The staff of the Federal Energy Regulatory Commission's (FERC or Commission) Office of Energy Projects has finalized its revised *Engineering Guidelines for the Evaluation of Hydropower Projects: Chapter 11—Arch Dams (Guidelines)*, which was issued in draft form on December 7, 2017, for comment. The *Guidelines* revision reflects the most current thinking and practices of the Division of Dam Safety and Inspections.

The *Guidelines* can be found in Docket Number AD18–6–000. The full text of the *Guidelines* can be viewed on the Commission's website at <https://www.ferc.gov/industries/hydropower/safety/guidelines/eng-guide/chap11.asp>.

Panther Interstate Pipeline Energy, L.L.C.; Notice of Application

Take notice that on March 7, 2018, Panther Interstate Pipeline Energy, L.L.C. (Panther), filed an application in Docket No. CP18-105-000 pursuant to section 7(b) of the Natural Gas Act and part 157 of the Commission's Regulations, seeking authorization to abandon all jurisdictional transportation services and its part 284 blanket certificate and to abandon its physical certificated facilities which are located off shore and onshore in Jefferson County, Texas (the Fishhook System), and to defer the ultimate disposition of these facilities for up to three years, all as more fully set forth in the application which is on file with the Commission and open for public inspection. Panther asserts that its proposal is consistent with the Commission approval issued in Docket No. CP11-526-000.

The filing may be viewed on the web at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document. For assistance, contact FERC at FERCOnlineSupport@ferc.gov or call toll-free, (866) 208-3676 or TTY, (202) 502-8659.

Any questions regarding this application should be directed to Douglas F. John or Elizabeth A.

Zembruski, Attorneys, John & Hengerer, LLP, 1730 Rhode Island Avenue NW, Suite 600, Washington, DC 20036-3116 or at (202) 429-8800.

Pursuant to section 157.9 of the Commission's rules, 18 CFR 157.9, within 90 days of this Notice the Commission staff will either complete its environmental assessment (EA) and place it into the Commission's public record (eLibrary) for this proceeding or issue a Notice of Schedule for Environmental Review. If a Notice of Schedule for Environmental Review is issued, it will indicate, among other milestones, the anticipated date for the Commission staff's issuance of the final environmental impact statement (FEIS) or EA for this proposal. The filing of the EA in the Commission's public record for this proceeding or the issuance of a Notice of Schedule for Environmental Review will serve to notify federal and state agencies of the timing for the completion of all necessary reviews, and the subsequent need to complete all federal authorizations within 90 days of the date of issuance of the Commission staff's FEIS or EA.

There are two ways to become involved in the Commission's review of this project. First, any person wishing to obtain legal status by becoming a party to the proceedings for this project should, on or before the comment date stated below, file with the Federal Energy Regulatory Commission, 888 First Street NE, Washington, DC 20426, a motion to intervene in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the NGA (18 CFR 157.10). A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies of all documents filed by the applicant and by all other parties. A party must submit 7 copies of filings made with the Commission and must mail a copy to the applicant and to every other party in the proceeding. Only parties to the proceeding can ask for court review of Commission orders in the proceeding.

However, a person does not have to intervene in order to have comments considered. The second way to participate is by filing with the Secretary of the Commission, as soon as possible, an original and two copies of comments in support of or in opposition to this project. The Commission will consider these comments in determining the appropriate action to be taken, but the filing of a comment alone will not serve to make the filer a party to the proceeding. The Commission's rules require that persons filing
