§ 54.711 Contributor reporting requirements.

(a) Contributions shall be calculated and filed in accordance with the Telecommunications Reporting Worksheet which shall be published in the FEDERAL REGISTER. The Telecommunications Reporting Worksheet sets forth information that the contributor must submit to the Administrator on a quarterly and annual basis. The Commission shall announce by Public Notice published in the FEDERAL REGISTER and on its website the manner of payment and dates by which payments must be made. An executive officer of the contributor must certify to the truth and accuracy of historical data included in the Telecommunications Reporting Worksheet, and that any projections in the Telecommunications Reporting Worksheet represent a good-faith estimate based on the contributor's policies and procedures. The Commission or the Administrator may verify any information contained in the Telecommunications Reporting Worksheet. Contributors shall maintain records and documentation to justify information reported in the Telecommunications Reporting Worksheet, including the methodology used to determine projections, for three years and shall provide such records and documentation to the Commission or the Administrator upon request. Inaccurate or untruthful information contained in the Telecommunications Reporting Worksheet may lead to prosecution under the criminal provisions of Title 18 of the United States Code. The Administrator shall advise the Commission of any enforcement issues that arise and provide any suggested response.

(b) The Commission shall have access to all data reported to the Administrator. Contributors may make requests for Commission nondisclosure of company-specific revenue information under § 0.459 of this chapter by so indicating on the Telecommunications Reporting Worksheet at the time that the subject data are submitted. The Commission shall make all decisions regarding nondisclosure of company-specific information. The Administrator shall keep confidential all data obtained from contributors, shall not use such data except for purposes of administering the universal service support programs, and shall not disclose such data in company-specific form unless directed to do so by the Commission. Subject to any restrictions imposed by the Chief of the Wireline Competition Bureau, the Universal Service Administrator may share data obtained from contributors with the administrators of the North American Numbering Plan administration cost recovery (See 47 CFR 52.16 of this chapter), the local number portability cost recovery (See 47 CFR 52.32 of this chapter), and the TRS Fund (See 47 CFR 64.604(c)(4)(iii)(H) of this chapter). The Administrator shall keep confidential all data obtained from other administrators and shall not use such data except for purposes of administering the universal service support mechanisms.

(c) The Bureau may waive, reduce, modify, or eliminate contributor reporting requirements that prove unnecessary and require additional reporting requirements that the Bureau deems necessary to the sound and efficient administration of the universal service support mechanisms.

§ 54.712 Contributor recovery of universal service costs from end users.

(a) Federal universal service contribution costs may be recovered through interstate telecommunications-related charges to end users. If a contributor chooses to recover its federal universal service contribution costs through a line item on a customer's bill the amount of the federal universal service line-item charge may
