

Management Act. The Louisiana Department of Wildlife and Fisheries will be contacted concerning potential impacts to Natural and Scenic Streams.

7. *Availability of DPEIS.* It is anticipated that the DPEIS will be available for public review May 2007. A 45-day review period will be provided so that all interested agencies, groups and individuals will have an opportunity to comment on the DPEIS. In addition, public meetings will be held during the review period to receive comments and address questions concerning the DPEIS.

Dated: February 21, 2006.

Richard P. Wagenaar,

Colonel, U.S. Army, District Commander.

BILLING CODE 3710-84-P

DEPARTMENT OF DEFENSE

Department of the Army; Corps of Engineers

Notice of Intent To Adopt a Final Environmental Impact Statement

AGENCY: U.S. Army Corps of Engineers, DOD.

ACTION: Notice.

SUMMARY: The Army Corps of Engineers, Los Angeles District (Corps), has reviewed the Final Environmental Impact Statement (FEIS) prepared by the U.S. Department of Transportation, Federal Highway Administration (FHWA), dated July 2004, for the proposed "Route Location, Adoption, and Construction of State Route 905 Between the Otay Mesa Port of Entry and Interstate 805 in the County of San Diego, California." The Corps intends to adopt the FEIS for purposes of compliance with the National Environmental Policy Act (NEPA). This notice only solicits comments on the Corps' intent to adopt the FEIS.

DATES: Written comments must be received by March 14, 2006.

ADDRESSES: U.S. Army Corps of Engineers, ATTN: CESPL-CO-R, San Diego Regulatory Field Office, 168885 West Bernardo Drive, Suite 300A, San Diego, California 92127. Comments may also be submitted, via electronic mail, to: terrence.dean@usace.army.mil.

FOR FURTHER INFORMATION CONTACT: Mr. Terry Dean, San Diego Regulatory Field Office, at (858) 674-5386.

SUPPLEMENTARY INFORMATION: The proposed project is to construct State Route 905 from Interstate 805 (I-805) to the Otay Mesa Port of Entry (POE) with Mexico, a distance of approximately 10

kilometers (6.2 miles). Each of the proposed alternatives would include six travel lanes (three in each direction) and each would have a wide median for possible, future high occupancy vehicle (HOV) lanes. Local interchanges would be constructed at Caliente Avenue, Heritage Road, Heritage Road, Britannia Boulevard, and La Media Road, as would a freeway-to-freeway interchange at State Route 125. The project purpose is to provide for effective transportation of people, goods, and services between I-805 and the Otay Mesa POE. Project objectives include alleviating existing traffic congestion, improving safety on Otay Mesa Road, providing adequate transportation facilities for the associated growth from planned and approved developments, and completing a major transportation corridor between Interstate 5 and the POE. Alternatives assessed in the FEIS issued by FHWA include: A no-build alternative and six build alternatives. The Freeway-Central Alignment Alternative has been identified as the Preferred Alternative and the Least Environmentally Damaging Practicable Alternative (LEDPA).

On August 10, 2005, the Caltrans submitted an application for a Department of the Army permit under section 404 of the Clean Water Act (CWA) to discharge fill material into 7.68 acres of jurisdictional waters of the United States to construct State Route 905 as a six-lane controlled access highway from I-805 to the Otay Mesa POE with Mexico in San Diego County, California. The project includes: (1) Constructing local interchanges at Caliente Avenue, Heritage Road, Britannia Boulevard, La Media Road, (2) a freeway-to-freeway interchange at State Route 125, and (3) constructing a bridge structure at Spring Canyon.

A Notice of Intent to prepare an EIS was published by FHWA in the **Federal Register** on March 30, 1995. Prior to the development of the draft EIS (DEIS), several scoping meetings were held by the FHWA/California Department of Transportation (Caltrans) to identify local issues and areas of concern. On July 27, 2001, the DEIS was filed with the U.S. Environmental Protection Agency (EPA). The DEIS was circulated for public review from August 13, 2001 to October 16, 2001. During the public review period, a public hearing was held by FHWA/Caltrans on September 20, 2001. The FEIS was signed by the FHWA on July 23, 2004, and distributed to the public. On September 24, 2004, the FHWA signed the Record of Decision.

The Corps' regulations at 33 CFR parts 320-331 requires compliance with the

NEPA, the EPA's CWA section 404(b)(1) Guidelines, and a public interest evaluation. Accordingly, for purposes of the Corps' compliance with the NEPA and to prevent duplication of effort, the Corps intends to adopt the FEIS issued by the FHWA. This notice solicits comments on the Corps' intent to adopt the FEIS only.

However, we have determined further analysis is necessary to document compliance with our public interest requirements and the CWA 404(b)(1) Guidelines. We initially distributed a notice to the public of the receipt of a permit application by the Caltrans and to solicit comments on the proposed project. This initial notice solicited comments from August 17 to September 18, 2005. As a result of our election to adopt the FEIS, we will be distributing a second notice to the public seeking comments on the proposed project as analyzed in the FEIS. An Environmental Assessment will be prepared to address the additional analysis and comments received in response to both public notices.

Comments concerning the Caltrans' proposed project must be provided in response to the Los Angeles District Second Public Notice, which we anticipate, will be circulated on February 21, 2006. The public notice can be obtained by submitting a written request to Mr. Terry Dean at the address or e-mail above or by accessing our Internet Web page at <http://www.spl.usace.army.mil/regulatory>.

Mark R. Blackburn,

Lieutenant Colonel, U.S. Army, Acting District Engineer.

