

certain conditions that will apply during the extension period. Specifically, Mr. Putnam shall: (1) Resign as a member of the management committee of TAL; (2) continue to abstain from directing the day-to day operations of TAL or TNT or otherwise participate in the day to day operations of TAL or TNT; and (3) not exercise any voting rights with respect to any equity interests of TAL or in excess of 5% of voting rights with respect to TNT. The Commission believes that these conditions should serve to limit the potential for conflicts of interest during the interim period.

The Commission also believes that the requested exception to allow Archipelago Securities to provide certain transition services to OES for a period of 90 days after the sale of the Inbound Router Function to OES, subject to the condition that Archipelago Securities may only provide such services to existing customers of the ATS Inbound Router Function, is consistent with the Act and the protection of investors and the public interest in that the provision of such services would facilitate the sale of the ATS Inbound Router Function and provide customers continuity of service during the transition period following such sale.

For the foregoing reasons, the Commission finds that the proposed rule change is consistent with the requirements of the Act the rules and regulations thereunder, and finds that good cause exists to accelerate approval of the proposed rule change, pursuant to section 19(b)(2) of the Act.<sup>59</sup>

## V. Conclusion

*It Is Therefore Ordered*, pursuant to section 19(b)(2) of the Act,<sup>60</sup> that the proposed rule change (SR-PCX-2006-21) is approved on an accelerated basis. Specifically, Archipelago may continue to own Wave, and may continue to own and operate the ATS Inbound Router Function and the Inbound Router Clearing Function, until March 31, 2006, subject to the conditions described above; Mr. Putnam may continue to own in excess of 5% of TNT until March 31, 2006, subject to the conditions described above; and Archipelago Securities may provide transition services to OES as described above, subject to the conditions described above.

#### Environmental Impact Statement for the Denton County, TX, Transportation Authority Commuter Rail Project

**AGENCY:** Federal Transit Administration, DOT.

**ACTION:** Notice of intent to prepare an Environmental Impact Statement (EIS).

**SUMMARY:** The Federal Transit Administration (FTA) and the Denton County Transportation Authority (DCTA) issue this notice to advise interested agencies and the public of their intent to prepare an Environmental Impact Statement (EIS) in accordance with the regulations implementing the National Environmental Policy Act (NEPA) for transportation improvements in Denton and Dallas Counties, Texas. Transit improvements will be considered generally between Denton and Carrollton along the former Missouri Kansas Texas (MKT) Railroad line that parallels I-35E, as recommended by the DCTA Board of Directors in May 2005 following a study of the transportation needs in the corridor and an analysis of alternative solutions. The relationships of concurrent projects such as the I-35E Environmental Analysis (EA) being conducted by the Texas Department of Transportation (TxDOT), the Northwest Corridor Light Rail Transit project being advanced by the Dallas Area Rapid Transit (DART), and others, will also be considered in the EIS process.

Transportation improvements are needed to meet current and future travel demands and to upgrade the transportation facilities in the corridor. The EIS will evaluate the recommended regional rail alignment, the No-Build Alternative, a Transportation Systems Management (TSM) alternative, and any additional reasonable alternatives that emerge from scoping.

**DATES:** *Comment Due Date:* Written or electronic comments on the scope of the EIS, including the purpose and need for transportation action in the corridor,

and alternatives and impacts to be considered, should be sent to the project team's public involvement coordinator (see **ADDRESSES** below) by March 31, 2006. *Scoping Meetings:* Public scoping meetings will be held on February 28, 2006, in Denton, TX, and March 2, 2006, in Lewisville, TX, from 6 p.m. to 8 p.m. at the locations shown in **ADDRESSES** below.

**ADDRESSES:** *Written or electronic comments* on the EIS scope should be sent to: Judy Meyer, Public Involvement Lead, c/o Public Information Associates, P.O. Box 570, Allen, Texas 75013; Phone: 888-724-5328; Fax: 214-495-0479; E-mail: [Judy.Meyer@dfwair.net](mailto:Judy.Meyer@dfwair.net).

#### SUPPLEMENTARY INFORMATION:

The FTA, in cooperation with the DCTA, will prepare an EIS for transportation improvements along the MKT Railroad line that parallels I-35E between Denton and Carrollton. Interested individuals, organizations, businesses and Federal, state and local agencies are invited to participate in determining the scope of the EIS, including the purpose and need for transportation action in the corridor, alternative alignments, alternative station locations, impacts to be evaluate, and environmental or community resources to be protected. Specific suggestions on additional alternatives to be examined and issues to be addressed are welcome and will be considered in the development in the final study scope. Scoping comments may be made orally or in writing not later than March 31, 2006. See **DATES** and **ADDRESSES** above.
