I. Background

The Toxic Substances Control Act (TSCA), 15 U.S.C. 2609 section 10(g), authorizes EPA and other Federal agencies to establish and coordinate a system for exchange among Federal, state, and local authorities of research and development results respecting toxic chemical substances and mixtures, including a system to facilitate and promote the development of standard data format and analysis and consistent testing procedures. Through FOSTTA, the CIMP focuses on EPA's chemical program and works to develop a more coordinated effort involving Federal, state, and tribal agencies. P2 promotes the prevention ethic across society, helping to integrate P2 into mainstream environmental activities at the Federal level and among the states and tribes. TAP concentrates on chemical and prevention issues that are most relevant to the tribes, including lead control and abatement, tribal traditional/subsistence lifeways, and hazard communications and outreach. FOSTTA's vision is to focus on major policy-level issues of importance to states and tribes, recruit more senior state and tribal leaders, increase outreach to all 50 states and some 560 Federally recognized tribes, and vigorously seek ways to engage the states and tribes in ongoing substantive discussions on complex and often times controversial environmental issues.

The Environmental Council of the States (ECOS), in partnership with the National Tribal Environmental Council (NTEC) and EPA's Office of Pollution Prevention and Toxics (OPPT) are co-sponsoring the meetings. As part of a cooperative agreement, ECOS and NTEC facilitate ongoing efforts of the state and tribal leaders and OPPT to increase

understanding and improve collaboration on toxic chemicals and pollution prevention issues, and to continue a dialogue on how federal environmental programs can best be implemented among the states, tribes, and EPA.

III. How Can I Request to Participate in this Meeting?

You may submit a request to participate in this meeting to the technical person listed under **FOR FURTHER INFORMATION CONTACT**. Do not submit any information in your request that is considered CBI.
