B. Submitting Comments

I. Background

In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. chapter 35), the NRC is requesting public comment on its intention to request the OMB's approval for the information collection summarized below.

1. *The title of the information collection:* Requests to Non-Agreement States for Information.
2. *OMB approval number:* 3150-0200.
3. *Type of submission:* Extension.
4. *The form number, if applicable:* Not Applicable.
5. *How often the collection is required or requested:* On Occasion.
6. *Who will be required or asked to respond:* Non-Agreement States.
7. *The estimated number of annual responses:* 136 responses.
8. *The estimated number of annual respondents:* 17 respondents.
9. *The estimated number of hours needed annually to comply with the information collection requirement or request:* 952 hours.

10. *Abstract:* Occasionally, requests may be made of Non-Agreement States to provide a more complete overview of the national program for regulating radioactive materials. This information would be used in the decision-making of the Commission. The legal basis is that Section 274(a)(3) of the Atomic Energy Act authorizes and directs the NRC to cooperate with the States to promote an orderly regulatory pattern between the Commission and State governments with respect to nuclear development and use and regulation of byproduct, source, and special nuclear materials. Information requests sought from Non-Agreement States may take the form of one-time surveys, e.g., telephonic and electronic surveys/polls and facsimiles (questionnaires).

II. Specific Requests for Comments

The NRC is seeking comments that address the following questions:

1. Is the proposed collection of information necessary for the NRC to properly perform its functions? Does the information have practical utility?
2. Is the estimate of the burden of the information collection accurate?
3. Is there a way to enhance the quality, utility, and clarity of the information to be collected?
4. How can the burden of the information collection on respondents be minimized, including the use of automated collection techniques or other forms of information technology?

Dated at Rockville, Maryland, this 26th day of March 2018.

For the Nuclear Regulatory Commission.

David Cullison,

NRC Clearance Officer, Office of the Chief Information Officer.
