

to those parts of a study area that fall outside of any MSA, provided that it provides data sufficient to support a finding that competitors have collocated in a number of wire centers in that non-MSA region sufficient to satisfy the criteria for the pricing flexibility sought in the petition, as set forth in this subpart, if the region at issue were an MSA.

(2) The petitioner may aggregate data for all the non-MSA regions in a single study area for which it requests pricing flexibility in its petition.

(3) A petitioner may request pricing flexibility in the non-MSA regions of two or more of its study areas, provided that it submits supporting data disaggregated by study area.

**§ 69.709 Dedicated transport and special access services other than channel terminations between LEC end offices and customer premises.**

(a) *Scope.* This paragraph governs requests for pricing flexibility with respect to the following services:

(1) Entrance facilities, as described in § 69.110.

(2) Transport of traffic over dedicated transport facilities between the serving wire center and the tandem switching office, as described in § 69.111(a)(2)(iii).

(3) Direct-trunked transport, as described in § 69.112.

(4) Special access services, as described in § 69.114, other than channel terminations as defined in § 69.703(a)(2) of this part.

(b) *Phase I triggers.* To obtain Phase I pricing flexibility, as specified in § 69.727(a) of this part, for the services described in paragraph (a) of this section, a price cap LEC must show that, in the relevant area as described in § 69.707 of this part, competitors unaffiliated with the price cap LEC have collocated:

(1) In fifteen percent of the petitioner's wire centers, and that at least one such collocator in each wire center is using transport facilities owned by a transport provider other than the price cap LEC to transport traffic from that wire center; or

(2) In wire centers accounting for 30 percent of the petitioner's revenues from dedicated transport and special access services other than channel ter-

minations between LEC end offices and customer premises, determined as specified in § 69.725 of this part, and that at least one such collocator in each wire center is using transport facilities owned by a transport provider other than the price cap LEC to transport traffic from that wire center.

(c) *Phase II triggers.* To obtain Phase II pricing flexibility, as specified in § 69.727(b) of this part, for the services described in paragraph (a) of this section, a price cap LEC must show that, in the relevant area as described in § 69.707 of this part, competitors unaffiliated with the price cap LEC have collocated:

(1) in 50 percent of the petitioner's wire centers, and that at least one such collocator in each wire center is using transport facilities owned by a transport provider other than the price cap LEC to transport traffic from that wire center; or

(2) in wire centers accounting for 65 percent of the petitioner's revenues from dedicated transport and special access services other than channel terminations between LEC end offices and customer premises, determined as specified in § 69.725 of this part, and that at least one such collocator in each wire center is using transport facilities owned by a transport provider other than the price cap LEC to transport traffic from that wire center.

**§ 69.711 Channel terminations between LEC end offices and customer premises.**

(a) *Scope.* This paragraph governs requests for pricing flexibility with respect to channel terminations between LEC end offices and customer premises.

(b) *Phase I triggers.* To obtain Phase I pricing flexibility, as specified in § 69.727(a) of this part, for channel terminations between LEC end offices and customer premises, a price cap LEC must show that, in the relevant area as described in § 69.707 of this part, competitors unaffiliated with the price cap LEC have collocated:

(1) In 50 percent of the petitioner's wire centers, and that at least one such collocator in each wire center is using transport facilities owned by a transport provider other than the price cap
