

§51.707

Non-Access Telecommunications Traffic exchanged between a local exchange carrier and a CMRS provider within the scope of §51.701(b)(2) shall be pursuant to a bill-and-keep arrangement, as provided in §51.713.

(b) Establishment of incumbent LECs' rates for transport and termination:

(1) This provision applies when, in the absence of a negotiated agreement between parties, state commissions establish Non-Access Reciprocal Compensation rates for the exchange of Non-Access Telecommunications Traffic between a local exchange carrier and a telecommunications carrier other than a CMRS provider where the incumbent local exchange carriers did not have any such rates as of December 29, 2011. Any rates established pursuant to this provision apply between December 29, 2011 and the date at which they are superseded by the transition specified in paragraphs (c)(2) through (c)(5) of this section.

(2) An incumbent LEC's rates for transport and termination of telecommunications traffic shall be established, at the election of the state commission, on the basis of:

(i) The forward-looking economic costs of such offerings, using a cost study pursuant to §§51.505 and 51.511; or

(ii) A bill-and-keep arrangement, as provided in §51.713.

(3) In cases where both carriers in a Non-Access Reciprocal Compensation arrangement are incumbent LECs, state commissions shall establish the rates of the smaller carrier on the basis of the larger carrier's forward-looking costs, pursuant to §51.711.

(c) Except as provided by paragraph (a) of this section, and notwithstanding any other provision of the Commission's rules, default transitional Non-Access Reciprocal Compensation rates shall be determined as follows:

(1) Effective December 29, 2011, no telecommunications carrier may increase a Non-Access Reciprocal Compensation for transport or termination above the level in effect on December 29, 2011. All Bill-and-Keep Arrangements in effect on December 29, 2011 shall remain in place unless both parties mutually agree to an alternative arrangement.

47 CFR Ch. I (10–1–16 Edition)

(2) Beginning July 1, 2012, if any telecommunications carrier's Non-Access Reciprocal Compensation rates in effect on December 29, 2011 or established pursuant to paragraph (b) of this section subsequent to December 29, 2011, exceed that carrier's interstate access rates for functionally equivalent services in effect in the same state on December 29, 2011, that carrier shall reduce its reciprocal compensation rate by one half of the difference between the Non-Access Reciprocal Compensation rate and the corresponding functionally equivalent interstate access rate.

(3) Beginning July 1, 2013, no telecommunications carrier's Non-Access Reciprocal Compensation rates shall exceed that carrier's tariffed interstate access rate in effect in the same state on January 1 of that same year, for equivalent functionality.

(4) After July 1, 2018, all Price-Cap Local Exchange Carrier's Non-Access Reciprocal Compensation rates and all non-incumbent LECs that benchmark access rates to Price Cap Carrier shall be set pursuant to Bill-and-Keep arrangements for Non-Access Reciprocal Compensation as defined in this subpart.

(5) After July 1, 2020, all Rate-of-Return Local Exchange Carrier's Non-Access Reciprocal Compensation rates and all non-incumbent LECs that benchmark access rates to Rate-of-Return Carriers shall be set pursuant to Bill-and-Keep arrangements for Non-Access Reciprocal Compensation as defined in this subpart.

[76 FR 73855, Nov. 29, 2011]

§51.707 [Reserved]

§51.709 Rate structure for transport and termination.

(a) In state proceedings, where a rate for Non-Access Reciprocal Compensation does not exist as of December 29, 2011, a state commission shall establish initial rates for the transport and termination of Non-Access Telecommunications Traffic that are structured consistently with the manner that carriers incur those costs, and consistently with the principles in this section.

(b) The rate of a carrier providing transmission facilities dedicated to the