BILLING CODE 3710-92-P

DEPARTMENT OF EDUCATION

Submission for OMB Review; Comment Request

AGENCY: Department of Education.

SUMMARY: The IC Clearance Official, Regulatory Information Management Services, Office of the Chief Information Officer invites comments on the submission for OMB review as required by the Paperwork Reduction Act of 1995.

DATES: Interested persons are invited to submit comments on or before April 3, 2006.

ADDRESSES: Written comments should be addressed to the Office of Information and Regulatory Affairs, Attention: Rachel Potter, Desk Officer, Department of Education, Office of Management and Budget, 725 17th

Street, NW., Room 10222, New Executive Office Building, Washington, DC 20503 or faxed to (202) 395-6974.

SUPPLEMENTARY INFORMATION: Section 3506 of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35) requires that the Office of Management and Budget (OMB) provide interested Federal agencies and the public an early opportunity to comment on information collection requests. OMB may amend or waive the requirement for public consultation to the extent that public participation in the approval process would defeat the purpose of the information collection, violate State or Federal law, or substantially interfere with any agency's ability to perform its statutory obligations. The IC Clearance Official, Regulatory Information Management Services, Office of the Chief Information Officer, publishes that notice containing proposed information collection requests prior to submission of these requests to OMB. Each proposed information collection, grouped by office, contains the following: (1) Type of review requested, e.g. new, revision, extension, existing or reinstatement; (2) Title; (3) Summary of the collection; (4) Description of the need for, and proposed use of, the information; (5) Respondents and frequency of collection; and (6) Reporting and/or Recordkeeping burden. OMB invites public comment.

Dated: February 27, 2006.

Angela C. Arrington,

IC Clearance Official, Regulatory Information Management Services, Office of the Chief Information Officer.

Office of Postsecondary Education

Type of Review: Reinstatement.

Title: Application for Grants Under the Minority Science and Engineering Improvement Program.

Frequency: Annually.

Affected Public: Not-for-profit institutions.

Reporting and Recordkeeping Hour Burden:

Responses: 200.

Burden Hours: 8000.

Abstract: This Minority Science and Engineering Improvement Program application is designed to effect long-range improvement where enrollments are predominantly Alaska Native, American Indian, Blacks (not of Hispanic origin), Hispanics (including persons of Mexican, Puerto Rican, Cuban, and Central or South American origin), Pacific Islanders or any combination of these.

This information collection is being submitted under the Streamlined Clearance Process for Discretionary

Grant Information Collections (1890-0001). Therefore, the 30-day public comment period notice will be the only public comment notice published for this information collection.

Requests for copies of the information collection submission for OMB review may be accessed from <http://edicsweb.ed.gov>, by selecting the "Browse Pending Collections" link and by clicking on link number 2986. When you access the information collection, click on "Download Attachments" to view. Written requests for information should be addressed to U.S. Department of Education, 400 Maryland Avenue, SW., Potomac Center, 9th Floor, Washington, DC 20202-4700. Requests may also be electronically mailed to ICDocketMgr@ed.gov or faxed to 202-245-6623. Please specify the complete title of the information collection when making your request.

Comments regarding burden and/or the collection activity requirements should be electronically mailed to the e-mail address ICDocketMgr@ed.gov. Individuals who use a telecommunications device for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1-800-877-8339.

BILLING CODE 4000-01-P

DEPARTMENT OF EDUCATION

[CFDA No. 84.184L]

Safe Schools/Healthy Students

AGENCY: Office of Safe and Drug-Free Schools, Department of Education.

ACTION: Notice of intent to fund down the grant slate for the Safe Schools/Healthy Students program.

SUMMARY: The Secretary intends to use the grant slate developed for the Safe Schools/Healthy Students program in Fiscal Year (FY) 2005 to make new grant awards in FY 2006. The Secretary takes this action because a significant number of high-quality applications remain on last year's grant slate and limited funding is available for new grant awards in FY 2006.

FOR FURTHER INFORMATION CONTACT:

Karen Dorsey, U.S. Department of Education, 400 Maryland Avenue, SW., room 3E336, Washington, DC 20202-6450. Telephone: (202) 708-4647 or via Internet: Karen.Dorsey@ed.gov.

If you use a telecommunications device for the deaf (TDD), you may call the Federal Relay Service (FRS) at 1-800-877-8339.

Individuals with disabilities may obtain this document in an alternative

format (e.g., Braille, large print, audiotape, or computer diskette) on request to the contact person listed under **FOR FURTHER INFORMATION CONTACT**.

Background

On March 10, 2005, we published a notice in the **Federal Register** (70 FR 11948) inviting applications for new awards under the Safe Schools/Healthy Students program. This notice indicated that the final priority, selection criteria, requirements, and definitions published in a notice in the **Federal Register** on May 28, 2004 (69 FR 30756) would apply to the FY 2005 grant competition.

We received a significant number of applications for grants under the Safe Schools/Healthy Students program in FY 2005 and made 40 new grants. Because such a large number of high-quality applications were received, many applications that were awarded high scores by peer reviewers did not receive funding last year.

Limited funding is available for new awards under this program in FY 2006. In order to conserve funding that would have been required for a peer review of new applications submitted under the program, we intend to select grantees in FY 2006 from the existing slate of applicants. This slate was developed during the FY 2005 competition using the final priority, selection criteria, requirements, and definitions referenced in the March 10, 2005 notice. No changes to the final priority, selection criteria, requirements, and definitions will be required by this action.
