

which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A) of the Act⁷ and Rule 19b-4(f)(6) thereunder.⁸

A proposed rule change filed pursuant to Rule 19b-4(f)(6) under the Act⁹ normally does not become operative for 30 days after the date of its filing. However, Rule 19b-4(f)(6)(iii)¹⁰ permits the Commission to designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has requested that the Commission waive the 30-day operative delay so that the proposed rule change may become operative upon filing. Waiver of the operative delay would allow the Exchange to update its rules without delay to reflect current and accurate information with respect to the third party data feeds to which it offers connectivity and to correct typographical errors. The Commission also notes that BX recently made similar changes to its rules.¹¹ Therefore, the Commission believes that waiver of the 30-day operative delay is consistent with the protection of investors and the public interest. Accordingly, the Commission hereby waives the operative delay and designates the proposed rule change operative upon filing.¹²

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule change should be approved or disapproved.

⁸ 17 CFR 240.19b-4(f)(6). In addition, Rule 19b-4(f)(6)(iii) requires a self-regulatory organization to give the Commission written notice of its intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. The Exchange has satisfied this requirement.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-82989; File No. SR-ISE-2018-24]

Self-Regulatory Organizations; Nasdaq ISE, LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Amend Chapter VI of the Exchange's Schedule of Fees

April 4, 2018.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on March 22, 2018, Nasdaq ISE, LLC ("ISE" or "Exchange") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend Chapter VI of the Exchange's Schedule of Fees, as described below. The text of the proposed rule change is available on the Exchange's website at <http://ise.cchwallstreet.com/>, at the principal office of the Exchange, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

¹³ 17 CFR 200.30-3(a)(12).

¹ 15 U.S.C. 78s(b)(1).

² 17 CFR 240.19b-4.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend Chapter VI.E of its Schedule of Fees to harmonize it with the rules of Nasdaq BX, Inc. ("BX").

The amendments eliminate or replace certain obsolete language in the Schedule of Fees. Specifically, the Exchange proposes to amend Chapter VI.E.2, under the heading "Market Data Connectivity," to re-categorize and to update references to the CBOE/Bats/Direct Edge data feeds to reflect their current names. Similarly, the Exchange proposes to delete a \$1,000 installation fee that presently applies to the Direct Edge feeds because the Direct Edge feeds are now offerings of CBOE, along with the BZX and BYX feeds. Going forward, a single, one-time \$1,000 installation fee will apply to subscribers to any or all of the CBOE data feeds. The Exchange notes that this proposal will render this paragraph of Chapter VI.E.2 consistent with BX Rule 7034.

The Exchange also proposes to correct a typographical error in the name of the TSXV Level 2 Feed.

Finally, the proposal adds a footnote to the first line of Chapter VI.E, which was mistakenly omitted from the Schedule of Fees, which states that the co-location services described therein are provided by Nasdaq Technology Services LLC.

2. Statutory Basis

The Exchange believes that its proposal is consistent with Section 6(b) of the Act,³ in general, and furthers the objectives of Section 6(b)(5) of the Act,⁴ in particular, in that it is designed to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general to protect investors and the public interest. The Exchange believes that its proposal to update Chapter VI.E.2 will serve the interests of the public and investors by ensuring that the Exchange's Rules are accurate and current with respect to the names of the third party data feeds to which it offers connectivity. Furthermore, the Exchange believes that it is in the public interest to correct typographical errors that could otherwise lead to confusion. These proposals will not impact competition or limit access to or availability of the

Exchange or its systems. The Exchange notes the proposal is noncontroversial because BX has made the same changes to its rules.

The Exchange's proposal to eliminate the \$1,000 installation fee that presently applies to the Direct Edge feeds is consistent with Section 6(b) of the Act,⁵ in general, and furthers the objectives of Sections 6(b)(4) and 6(b)(5) of the Act,⁶ in particular, in that it provides for the equitable allocation of reasonable dues, fees and other charges among members and issuers and other persons using any facility, and is not designed to permit unfair discrimination between customers, issuers, brokers, or dealers. The proposal is reasonable because the Direct Edge feeds are now offerings of CBOE, along with the BZX and BYX feeds. The Exchange believes it is equitable, going forward, to charge a single, one-time \$1,000 installation fee to subscribers to any or all of the CBOE data feeds, including the BZX Depth, BYX Depth, EDGA Depth, and EDGX Depth feeds. This proposal is not unfairly discriminatory because it will apply to all similarly situated customers of the CBOE data feeds.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act.

