

For those individuals who join by phone, the conference call operator will ask callers to identify themselves, the organization they are affiliated with (if any), and an email address prior to placing callers into the conference room. Callers can expect to incur regular charges for calls they initiate over wireless lines, according to their wireless plan. The Commission will not refund any incurred charges. Callers will incur no charge for calls they initiate over land-line connections to the toll-free telephone number. Persons with hearing impairments may also follow the proceedings by first calling the Federal Relay Service at 1-800-877-8339 and providing the Service with the conference call number and conference ID number.

Members of the public are also entitled to submit written comments; the comments must be received in the regional office within 30 days following the meeting. Written comments may be mailed to the Regional Programs Unit Office, U.S. Commission on Civil Rights, 55 W. Monroe St., Suite 410, Chicago, IL 60615. They may also be faxed to the Commission at (312) 353-8324, or emailed to Carolyn Allen at callen@usccr.gov. Persons who desire additional information may contact the Regional Programs Unit Office at (312) 353-8311.

Records generated from this meeting may be inspected and reproduced at the Regional Programs Unit Office, as they become available, both before and after the meeting. Records of the meeting will be available via www.facadatabase.gov under the Commission on Civil Rights, Indiana Advisory Committee link (<http://www.facadatabase.gov/committee/meetings.aspx?cid=247>). Persons interested in the work of this Committee are directed to the Commission's website, <http://www.usccr.gov>, or may contact the Regional Programs Unit Office at the above email or street address.

This is the fourth in a series of public meetings the Committee will hold on this topic. Please consult the **Federal Register** or contact the Regional Programs Unit for additional information on these meetings.

Forged Steel Fittings From the People's Republic of China: Preliminary Affirmative Countervailing Duty Determination and Alignment of Final Determination With Final Antidumping Duty Determination

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (Commerce) preliminarily determines that countervailable subsidies are being provided to producers and exporters of forged steel fittings from the People's Republic of China (China). The period of investigation is January 1, 2016, through December 31, 2016.

DATES: Applicable March 14, 2018.

FOR FURTHER INFORMATION CONTACT:

Brian Smith or Janae Martin, AD/CVD Operations, Office VIII, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-1766 or (202) 482-0238, respectively.

SUPPLEMENTARY INFORMATION:

Background

This preliminary determination is made in accordance with section 703(b) of the Tariff Act of 1930, as amended (the Act). The Department published the notice of initiation of this investigation on November 1, 2017.¹ On December 1, 2017, the Department postponed the preliminary determination of this investigation by no later than 130 days after the date on which Commerce initiated this investigation.²

Commerce exercised its discretion to toll all deadlines affected by the closure of the Federal Government from January 20 through 22, 2018. If the new deadline falls on a nonbusiness day, in accordance with Commerce's practice, the deadline will become the next business day. The revised deadline for the publication of the preliminary determination of this investigation is now March 7, 2018.³

For a complete description of the events that followed the initiation of this investigation, see the Preliminary Decision Memorandum.⁴ A list of topics discussed in the Preliminary Decision Memorandum is included as Appendix II to this notice. The Preliminary Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <http://access.trade.gov>, and is available to all

In addition, a complete version of the Preliminary Decision Memorandum can be accessed directly at <http://enforcement.trade.gov/frn/>. The signed and electronic versions of the Preliminary Decision Memorandum are identical in content.

Scope of the Investigation

The products covered by this investigation are forged steel fittings from China. For a complete description of the scope of this investigation, see Appendix I.

Scope Comments

In accordance with the preamble to Commerce's regulations,⁵ the *Initiation Notice* set aside a period of time for parties to raise issues regarding product coverage, (*i.e.*, scope).⁶ Certain interested parties commented on the scope of the investigation as it appeared in the *Initiation Notice*.

For a summary of the product coverage comments and rebuttal responses submitted to the record for this preliminary determination, and accompanying discussion and analysis of all comments timely received, see the Preliminary Scope Decision Memorandum.⁷ The Department is preliminarily modifying the scope language as it appeared in the *Initiation Notice*.⁸ As stated in the Preliminary Scope Decision Memorandum, all interested parties are invited to comment on the proposed modifications no later than March 19, 2018; rebuttal comments are due no later than March 26, 2018. Such comments must be filed via ACCESS on the records of this countervailing duty investigation and the concurrent antidumping duty investigations of forged steel fittings from China, Italy and Taiwan.

