publish periodic summaries of proposed projects to be submitted to the Office of Management and Budget (OMB) for review and approval.

Proposed Collection

Title: Outcome Evaluation of NCI's Activities to Promote Research Collaboration (APRC) Program.

Type of Information Collection Request: NEW.

Need and Use of Information Collection: The purpose of this study is to systematically assess the extent to which NCI's Activities to Promote Research Collaborations (APRC) program has been successful in accomplishing its intended goals of (1) capacity building and (2) generating innovative advances. The innovative advances outcome analysis will answer the question of whether APRC projects resulted in promising, novel concepts and advances in cancer research. The capacity building outcome analysis will determine whether participation in the APRC program has enabled the program participants to successfully integrate interdisciplinary approaches in their scientific investigations and enhanced their ability to pursue other collaborative research activities. The study will involve interviewing former APRC-funded researchers. The evaluation results will provide DCB with the information to make quality improvements to the APRC program and enhance program performance in generating significant outcomes. It will also strengthen our understanding of the value of collaborative and interdisciplinary research and inform NCI's approach to supporting and encouraging scientific collaboration among researchers from multiple disciplines in the future.

Frequency of Response: One time.

Affected Public: Individuals; scientific and research communities.

Type of Respondents: Researchers. The annual reporting burden is as follows:

Estimated Number of Respondents: 250;

Estimated Number of Responses per Respondent: 1;

Average Burden Hours per Response: .5; and

Estimated Total Annual Burden Hours Requested: 125.

The annualized cost to respondents is estimated at: \$4034. There are no Capital Costs, Operating Costs, and/or Maintenance Costs to report.
