(3) Charges for services provided to the regulated activity of a cable operator by an affiliate shall equal the invoice price if that price is determined by a prevailing company price. The invoice price is the prevailing company price if the affiliate has sold like services to a substantial number of nonaffiliates. If a prevailing company price for the services received by the regulated activity is not available, the charges of such services shall be at cost.

(4) The proceeds from services sold or transferred from the regulated activity of the cable operator to affiliates shall equal the prevailing company price if the cable operator has sold like services to a substantial number of nonaffiliates. If a prevailing company price is not available, the proceeds from such sales shall be determined at cost.

(5) For purposes of § 76.924(i)(1) through 76.924(i)(4), costs shall be determined in accordance with the standards and procedures specified in § 76.922 and paragraphs (b) and (d) of this section.

(6) For purposes of this section, entities are affiliated if either entity has an attributable interest in the other or if a third party has an attributable interest in both entities.

(7) Attributable interest shall be defined by reference to the criteria set forth in Notes 1 through 5 to § 76.501 provided, however, that:

(i) The limited partner and LLC/LLP/RLLP insulation provisions of Note 2(f) shall not apply; and

(ii) The provisions of Note 2(a) regarding five (5) percent interests shall include all voting or nonvoting stock or limited partnership equity interests of five (5) percent or more.

(j) *Unrelated expenses and revenues.* Cable operators shall exclude from cost

categories used to develop rates for the provision of regulated cable service, equipment, and leased commercial access, any direct or indirect expenses and revenues not related to the provision of such services. Common costs of providing regulated cable service, equipment, and leased commercial access and unrelated activities shall be allocated between them in accordance with paragraph (f) of this section.

§ 76.930 Initiation of review of basic cable service and equipment rates.

A cable operator shall file its schedule of rates for the basic service tier and associated equipment with a franchising authority within 30 days of receiving written notification from the franchising authority that the franchising authority has been certified by the Commission to regulate rates for the basic service tier. Basic service and equipment rate schedule filings for existing rates or proposed rate increases (including increases in the baseline channel change that results from reductions in the number of channels in a tier) must use the appropriate official FCC form, a copy thereof, or a copy generated by FCC software. Failure to file on the official FCC form, a copy thereof, or a copy generated by FCC software, may result in the imposition of sanctions specified in § 76.937(d). A cable operator shall include rate cards and channel line-ups with its filing and include an explanation of any discrepancy in the figures provided in these documents and its rate filing.

[59 FR 17973, Apr. 15, 1994]

§ 76.933 Franchising authority review of basic cable rates and equipment costs.

(a) After a cable operator has submitted for review its existing rates for the basic service tier and associated equipment costs, or a proposed increase in these rates (including increases in the baseline channel change that results from reductions in the number of channels in a tier) under the quarterly rate adjustment system pursuant to Section 76.922(d), the existing rates will remain in effect or the proposed rates will become effective after 30 days from the date of submission; *Provided, however*, that the franchising authority may toll this 30-day deadline for an additional time by issuing a brief written order as described in paragraph (b) within 30 days of the rate submission explaining that it needs additional time to review the rates.

47 CFR Ch. I (10–1–14 Edition)

(b) If the franchising authority is unable to determine, based upon the material submitted by the cable operator, that the existing, or proposed rates under the quarterly adjustment system pursuant to Section 76.922(d), are within the Commission's permitted basic service tier charge or actual cost of equipment as defined in §§ 76.922 and 76.923, or if a cable operator has submitted a cost-of-service showing pursuant §§ 76.937(c) and 76.924, seeking to justify a rate above the Commission's basic service tier charge as defined in §§ 76.922 and 76.923, the franchising authority may toll the 30-day deadline in paragraph (a) of this section to request and/or consider additional information or to consider the comments from interested parties as follows:

(1) For an additional 90 days in cases not involving cost-of-service showings; or

(2) For an additional 150 days in cases involving cost-of-service showings.

(c) If a franchising authority has availed itself of the additional 90 or 150 days permitted in paragraph (b) of this section, and has taken no action within these additional time periods, then the proposed rates will go into effect at the end of the 90 or 150 day periods, or existing rates will remain in effect at such times, subject to refunds if the franchising authority subsequently issues a written decision disapproving any portion of such rates: *Provided, however*, That in order to order refunds, a franchising authority must have issued a brief written order to the cable operator by the end of the 90 or 150-day period permitted in paragraph (b) of this section directing the operator to keep an accurate account of all amounts received by reason of the rate in issue and on whose behalf such amounts were paid.

(d) A franchising authority may request, pursuant to a petition for special relief under § 76.7, that the Commission examine a cable operator's cost-of-service showing, submitted to the franchising authority as justification of basic tier rates, within 30 days of receipt of a cost-of-service showing. In its petition, the franchising authority shall document its reasons for seeking Commission assistance. The franchising authority shall issue an order
