

it is not a “significant regulatory action” under Executive Order 12866 and is not likely to have a significant adverse effect on the supply, distribution, or use of energy. The Administrator of the Office of Information and Regulatory Affairs has not designated it as a significant energy action. Therefore, it does not require a Statement of Energy Effects under Executive Order 13211.

Technical Standards

The National Technology Transfer and Advancement Act (NTTAA) (15 U.S.C. 272 note) directs agencies to use voluntary consensus standards in their regulatory activities unless the agency provides Congress, through the Office of Management and Budget, with an explanation of why using these standards would be inconsistent with applicable law or otherwise impractical. Voluntary consensus standards are technical standards (e.g., specifications of materials, performance, design, or operation; test methods; sampling procedures; and related management systems practices) that are developed or adopted by voluntary consensus standards bodies.

This rule does not use technical standards. Therefore, we did not consider the use of voluntary consensus standards.

Environment

We have analyzed this rule under Commandant Instruction M16475.1D, which guides the Coast Guard in complying with the National Environmental Policy Act of 1969 (NEPA) (42 U.S.C. 4321–4370f), and have concluded that there are no factors in this case that would limit the use of a categorical exclusion under section 2.B.2 of the Instruction. Therefore, this rule is categorically excluded, under figure 2–1, paragraph (32)(e), of the Instruction, from further environmental documentation considering that it relates to the promulgation of operating regulations or procedures for drawbridges. Under figure 2–1, paragraph (34)(e), of the instruction, an “Environmental Analysis Check List” and a “Categorical Exclusion Determination” are not required for this rule.

Reservists' Education: Revision of Eligibility Requirements for the Montgomery GI Bill—Selected Reserve

AGENCIES: Department of Defense, Department of Homeland Security (Coast Guard), and Department of Veterans Affairs.

ACTION: Final rule.

SUMMARY: This document amends the regulations governing the administration of the Montgomery GI Bill—Selected Reserve (MGIB–SR) program. The amendments implement provisions in the Veterans Benefits and Health Care Improvement Act of 2000 and the Bob Stump National Defense Authorization Act for Fiscal Year 2003. The Veterans Benefits and Health Care Improvement Act of 2000 contained a provision that changed an eligibility criterion concerning the time for obtaining a high school diploma. The Bob Stump National Defense Authorization Act for Fiscal Year 2003 expanded the MGIB–SR eligibility period from 10 years to 14 years for reservists who first become eligible after September 30, 1992.

DATES: *Effective Date:* This final rule is effective January 10, 2006.

Applicability Dates: The changes are applied to conform to the respective statutory requirements. For more information concerning the dates of applicability, see the **SUPPLEMENTARY INFORMATION** section.

FOR FURTHER INFORMATION CONTACT:

Lynn M. Nelson, Education Advisor, Department of Veterans Affairs (225C), 810 Vermont Ave., NW., Washington, DC 20420, (202) 273–7187.

SUPPLEMENTARY INFORMATION: This document amends the regulations in 38 CFR part 21 governing the administration of the Montgomery GI Bill—Selected Reserve (MGIB–SR) program in order to implement provisions in the Veterans Benefits and Health Care Improvement Act of 2000 (Pub. L. 106–419) and the Bob Stump National Defense Authorization Act for Fiscal Year 2003 (Pub. L. 107–314).

One of the criteria a reservist must meet in order to establish eligibility for

MGIB–SR benefits is receiving a high school diploma or its equivalent. Before the enactment of Public Law 106–419 on November 1, 2000, the reservist had to earn that diploma or its equivalent before completing Initial Active Duty for Training (IADT) in the case of an original enlistment, or before the date of the qualifying extension of enlistment or reenlistment in all other cases. Public Law 106–419 provided instead for all reservists the requirement that they must earn a high school diploma or its equivalent before applying to the Department of Veterans Affairs (VA) for educational assistance benefits. We are amending various paragraphs to make them conform to these statutory provisions. Our amendments reflect our interpretation that under the statute a reservist who unsuccessfully applies for educational assistance before meeting this requirement would still be able to meet this requirement by applying again after obtaining a high school diploma or its equivalent.

Generally once MGIB–SR eligibility is established, a reservist remains eligible for 10 years. A provision in Public Law 107–314, expands the 10 year eligibility period to 14 years for certain reservists. The 14 year eligibility period applies to reservists who first become eligible for the MGIB–SR program after September 30, 1992. This provision of Public Law 107–314 became effective October 1, 2002. We are amending the paragraphs that address the MGIB–SR eligibility period to reflect this change.

In addition, we are amending § 21.1032 of subpart B to include time limits for filing a claim for an extended period of eligibility under 10 U.S.C. chapter 1606. The time limits for chapter 1606, Montgomery GI Bill—Selected Reserve program, were previously stated in § 21.7532. In 1999, when we removed § 21.7532 and consolidated the time limit rules for all educational assistance programs we administer into § 21.1032, we inadvertently did not show chapter 1606 in § 21.1032(c). The final rule was published May 4, 1999 in the **Federal Register** (64 FR 23769–23773). The **SUMMARY** and **SUPPLEMENTARY INFORMATION** sections in that final rule clearly show we established uniform rules for all educational assistance programs the Department of Veterans Affairs administers. Prior to the final rule, a proposed rule proposing to take the action was published in the **Federal Register** (63 FR 23408) on April 29, 1998.

Administrative Procedure Act

Substantive changes made by this final rule merely reflect statutory

requirements. Accordingly, there is a basis for dispensing with prior notice and comment and delayed effective date provisions of 5 U.S.C. 552 and 553.

Paperwork Reduction Act

This document contains no provisions constituting a collection of information under the Paperwork Reduction Act (44 U.S.C. 3501–3521).

Regulatory Flexibility Act

The Secretary of Veterans Affairs hereby certifies that this final rule will not have a significant economic impact on a substantial number of small entities as they are defined in the Regulatory Flexibility Act, 5 U.S.C. 601–612. This final rule will directly affect only individuals and will not directly affect small entities. Pursuant to 5 U.S.C. 605(b), this final rule, therefore, is exempt from the initial and final regulatory flexibility analyses requirements of sections 603 and 604.

Unfunded Mandates

The Unfunded Mandates Reform Act requires, at 2 U.S.C. 1532, that agencies prepare an assessment of anticipated costs and benefits before developing any rule that may result in an expenditure by State, local, or tribal governments, in the aggregate, or by the private sector, of \$100 million or more (adjusted annually for inflation) in any given year. This final rule would have no such effect on State, local, or tribal governments, or the private sector.

Catalog of Federal Domestic Assistance Program Numbers

The changes made by this final rule affect the Montgomery GI Bill—Selected Reserve. There is no Catalog of Federal Domestic Assistance number for the Montgomery GI—Bill Selected Reserve.

**Alcohol and Drug Testing:
Determination of Minimum Random
Testing Rates for 2006**

AGENCY: Federal Railroad Administration (FRA), DOT.

ACTION: Notice of determination.

SUMMARY: Using data from Management Information System annual reports, FRA has determined that the 2004 rail industry random testing positive rate was 0.94 percent for drugs and 0.18 percent for alcohol. Since the industry-wide random drug testing positive rate has remained below 1.0 percent for the last two years, the Federal Railroad Administrator (Administrator) has determined that the minimum annual random drug testing rate for the period January 1, 2006, through December 31, 2006, will remain at 25 percent of covered railroad employees. Since the random alcohol testing violation rate has remained below 0.5 percent for the last two years, the Administrator has determined that the minimum random alcohol testing rate will remain at 10 percent of covered railroad employees for the period January 1, 2006, through December 31, 2006.
