BILLING CODE 3410-11-P

DEPARTMENT OF AGRICULTURE

Natural Resources Conservation Service

Lost River Watershed, Hardy County, WV

AGENCY: Natural Resources Conservation Service.

ACTION: Notice of intent to prepare a supplemental Environmental Impact Statement for the Lost River Subwatershed of the Potomac River Watershed Hardy County, West Virginia.

SUMMARY: Pursuant to section 102(2)(c) of the National Environmental Policy act of 1969; the Council on Environmental Quality Guidelines (40 CFR part 1500); and the Natural Resources Conservation Service Guidelines (7 CFR part 650); the Natural Resources Conservation Service (NRCS), U. S. Department of Agriculture, is giving notice that a Supplemental Environmental Impact Statement (SEIS) is being prepared for the Lost River Subwatershed of the Potomac River Watershed, Hardy County, West Virginia. The SEIS will evaluate potential impacts to the natural, physical, and human environment as a result of the flood damage reduction and water supply storage measures proposed for the Lost River Subwatershed, Hardy County, West Virginia. The NRCS is soliciting public concerns/issues to be evaluated during the study process.

FOR FURTHER INFORMATION CONTACT: Ronald L. Hilliard, State Conservationist, Natural Resources Conservation Service, 75 High Street, Room 301, Morgantown, West Virginia 26505, telephone (304) 284-7545.

SUPPLEMENTARY INFORMATION: The Lost River Work Plan and Final Environmental Impact Statement (FEIS) was prepared in October 1974 and approved for operations on February 11,

1975 under authority of the Flood Control Act, Public Law 534. The approved work plan included provisions for land treatment measures covering 94,750 acres, four single-purpose floodwater retarding impoundments, and one multiple-purpose floodwater retarding and recreation impoundment. Two of the single-purpose floodwater retarding impoundments (Site 4, Kimsey Run and Site 27, Upper Cove Run) have been installed. In March 2001, the watershed plan was amended to add 400 acre-feet of rural water supply storage as a purpose for Site 10 (Camp Branch). The impoundment at Site 10 has also been installed. Planning is underway for the fourth impoundment (Site 16, Lower Cove Run) that was originally planned as a multiple purpose floodwater retarding and recreation structure. At the request of the local sponsoring organizations, the recreation component of Site 16 has been eliminated (other than incidental recreational uses) and the purpose of rural water supply has been added for this impoundment. The final impoundment (Site 23, Culler Run) has been determined not feasible due to engineering and geological concerns and will be eliminated as a component of the Lost River Watershed Project. Other alternatives originally considered to achieve the project purposes in the 1974 Plan-FEIS included land treatment, flood proofing, flood insurance, floodplain purchase, stream channel modification, diking, and various combinations thereof. Also considered was the "no project" alternative.

Alternatives to be addressed in the Draft Supplemental Environmental Impact Statement (DSEIS) include the 1974 baseline conditions, the No-further Action Alternative, and Alternative 1. Alternative 1 includes constructing Site 16 for floodwater retention and rural water supply, and deleting Site 23 (Cullers Run) from the Plan.

The environmental assessment of this federally assisted action indicates that the project may cause significant local, regional, or national impacts on the environment. As a result of these findings, Ronald L. Hilliard, State Conservationist, has determined that the preparation and review of a SEIS is needed for this project. Since impounded water may inundate a small portion of National Forest System Land, the U. S. Forest Service is a cooperating agency.

A DSEIS will be prepared and circulated for review by agencies and the public. The NRCS invites participation and consultation of agencies and individuals that have special expertise, legal jurisdiction, or

interest in the preparation of the DSEIS. Meetings may be scheduled upon the request of agencies or individuals to discuss the proposed action. Further information on the proposed action may be obtained from Ronald L. Hilliard, State Conservationist, at the above address, or telephone (304-284-7545).

Dated: March 30, 2006.

Ronald L. Hilliard,

State Conservationist.

BILLING CODE 3410-16-P

DEPARTMENT OF COMMERCE

Submission for OMB Review; Comment Request

DOC has submitted to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. chapter 35).

Agency: U.S. Census Bureau.

Title: 2007 Census of Governments Prelist Survey of Special Districts.

