presubscription or comparable arrangement if an introductory message containing the information specified in § 64.1504(c)(2) is provided prior to, and independent of, assessment of any charges. No other action taken by a consumer during the course of a call to an information service, for which charges are assessed, can create a presubscription or comparable arrangement.

(6) Provided, that a presubscription arrangement to obtain information services provided by means of a toll-free number shall conform to the requirements of § 64.1504(c).

(c) *Calling card* means an identifying number or code unique to the individual, that is issued to the individual by a common carrier and enables the individual to be charged by means of a phone bill for charges incurred independent of where the call originates.

[61 FR 39087, July 26, 1996]

§ 64.1502 Limitations on the provision of pay-per-call services.

Any common carrier assigning a telephone number to a provider of interstate pay-per-call service shall require, by contract or tariff, that such provider comply with the provisions of this subpart and of titles II and III of the Telephone Disclosure and Dispute Resolution Act (Pub. § 64.1503 Termination of pay-per-call and other information programs.

[61 FR 39087, July 26, 1996]

§ 64.1504 Restrictions on the use of toll-free numbers.

A common carrier shall prohibit by tariff or contract the use of any 800 telephone number, or other telephone number advertised or widely understood to be toll-free, in a manner that would result in:
