* The Standards Council of Canada
(SCC) voted to end its Laboratory
Accreditation Program for Substance
Abuse (LAPSA) effective May 12, 1998.
Laboratories certified through that
program were accredited to conduct
forensic urine drug testing as required
by U.S. Department of Transportation
(DOT) regulations. As of that date, the
certification of those accredited
Canadian laboratories will continue
under DOT authority. The responsibility
for conducting quarterly performance
testing plus periodic on-site inspections
of those LAPSA-accredited laboratories
was transferred to the U.S. HHS, with
the HHS' NLCP contractor continuing to
have an active role in the performance
testing and laboratory inspection
processes. Other Canadian laboratories
wishing to be considered for the NLCP
may apply directly to the NLCP
contractor just as U.S. laboratories do.

Upon finding a Canadian laboratory to
be qualified, HHS will recommend that
DOT certify the laboratory (**Federal
Register**, July 16, 1996) as meeting the
minimum standards of the Mandatory
Guidelines published in the **Federal
Register** on January 23, 2017 (82 FR
7920). After receiving DOT certification,
the laboratory will be included in the
monthly list of HHS-certified

laboratories and participate in the NLCP
certification maintenance program.

Charles LoDico,
Chemist.

BILLING CODE 4160-20-P

DEPARTMENT OF HOMELAND SECURITY

Federal Emergency Management Agency

[Docket ID FEMA-2017-0002]

Final Flood Hazard Determinations

AGENCY: Federal Emergency
Management Agency, DHS.

ACTION: Notice.

SUMMARY: Flood hazard determinations,
which may include additions or
modifications of Base Flood Elevations
(BFEs), base flood depths, Special Flood
Hazard Area (SFHA) boundaries or zone
designations, or regulatory floodways on
the Flood Insurance Rate Maps (FIRMs)
and where applicable, in the supporting
Flood Insurance Study (FIS) reports
have been made final for the
communities listed in the table below.

The FIRM and FIS report are the basis
of the floodplain management measures
that a community is required either to
adopt or to show evidence of having in
effect in order to qualify or remain
qualified for participation in the Federal
Emergency Management Agency's
(FEMA's) National Flood Insurance
Program (NFIP). In addition, the FIRM
and FIS report are used by insurance
agents and others to calculate
appropriate flood insurance premium
rates for buildings and the contents of
those buildings.

DATES: The date of May 15, 2018 has
been established for the FIRM and,
where applicable, the supporting FIS
report showing the new or modified
flood hazard information for each
community.

ADDRESSES: The FIRM, and if
applicable, the FIS report containing the
final flood hazard information for each
community is available for inspection at
the respective Community Map
Repository address listed in the tables
below and will be available online
through the FEMA Map Service Center
at <https://msc.fema.gov> by the date
indicated above.

FOR FURTHER INFORMATION CONTACT: Rick
Sacibit, Chief, Engineering Services
Branch, Federal Insurance and
Mitigation Administration, FEMA, 400
C Street SW, Washington, DC 20472,

(202) 646-7659, or (email) patrick.sacbibit@fema.dhs.gov; or visit the FEMA Map Information eXchange (FMIX) online at https://www.floodmaps.fema.gov/fhm/fmx_main.html.

SUPPLEMENTARY INFORMATION: The Federal Emergency Management Agency (FEMA) makes the final determinations listed below for the new or modified flood hazard information for each community listed. Notification of these changes has been published in newspapers of local circulation and 90 days have elapsed since that

publication. The Deputy Associate Administrator for Insurance and Mitigation has resolved any appeals resulting from this notification.

This final notice is issued in accordance with section 110 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4104, and 44 CFR part 67. FEMA has developed criteria for floodplain management in floodprone areas in accordance with 44 CFR part 60.

Interested lessees and owners of real property are encouraged to review the new or revised FIRM and FIS report

available at the address cited below for each community or online through the FEMA Map Service Center at <https://msc.fema.gov>.

The flood hazard determinations are made final in the watersheds and/or communities listed in the table below.

(Catalog of Federal Domestic Assistance No. 97.022, "Flood Insurance.")

Dated: December 13, 2017.

Roy E. Wright,

Deputy Associate Administrator for Insurance and Mitigation, Department of Homeland Security, Federal Emergency Management Agency.

Community	Community map repository address
Thurston County, Washington and Incorporated Areas Docket No.: FEMA-B-1659

BILLING CODE 9110-12-P

DEPARTMENT OF HOMELAND SECURITY

Federal Emergency Management Agency

[Docket ID FEMA-2017-0002]

Changes in Flood Hazard Determinations

AGENCY: Federal Emergency Management Agency, DHS.

ACTION: Notice.

SUMMARY: New or modified Base (1-percent annual chance) Flood Elevations (BFEs), base flood depths, Special Flood Hazard Area (SFHA) boundaries or zone designations, and/or regulatory floodways (hereinafter referred to as flood hazard determinations) as shown on the indicated Letter of Map Revision (LOMR) for each of the communities listed in the table below are finalized. Each LOMR revises the Flood Insurance Rate Maps (FIRMs), and in some cases the Flood Insurance Study (FIS) reports, currently in effect for the listed communities. The flood hazard determinations modified by each LOMR will be used to calculate flood insurance premium rates for new buildings and their contents.

DATES: Each LOMR was finalized as in the table below.

ADDRESSES: Each LOMR is available for inspection at both the respective Community Map Repository address listed in the table below and online through the FEMA Map Service Center at <https://msc.fema.gov>.

FOR FURTHER INFORMATION CONTACT: Rick Sacbibit, Chief, Engineering Services Branch, Federal Insurance and Mitigation Administration, FEMA, 400 C Street SW, Washington, DC 20472, (202) 646-7659, or (email) patrick.sacbibit@fema.dhs.gov; or visit the FEMA Map Information eXchange (FMIX) online at https://www.floodmaps.fema.gov/fhm/fmx_main.html.

SUPPLEMENTARY INFORMATION: The Federal Emergency Management Agency (FEMA) makes the final flood hazard determinations as shown in the LOMRs for each community listed in the table below. Notice of these modified flood hazard determinations has been published in newspapers of local circulation and 90 days have elapsed since that publication. The Deputy Associate Administrator for Insurance and Mitigation has resolved any appeals resulting from this notification.

The modified flood hazard determinations are made pursuant to section 206 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4105, and are in accordance with the National Flood Insurance Act of 1968, 42 U.S.C. 4001 *et seq.*, and with 44 CFR part 65.

For rating purposes, the currently effective community number is shown

and must be used for all new policies and renewals.

The new or modified flood hazard information is the basis for the floodplain management measures that the community is required either to adopt or to show evidence of being already in effect in order to remain qualified for participation in the National Flood Insurance Program (NFIP).

This new or modified flood hazard information, together with the floodplain management criteria required by 44 CFR 60.3, are the minimum that are required. They should not be construed to mean that the community must change any existing ordinances that are more stringent in their floodplain management requirements. The community may at any time enact stricter requirements of its own or pursuant to policies established by other Federal, State, or regional entities.

This new or modified flood hazard determinations are used to meet the floodplain management requirements of the NFIP and also are used to calculate the appropriate flood insurance premium rates for new buildings, and for the contents in those buildings. The changes in flood hazard determinations are in accordance with 44 CFR 65.4.

Interested lessees and owners of real property are encouraged to review the final flood hazard information available at the address cited below for each community or online through the FEMA Map Service Center at <https://msc.fema.gov>.