Methodology

Commerce is conducting this investigation in accordance with section 701 of the Act. For each of the subsidy programs found countervailable, Commerce preliminarily determines that there is a subsidy, *i.e.*, a financial contribution by an "authority" that

gives rise to a benefit to the recipient, and that the subsidy is specific.⁹

Commerce notes that, in making these findings, it relied, in part, on facts available and, because it finds that one or more respondents did not act to the best of their ability to respond to Commerce's requests for information, it drew an adverse inference where appropriate in selecting from among the facts otherwise available.¹⁰ For further information, see "Use of Facts Otherwise Available and Adverse Inferences" in the Preliminary Decision Memorandum.

Alignment

As noted in the Preliminary Decision Memorandum, in accordance with section 705(a)(1) of the Act and 19 CFR 351.210(b)(4), Commerce is aligning the final countervailing duty (CVD) determination in this investigation with the final determination in the companion antidumping duty (AD) investigation of forged steel fittings from China based on a request made by the petitioners.¹¹ Consequently, the final CVD determination will be issued on the same date as the final AD determination, which is currently scheduled to be issued no later than July 23, 2018, unless postponed.

All-Others Rate

Sections 703(d) and 705(c)(5)(A) of the Act provide that in the preliminary determination, the Department shall determine an estimated all-others rate for companies not individually examined. This rate shall be an amount equal to the weighted average of the estimated subsidy rates established for those companies individually examined, excluding any zero and *de minimis* rates and any rates based entirely under section 776 of the Act.

The Department calculated an individual estimated countervailable subsidy rate for Both-Well (Taizhou) Steel Fittings, Co., Ltd. (Both-Well), the only individually examined exporter/producer in this investigation. Because the only individually calculated rate is not zero, *de minimis*, or based entirely under section 776 of the Act, the estimated weighted-average rate calculated for Both-Well is the rate assigned to all-other producers and exporters, pursuant to section 705(c)(5)(A)(i) of the Act.

⁹ See sections 771(5)(B) and (D) of the Act regarding financial contribution; section 771(5)(E) of the Act regarding benefit; and section 771(5A) of the Act regarding specificity.

¹⁰ See sections 776(a) and (b) of the Act.

¹¹ See Letter from the petitioners, "Forged Steel Fittings from the People's Republic of China: Request for Alignment," dated January 10, 2018.

Preliminary Determination

The Department preliminarily determines that the following estimated countervailable subsidy rates exist:

Company	Subsidy rate (percent)
Both-Well (Taizhou) Steel Fittings, Co., Ltd	13.79
All-Others	13.79

Suspension of Liquidation

In accordance with section 703(d)(1)(B) and (d)(2) of the Act, Commerce will direct U.S. Customs and Border Protection (CBP) to suspend liquidation of entries of subject merchandise as described in the "Scope of the Investigation" section entered, or withdrawn from warehouse, for consumption on or after the date of publication of this notice in the **Federal Register**. Further, pursuant to 19 CFR 351.205(d), Commerce will instruct CBP to require a cash deposit equal to the rates indicated above.

Disclosure

Commerce intends to disclose its calculations and analysis performed to interested parties in this preliminary determination within five days of its public announcement, or if there is no public announcement, within five days of the date of this notice in accordance with 19 CFR 351.224(b).

Verification

As provided in section 782(i)(1) of the Act, Commerce intends to verify the information relied upon in making its final determination.

Public Comment

Case briefs or other written comments may be submitted to the Assistant Secretary for Enforcement and Compliance no later than seven days after the date on which the last verification report is issued in this investigation. Rebuttal briefs, limited to issues raised in case briefs, may be submitted no later than five days after the deadline date for case briefs.¹² Pursuant to 19 CFR 351.309(c)(2) and (d)(2), parties who submit case briefs or rebuttal briefs in this investigation are encouraged to submit with each argument: (1) A statement of the issue; (2) a brief summary of the argument; and (3) a table of authorities.

Pursuant to 19 CFR 351.310(c), interested parties who wish to request a hearing, limited to issues raised in the

case and rebuttal briefs, must submit a written request to the Assistant Secretary for Enforcement and Compliance, U.S. Department of Commerce within 30 days after the date of publication of this notice. Requests should contain the party's name, address, and telephone number, the number of participants, whether any participant is a foreign national, and a list of the issues to be discussed. If a request for a hearing is made, Commerce intends to hold the hearing at the U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230, at a time and date to be determined. Parties should confirm by telephone the date, time, and location of the hearing two days before the scheduled date.

International Trade Commission Notification

In accordance with section 703(f) of the Act, Commerce will notify the International Trade Commission (ITC) of its determination. If the final determination is affirmative, the ITC will make its final determination before the later of 120 days after the date of this preliminary determination or 45 days after Commerce's final determination.

Notification to Interested Parties

This determination is issued and published pursuant to sections 703(f) and 777(i) of the Act and 19 CFR 351.205(c).

Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations, performing the non-exclusive functions and duties of the Assistant Secretary for Enforcement and Compliance.

