### Lead; Renovation, Repair, and Painting Program; Extension of Comment Period

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Proposed rule; extension of comment period.

**SUMMARY:** On January 10, 2006, EPA proposed new requirements to reduce exposure to lead hazards created by renovation, repair, and painting activities that disturb lead-based paint in the **Federal Register**. This notice announces a 45-day extension of the comment period for the Renovation, Repair, and Painting Program proposed rule. This extension is necessary to provide the public with an opportunity to review and comment on materials recently added to the docket.

**DATES:** The comment period previously expiring on April 10, 2006, is extended to May 25, 2006.

**ADDRESSES:** For detailed instructions on the submission of comments, follow the instructions provided under **ADDRESSES** in the **Federal Register** document of January 10, 2006.

## I. Introduction

1. In this *Notice of Proposed Rulemaking (NPRM)*, we propose to collect \$288,771,000 in regulatory fees for Fiscal Year (FY) 2006, pursuant to section 9 of the Communications Act of 1934, as amended (the Act). These fees are mandated by Congress and are collected to recover the regulatory costs associated with the Commission's enforcement, policy and rulemaking, user information, and international activities.<sup>1</sup>

## II. Discussion

2. In this *NPRM*, we seek comment on the development of FY 2006 regulatory fees collected pursuant to section 9 of the Act. For FY 2006, we tentatively propose to retain the established method, policies, and priorities. In addition to the assessment methodology, the Commission typically seeks comment on various administrative and operational issues affecting the collection of regulatory fees. For the FY 2006 regulatory fee cycle, we propose to retain the same administrative measures used for notification and assessment of regulatory fees in previous years, such as generating pre-completed regulatory fee assessment forms for certain regulatees. Consistent with past practice, we invite comments and suggestions on ways to improve the Commission's administrative processes for notifying entities of their regulatory fee obligations and collecting their payments.

3. The Commission is obligated to collect \$288,771,000 in regulatory fees during FY 2006 to fund the Commission's operations. Consistent with our established practice, we plan to collect these regulatory fees in the August-September 2006 time frame in order to collect the required amount by the end of the fiscal year. In addition to the \$288,771,000 amount above, pursuant to section 3013 of the Deficit Reduction Act (Public Law 109-171), the Commission is required to assess and collect an additional \$10,000,000 in fiscal year 2006 as offsetting receipts.<sup>2</sup>

<sup>2</sup> Section 3013 of Public Law 109-171 reads as follows, "In addition to any fees assessed under the
