

revisions to the Workforce Innovation and Opportunity Act (WIOA) Common Performance Reporting information collection. The WIOA requires states to report on performance in core programs such as the Wagner-Peyser Act programs, the Adult, Dislocated Worker, and Youth programs, Adult Education and Family Literacy Act programs, and the Vocational Rehabilitation Act programs. This collection contains the data to be collected for the measure states are to use to report on performance. This information collection has been classified as a revision, because of changes to the WIOA Eligible Training Provider Performance Report (EPT) (Definitions-Only) (Form ETA-9171), WIOA Annual Statewide Performance Report (Form ETA-9169), and WIOA Joint PIRL (Form ETA-9170). Additionally, in this ICR, data elements related to training program information to the ETP Performance Report have been added. This additional information is necessary to facilitate the provision of more useful information to assist participants in choosing employment and training activities, and in choosing ETPs. Other changes include clarifying specifications and data elements as well as aligning the forms with published guidance and policy. WIOA section 116 authorizes this information collection. See 29 U.S.C. 3141.

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless it is approved by the OMB under the PRA and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid Control Number. See 5 CFR 1320.5(a) and 1320.6. The DOL obtains OMB approval for this information collection under Control Number 1205-0526. The current approval is scheduled to expire on August 31, 2019; however, the DOL notes that existing information collection requirements submitted to the OMB receive a month-to-month extension while they undergo review. New requirements would only take effect upon OMB approval. For additional substantive information about this ICR, see the related notice published in the **Federal Register** on January 19, 2017 (82 FR 6651).

Interested parties are encouraged to send comments to the OMB, Office of Information and Regulatory Affairs at