Appendix I

Scope of the Investigation

The merchandise covered by this investigation is carbon and alloy forged steel fittings, whether unfinished (commonly known as blanks or rough forgings) or finished. Such fittings are made in a variety of shapes including, but not limited to, elbows, tees, crosses, laterals, couplings, reducers, caps, plugs, bushings and unions. Forged steel fittings are covered regardless of end finish, whether threaded, socket-weld or other end connections.

While these fittings are generally manufactured to specifications ASME B16.11, MSS SP-79, and MSS SP-83, ASTM A105, ASTM A350 and ASTM A182, the scope is not limited to fittings made to these specifications.

The term forged is an industry term used to describe a class of products included in applicable standards, and does not reference an exclusive manufacturing process. Forged steel fittings are not manufactured from casting. Pursuant to the applicable

specifications, subject fittings may also be machined from bar stock or machined from seamless pipe and tube.

All types of fittings are included in the scope regardless of nominal pipe size (which may or may not be expressed in inches of nominal pipe size), pressure rating (usually, but not necessarily expressed in pounds of pressure, e.g., 2,000 or 2M; 3,000 or 3M; 6,000 or 6M; 9,000 or 9M), wall thickness, and whether or not heat treated.

Excluded from this scope are all fittings entirely made of stainless steel. Also excluded are flanges, butt weld fittings, and nipples.

Also excluded are fittings certified to the following standards and specifications, so long as the fittings are not also manufactured to the specifications of ASME B16.11, MSS SP-79, and MSS SP-83, ASTM A105, ASTM A350 and ASTM A182:

- American Petroleum Institute (API) 5CT, API 5L, or API 11B
- Society of Automotive Engineering (SAE) J476, SAE J514, SAE J516, SAE J517, SAE J518, SAE J1026, SAE J1231, SAE J1453, SAE J1926 or J2044
- Underwriter's Laboratories (UL) certified electrical conduit fittings
- ASTM A153, A536, A576, or A865
- Casing Conductor Connectors 16–42 inches in diameter made to proprietary specifications

To be excluded from the scope, products must have the appropriate standard markings and/or be accompanied by documentation showing product compliance to the applicable standard, e.g., "API 5CT" mark and/or a mill certification report.

Subject carbon and alloy forged steel fittings are normally entered under Harmonized Tariff Schedule of the United States (HTSUS) 7307.99.1000, 7307.99.3000, 7307.99.5045, and 7307.99.5060. They also may be entered under HTSUS 7307.92.3010, 7307.92.3030, 7307.92.9000, and 7326.19.0010. The HTSUS subheadings and specifications are provided for convenience and customs purposes; the written description of the scope is dispositive.

Utility Scale Wind Towers From the Socialist Republic of Vietnam: Final Determination of No Shipments; Antidumping Duty Administrative Review; 2016–2017

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (Commerce) is issuing a final no shipments determination in the final results of the antidumping duty administrative review on utility scale wind towers (wind towers) from the Socialist Republic of Vietnam (Vietnam) because Commerce continues to find that CS Wind Group did not have any shipments of subject merchandise by CS Wind Group during the period of review (POR). This review covers CS Wind Group where the company was the producer but not the exporter, or the exporter but not the producer of subject merchandise.

DATES: Applicable March 14, 2018.

FOR FURTHER INFORMATION CONTACT: Trisha Tran, AD/CVD Operations, Office IV, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–4852.

SUPPLEMENTARY INFORMATION:

Background

On May 31, 2017, Commerce published its *Amended Initiation Notice*.¹ According to the *Amended Initiation Notice*, Commerce stated it was initiating an administrative review only on entries where CS Wind Group

¹ See *Utility Scale Wind Towers from the Socialist Republic of Vietnam: Notice of Amended Initiation of Antidumping Duty Administrative Review; 2016–2017*, 82 FR 24943 (May 31, 2017) (*Amended Initiation Notice*). In the *Amended Initiation Notice*, Commerce stated that it inadvertently initiated an administrative review on all entries of merchandise exported by CS Wind Group. Because wind towers that are produced and exported by CS Wind Group were excluded from the antidumping duty order on wind towers from Vietnam effective March 26, 2017, Commerce clarified in the *Amended Initiation Notice* that we should only have initiated the administrative review on wind towers produced in Vietnam with respect to the CS Wind Group where CS Wind Group was (1) the producer but not the exporter, or (2) the exporter but not the producer. To correct this error in the *Initiation Notice*, Commerce explained it was issuing the *Amended Initiation Notice* with respect to the CS Wind Group. More specifically, Commerce stated it was initiating an administrative review only on entries where CS Wind Group was (1) the producer but not the exporter, or (2) the exporter but not the producer of subject merchandise.
