Animal and Plant Health Inspection Service

Title: Veterinary Accreditation Program

OMB Control Number: 0579-0032.

Summary of Collection: The Animal and Plant Health Inspection Service (APHIS) of the U.S. Department of Agriculture is responsible for, among other things protecting the health of our Nation's livestock and poultry populations by preventing the introduction and spread of serious diseases and pest of livestock and poultry and for eradicating such diseases and pest from the United States when feasible. To help accomplish this mission, APHIS' Veterinary Services administers the National Veterinary Accreditation Program. This program

certifies private veterinary practitioners to work cooperatively with Federal veterinarians, as well as with State animal health officials, to conduct certain activities for APHIS. Regulations governing the Veterinary Accreditation Program are found in Title 9 of the Code of Federal Regulations, parts 160, 161, and 162. Operating this important program requires APHIS to engage in a number of information collection activities in the form of applications for veterinary accreditation, veterinary accreditation orientation and training, paperwork associated with tasks performed by our accredited veterinarians (such as completing certificates, applying and removing official seals, and completing test reports); reviewing applications for veterinary accreditation and re-accreditation, recordkeeping, and updating information on accredited veterinarians. APHIS will collect information using several forms.

Need and Use of the Information: APHIS will collect information to determine that a veterinarian has met the requirements for being accredited, or for obtaining re-accreditation. APHIS will also collect information to ensure that accredited veterinarians are knowledgeable of current Federal and State animal health regulations, objectives and programs and are competent in their application. If information is not collected it would significantly destroy APHIS' ability to operate the Veterinary Accreditation Program.

Description of Respondents: Business or other for-profit; State, Local or Tribal Government.

Number of Respondents: 88,244.

Frequency of Responses:

Recordkeeping; Reporting: On occasion.