In this instance, the proposed changes merely replace obsolete text, update references to data feeds, and add inadvertently omitted text. The Exchange does not intend for or expect that such changes will have any impact on competition.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) Significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section

19(b)(3)(A) of the Act⁷ and Rule 19b-4(f)(6) thereunder.⁸

A proposed rule change filed pursuant to Rule 19b-4(f)(6) under the Act⁹ normally does not become operative for 30 days after the date of its filing. However, Rule 19b-4(f)(6)(iii)¹⁰ permits the Commission to designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has requested that the Commission waive the 30-day operative delay so that the proposed rule change may become operative upon filing. Waiver of the operative delay would allow the Exchange to update its rules without delay to reflect current and accurate information with respect to the third party data feeds to which it offers connectivity and to correct typographical errors. The Commission also notes that BX recently made similar changes to its rules.¹¹ Therefore, the Commission believes that waiver of the 30-day operative delay is consistent with the protection of investors and the public interest. Accordingly, the Commission hereby waives the operative delay and designates the proposed rule change operative upon filing.¹²

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule change should be approved or disapproved.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-82993; File No. SR-NYSEArca-2018-19]

Self-Regulatory Organizations; NYSE Arca, Inc.; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Amend the NYSE Arca Options Fee Schedule With Respect to the Options Regulatory Fee

April 4, 2018.

Pursuant to Section 19(b)(1)¹ of the Securities Exchange Act of 1934 (the "Act")² and Rule 19b-4 thereunder,³ notice is hereby given that, on March 23, 2018, NYSE Arca, Inc. (the "Exchange" or "NYSE Arca") filed with the Securities and Exchange Commission (the "Commission") the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend the NYSE Arca Options Fee Schedule ("Fee Schedule") by modifying the description of the Options Regulatory Fee ("ORF"). The proposed rule change is available on the Exchange's website at www.nyse.com, at the principal office of the Exchange, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend the Fee Schedule to clarify the description of the ORF.

The Exchange charges an ORF in the amount of \$0.0055 per contract side. The proposed rule change does not change the amount of the ORF, but instead modifies the rule text to clarify how the ORF is assessed and collected. Currently, the Exchange describes the ORF as follows:

The Options Regulatory Fee will be assessed on each OTP Holder or OTP Firm for all options transactions executed or cleared by the OTP Holder or OTP Firm that are cleared by The Options Clearing Corporation ("OCC") in the customer range regardless of the exchange on which the transaction occurs. The fee is collected indirectly from OTP Holders or OTP Firms through their clearing firms by the OCC on behalf of NYSE Arca. Effective December 1, 2012, an OTP Holder or OTP Firm shall not be assessed the fee until it has satisfied applicable technological requirements necessary to commence operations on NYSE Arca. The Exchange may only increase or decrease the Options Regulatory Fee semi-annually, and any such fee change will be effective on the first business day of February or August. The Exchange will notify participants via a Trader Update of any change in the amount of the fee at least 30 calendar days prior to the effective date of the change.⁴

The Exchange proposes to modify this description to more accurately reflect how the ORF is imposed. Specifically, the ORF is assessed to each OTP Holder or OTP Firm (referred to herein collectively as "OTP Holders") for all options transactions *cleared* (but not necessarily executed) by an OTP Holder through the OCC in the customer range regardless of the exchange on which the transaction occurs. The ORF is only assessed to OTP Holders that act as the clearing firm for the transaction, regardless of whether the executing firm (if different from the clearing firm) is an OTP Holder.⁵ Thus, the Exchange proposes to delete the words "executed or" from the current description of the ORF, and to make clear that the ORF is assessed "to each OTP Holder or OTP

⁴ See Fee Schedule, NYSE Arca GENERAL OPTIONS AND TRADING PERMIT (OTP) FEES, Regulatory Fees, Options Regulatory Fee, available here, https://www.nyse.com/publicdocs/nyse/markets/arca-options/NYSE_Arca_Options_Fee_Schedule.pdf.

⁵ The Exchange uses reports from OCC to determine the identity of the clearing firm and compares that to the list of OTP Holders for billing purposes.
