(b) Except as provided in paragraph (b)(4) of this section, a U.S. common carrier, whether a reseller or facilities-based carrier, may engage in "switched hubbing" to countries provided the carrier complies with the following conditions:

(2) U.S.-inbound switched traffic shall be carried to a country that is exempt from the international settlements policy (*i.e.*, the "hub" country) as part of the IMTS traffic flow from a third country and then terminated in the United States over the carrier's authorized U.S. international circuits extending between the United States and the hub country.

NOTE TO PARAGRAPH (b): The Commission's list of international routes exempted from the international settlements policy is available on the International Bureau's World Wide Web site at <http://www.fcc.gov/ib>.

(3) Authorized carriers filing tariffs pursuant to §§ 61.19 or 61.28 of this chapter that route U.S.-billed traffic via

switched hubbing shall tariff their service on a “through” basis between the United States and the ultimate point of origination or termination;

(4) No U.S. common carrier may engage in switched hubbing to or from a third country where it has an affiliation with a foreign carrier unless and until it has received authority to serve that country under § 63.18(e)(1), (e)(2), or (e)(3).
