**SUMMARY:** The Department of Commerce (Commerce) determines that Colakoglu Dis Ticaret A.S. and Colakoglu Metalurji

<sup>3</sup> Supercalendering imparts a glossy finish produced by the movement of the paper web through a supercalender which is a stack of alternating rollers of metal and cotton (or other softer material). The supercalender runs at high speed and applies pressure, heat, and friction which glazes the surface of the paper, imparting gloss to the surface and increasing the paper's smoothness and density.

A.S. (collectively, Colakoglu), and Icdas Celik Enerji Tersane ve Ulasim Sanayi A.S. (Icdas), producers/exporters of steel concrete reinforcing bar (rebar) from the Republic of Turkey (Turkey), did not receive countervailable subsidies during the period of review (POR) covering January 1, 2015, through December 31, 2015. **SUPPLEMENTARY INFORMATION:**

### Background

Commerce published the *Preliminary Results* of this administrative review on December 6, 2017.<sup>1</sup> Commerce exercised its discretion to toll all deadlines affected by the closure of the Federal Government from January 20 through 22, 2018. If the new deadline falls on a non-business day, in accordance with Commerce's practice, the deadline will become the next business day. The revised deadline for the final results of this review is now April 9, 2018.<sup>2</sup>

### Scope of the Order

The scope of the order consists of steel concrete reinforcing bar imported in either straight length or coil form (rebar) regardless of metallurgy, length, diameter, or grade. The subject merchandise is classifiable in the Harmonized Tariff Schedule of the United States (HTSUS) primarily under item numbers 7213.10.0000, 7214.20.0000, and 7228.30.8010. The subject merchandise may also enter

under other HTSUS numbers including 7215.90.1000, 7215.90.5000, 7221.00.0015, 7221.00.0030, 7221.00.0045, 7222.11.0001, 7222.11.0057, 7222.11.0059, 7222.30.0001, 7227.20.0080, 7227.90.6085, 7228.20.1000, and 7228.60.6000. While HTSUS subheadings are provided for convenience and customs purposes, the written description of the scope of this *Order* is dispositive.<sup>3</sup>

### Analysis of Comments Received

All issues raised in interested parties' briefs are addressed in the Issues and Decision Memorandum. A list of the issues raised by interested parties, and to which we responded in the Issues and Decision Memorandum, is provided in the Appendix to this notice. The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov> and in the Central Records Unit, Room B8024 of the main Commerce building. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly at <http://enforcement.trade.gov/frn/>. The signed and electronic versions of the Issues and Decision Memorandum are identical in content.

### Methodology

Commerce conducted this administrative review in accordance with section 751(a)(1)(A) of the Tariff Act of 1930, as amended (the Act). For each of the subsidy programs found countervailable, we determine that there is a subsidy, *i.e.*, a government-provided financial contribution that gives rise to a benefit to the recipient, and that the subsidy is specific.<sup>4</sup> For a full description of the methodology underlying all of Commerce's

conclusions, *see* the Issues and Decision Memorandum.

### Partial Rescission of Review

Agir Haddecilik A.S. (Agir)<sup>5</sup> timely filed a no-shipments certification. U.S. Customs and Border Protection (CBP) did not provide to Commerce any information that contradicted this no-shipments certification. Consequently, in the *Preliminary Results*, Commerce announced its intent to rescind the review of Agir. No interested party submitted comments on Commerce's intent to rescind the review of Agir. Because there is no evidence on the record to indicate that Agir had entries, exports, or sales of subject merchandise to the United States during the POR, pursuant to 19 CFR 351.213(d)(3), we are rescinding the review with respect to Agir.

Entries of merchandise produced and exported by Habas Sinai ve Tibbi Gazlar Istihsal Endustrisi A.S. (Habas) are not subject to countervailing duties because the final determination of the investigation with respect to this producer/exporter combination was negative.<sup>6</sup> However, any entries of merchandise produced by any other entity and exported by Habas, or produced by Habas and exported by another entity, are subject to the *Order*.

No interested party submitted comments on Commerce's intent to rescind the review of Habas. Because there is no evidence on the record of entries of merchandise produced by another entity and exported by Habas, or entries of merchandise produced by Habas and exported by another entity, we determine that Habas is not subject to this administrative review. Therefore, pursuant to 19 CFR 351.213(d)(3), we are rescinding the review with respect to Habas.

#### Analysis of Comments Received

All issues raised in the case and rebuttal briefs by parties to this administrative review are addressed in the Issues and Decision Memorandum. A list of the issues that parties raised and to which we responded is attached to this notice as an Appendix. The Issues and Decision Memorandum is a public document and is on-file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov> and in the Central Records Unit (CRU), room B8024 of the main Department of Commerce building. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly on the internet at <http://enforcement.trade.gov/frn/index.html>. The signed Issues and Decision Memorandum and the electronic versions of the Issues and Decision Memorandum are identical in content.

#### Changes Since the Preliminary Results

Based on a review of the record and comments received from interested parties regarding our *Preliminary Results*, we made the following company-specific change to Navneet's final margin calculation: (1) We did not make a duty drawback adjustment for duties paid on imported input materials used to produce the subject merchandise; (2) we made certain revisions to Navneet's home market (HM) price to account for excise taxes and local body taxes; and (3) we made changes to Navneet's HM program by converting the variable PRIMEH to '1' to match the format used for the variable PRIMEU. As a result of these changes, we determine that Navneet made sales of subject merchandise below normal value during the POR and have calculated a final weighted-average dumping margin of 1.34 percent. We made no change to SAB's preliminary SAS margin program and, therefore, SAB's preliminary margin remains unchanged for these final results.

#### Final Results of the Review

As a result of this review, Commerce calculated the following dumping
