

(b) Absent documentation justifying the amount of universal service support requested for health care providers participating in a consortium, the Administrator shall not allow telecommunications carriers to offset, or receive reimbursement for, the amount eligible for universal service support.

(c) The universal service support mechanisms shall provide support for intrastate telecommunications services, as set forth in § 54.101(a), provided to rural health care providers as well as interstate telecommunications services.

(d) *Satellite services.* (1) Rural public and non-profit health care providers may receive support for rural satellite services under the Telecommunications Program, even when another functionally similar terrestrial-based service is available in that rural area. Support for satellite services shall be capped at the amount the rural health care provider would have received if they purchased a functionally similar terrestrial-based alternative.

(2) Rural health care providers seeking support from the Telecommunications Program for satellite services shall provide to the Administrator with the Form 466, documentation of the urban and rural rates for the terrestrial-based alternatives.

(3) Where a rural health care provider seeks a more expensive satellite-based service when a less expensive terrestrial-based alternative is available, the rural health care provider shall be responsible for the additional cost.

(e) *Mobile rural health care providers—*

(1) *Calculation of support.* The support amount allowed under the Telecommunications Program for satellite services provided to mobile rural health care providers is calculated by comparing the rate for the satellite service to the rate for an urban wireline service with a similar bandwidth. Support for satellite services shall not be capped at an amount of a functionally similar wireline alternative. Where the mobile rural health care provider provides service in more than one state, the calculation shall be based on the urban areas in each state, proportional to the number of locations served in each state.

(2) *Documentation of support.* (i) Mobile rural health care providers shall provide to the Administrator documentation of the price of bandwidth equivalent wireline services in the urban area in the state or states where the service is provided. Mobile rural health care providers shall provide to the Administrator the number of sites the mobile health care provider will serve during the funding year.

(ii) Where a mobile rural health care provider serves less than eight different sites per year, the mobile rural health care provider shall provide to the Administrator documentation of the price of bandwidth equivalent wireline services. In such case, the Administrator shall determine on a case-by-case basis whether the telecommunications service selected by the mobile rural health care provider is the most cost-effective option. Where a mobile rural health care provider seeks a more expensive satellite-based service when a less expensive wireline alternative is most cost-effective, the mobile rural health care provider shall be responsible for the additional cost.

[68 FR 74502, Dec. 24, 2003, as amended at 70 FR 6373, Feb. 7, 2005; 78 FR 13983, Mar. 1, 2013]

§ 54.613 Limitations on supported services for rural health care providers.

(a) Upon submitting a bona fide request to a telecommunications carrier, each eligible rural health care provider is entitled to receive the most cost-effective, commercially-available telecommunications service at a rate no higher than the highest urban rate, as defined in § 54.605, at a distance not to exceed the distance between the eligible health care provider's site and the farthest point on the jurisdictional boundary of the city in that state with the largest population.

(b) [Reserved]

[64 FR 66787, Nov. 30, 1999, as amended at 68 FR 74503, Dec. 24, 2003; 78 FR 13984, Mar. 1, 2013]

§ 54.615 Obtaining services.

(a) *Selecting a provider.* In selecting a telecommunications carrier, a health care provider shall consider all bids submitted and select the most cost-effective alternative.

(b) *Receiving supported rate.* Upon receiving a bona fide request, as defined in paragraph (c) of this section, from a rural health care provider for a telecommunications service that is eligible for support under the Telecommunications Program, a telecommunications carrier shall provide the service at a rate no higher than the urban rate, as defined in § 54.605, subject to the limitations applicable to the Telecommunications Program.

(c) *Bona fide request.* In order to receive services eligible for support under the Telecommunications Program, an eligible health care provider must submit a request for services to the telecommunications carrier, signed by an authorized officer of the health care provider, and shall include that person's certification under oath that:

(1) The requester is a public or non-profit entity that falls within one of the seven categories set forth in the definition of health care provider, listed in § 54.601(a);

(2) The requester is physically located in a rural area, or if the requester is a mobile rural health care provider requesting services under § 54.609(e), that the requester has certified that it is serving eligible rural areas;

(3) [Reserved]

(4) The requested service or services will be used solely for purposes reasonably related to the provision of health care services or instruction that the health care provider is legally authorized to provide under the law in the state in which such health care services or instruction are provided;

(5) The requested service or services will not be sold, resold or transferred in consideration of money or any other thing of value;

(6) If the service or services are being purchased as part of an aggregated purchase with other entities or individuals, the full details of any such arrangement, including the identities of all co-purchasers and the portion of the service or services being purchased by the health care provider; and

(7) The requester is selecting the most cost-effective method of providing the requested service or services, where the most cost-effective method of providing a service is de-

finied as the method that costs the least after consideration of the features, quality of transmission, reliability, and other factors that the health care provider deems relevant to choosing a method of providing the required health care services.

(d) *Annual renewal.* The certification set forth in paragraph (c) of this section shall be renewed annually.

[62 FR 32948, June 17, 1997, as amended at 70 FR 6373, Feb. 7, 2005; 78 FR 13984, Mar. 1, 2013]

§ 54.619 Audits and recordkeeping.

(a) *Health care providers.* (1) Health care providers shall maintain for their purchases of services supported under the Telecommunications Program documentation for five years from the end of the funding year sufficient to establish compliance with all rules in this subpart. Documentation must include, among other things, records of allocations for consortia and entities that engage in eligible and ineligible activities, if applicable. Mobile rural health care providers shall maintain annual logs indicating: The date and locations of each clinic stop; and the number of patients served at each such clinic stop.

(2) Mobile rural health care providers shall maintain its annual logs for a period of five years. Mobile rural health care providers shall make its logs available to the Administrator and the Commission upon request.

(b) *Production of records.* Health care providers shall produce such records at the request of any auditor appointed by the Administrator or any other state or federal agency with jurisdiction.

(c) *Random audits.* Health care providers shall be subject to random compliance audits to ensure that requesters are complying with the certification requirements set forth in § 54.615(c) and are otherwise eligible to receive universal service support and that rates charged comply with the statute and regulations.

(d) *Service providers.* Service providers shall retain documents related to the delivery of discounted services under the Telecommunications Program for at least 5 years after the last day of the delivery of discounted services. Any other document that demonstrates
