(a) *Scope.* Subject to § 96.32 of this chapter, a Priority Access Licensee, as defined in § 96.3 of this chapter, is permitted to engage in spectrum manager leasing for any portion of its spectrum or geographic area, outside of the PAL Protection Area, for any bandwidth or duration period of time within the terms of the license with any entity that has provided a certification to the Commission in accordance with this section or pursuant to the general notification procedures of § 1.9020(e).

(b) *Certification.* The lessee seeking to engage in spectrum manager leasing pursuant to this section must certify with the Commission that it meets the same eligibility and qualification requirements applicable to the licensee before entering into a spectrum manager leasing arrangement with a Priority Access Licensee, as defined in § 96.3 of this chapter and maintain the accuracy of such certifications.

(1) Priority Access Licensees, as defined in § 96.3 of this chapter, are deemed to meet the certification requirements.

(2) Entities may also certify by using the Universal Licensing System and FCC Form 608.

(c) *Notifications regarding spectrum manager leasing arrangements.* Prior to lessee operation, the licensee seeking

to engage in spectrum manager leasing pursuant to § 1.9020(e) must submit notification of the leasing arrangement to the Spectrum Access System Administrator, as defined in § 96.3 of this chapter, by electronic filing. The notification shall include the following information:

(5) The duration of the lease.

(d) *Expiration, extension, or termination of a spectrum leasing arrangement.*

(1) Absent Commission termination or except as provided in paragraph (d)(2) or (3) of this section, a spectrum leasing arrangement entered into pursuant to this section will expire on the termination date set forth in the spectrum leasing notification.

(2) A spectrum leasing arrangement may be extended beyond the initial term set forth in the spectrum leasing notification for an additional period not to exceed the term of the Priority Access License, as defined in § 96.3 of this chapter, provided that the licensee notifies the Spectrum Access System Administrator, as defined in § 96.3 of this chapter, of the extension in advance of operation under the extended term and does so pursuant to the notification procedures in this section.

(3) If a spectrum leasing arrangement is terminated earlier than the termination date set forth in the notification, either by the licensee or by the parties' mutual agreement, the licensee must file a notification with the Spectrum Access System Administrator, no later than ten (10) days after the early termination, indicating the date of the termination. If the parties fail to put the spectrum leasing arrangement into effect, they must so notify the Spectrum Access System Administrator as promptly as practicable.

§ 1.9049 Special provisions relating to spectrum leasing arrangements involving the ancillary terrestrial component of Mobile Satellite Services.

(a) A license issued under part 25 of the Commission's rules that provides authority for an ATC will be considered to provide "exclusive use rights" for purpose of this subpart of the rules.

(b) For the purpose of this subpart, a Mobile Satellite Service licensee with an ATC authorization may enter into a spectrum manager leasing arrangement with a spectrum lessee (*see* §1.9020). Notwithstanding the provi-

sions of §§1.9030 and 1.9035, a MSS licensee is not permitted to enter into a *de facto* transfer leasing arrangement with a spectrum lessee.

(c) For purposes of §1.9020(d)(8), the Mobile Satellite Service licensee's obligation, if any, concerning the E911 requirements in §20.18 of this chapter, will, with respect to an ATC, be specified in the licensing document for the ATC.

(d) The following provision shall apply, in lieu of §1.9020(m), with respect to spectrum leasing of an ATC:

(1) Although the term of a spectrum manager leasing arrangement may not be longer than the term of the ATC license, a licensee and spectrum lessee that have entered into an arrangement, the term of which continues to the end of the current term of the license may, contingent on the Commission's grant of a modification or renewal of the license to extend the license term, extend the spectrum leasing arrangement into the new license term. The Commission must be notified of the extension of the spectrum leasing arrangement at the same time that the licensee submits the application seeking an extended license term. In the event the parties to the arrangement agree to extend it into the new license term, the spectrum lessee may continue to operate consistent with the terms and conditions of the expired license, without further action by the Commission, until such time as the Commission makes a final determination with respect to the extension or renewal of the license.