Form Number(s): G-24.

Agency Approval Number: None.

Type of Request: New collection.

Burden: 750 hours.

Number of Respondents: 1,500.

Avg Hours Per Response: 30 minutes.

Needs and Uses: The Census Bureau requests Office of Management and Budget approval of data collection Form G-24. This form will be used to update the universe list of special district governments for the 2007 Census of Governments. The information requested on this form is identical to that requested in the prelist phase of the 2002 Census of Governments. The G-24 survey form will be imprinted with a list of known special districts within the areas of each of the 1,500 counties, consolidated city-county governments, and independent cities designated to receive the form. Respondents will use the G-24 form to update the listing by correcting the imprinted special district list and by reporting any additional districts. The mail canvass is supplemented by calls to the major nonrespondents. The expected response rate is 90 percent based on the response rate achieved during the 2002 Prelist Survey of Special Districts. Procedures, with the exception of using more advanced computer technology to generate the form imprinted with the list of known special districts, are the same as used for the 2002 Prelist Survey.

This form will be used to verify the existence of special districts for the

2007 Census of Governments, to obtain current addresses and to identify new districts. The quinquennial Census of Governments enumerates five types of local governments: County governments, municipal governments, township governments, school district governments, and special district governments. Lists of county, municipal and township governments are kept up-to-date through the Boundary and Annexation Survey conducted annually by the Geography Division of the Census Bureau. However, there is no national source of information on special district governments. We, therefore, enlist the help of county clerks, and similar county officials to provide information on changes in special districts, including the creation of new districts, disincorporation of existing districts, and address changes. An updated list is necessary for the subsequent phases of the Census of Governments to ensure complete coverage and minimize the number of postmaster returns and remailings caused by inaccurate addresses.

Affected Public: State, local or Tribal government.

Frequency: Every 5 years.

Respondent's Obligation: Voluntary.

Legal Authority: Title 13 U.S.C. 161.

OMB Desk Officer: Susan Schechter, (202) 395-5103.

Copies of the above information collection proposal can be obtained by calling or writing Diana Hynek, Departmental Paperwork Clearance Officer, (202)482-0266, Department of Commerce, room 6625, 14th and Constitution Avenue, NW., Washington, DC 20230 (or via the Internet at dhynek@doc.gov).

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to Susan Schechter, OMB Desk Officer either by fax (202-395-7245) or e-mail (susan_schechter@omb.eop.gov).

Dated: April 4, 2006.

Madeleine Clayton,

Management Analyst, Office of the Chief Information Officer.

BILLING CODE 3510-07-P

DEPARTMENT OF COMMERCE

Submission for OMB Review; Comment Request

The Department of Commerce has submitted to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the

Paperwork Reduction Act (44 U.S.C. Chapter 35).

Agency: Minority Business Development Agency (MBDA).

Title: Online Databases: Performance, Phoenix, and Opportunity.

Form Number(s): None.

OMB Approval Number: 0640-0002.

Type of Request: Regular submission.

Burden Hours: 5,297.

Number of Respondents: 6,732.

Average Hours Per Response: 30 minutes.

Needs and Uses: A primary mission of MBDA's is to increase the opportunity for minority and socially disadvantaged minorities to participate in our national economy through the formation and development of competitive minority-owned firms. To this end, MBDA awards competitive agreements for the delivery of management and technical assistance services directly to minority entrepreneurs. The purpose of the Performance, Phoenix and Opportunity Databases are to provide an electronic system for (1) entering the accomplishments of MBDA's funded organizations (Performance), (2) entering minority-owned businesses doing business in the United States (Phoenix), and (3) matchmaking contract opportunities with eligible minority companies listed in the Phoenix database (Opportunity).

Affected Public: Business or other for-profit organizations, not-for-profits, and State, Local or Tribal governments.

Frequency: On occasion, quarterly, and biennially.

Respondent's Obligation: Voluntary.

OMB Desk Officer: David Rostker, (202) 395-3897.

Copies of the above information collection proposal can be obtained by calling or writing Diana Hynek, Departmental Paperwork Clearance Officer, (202) 482-0266, Department of Commerce, Room 6625, 14th and Constitution Avenue, NW., Washington, DC 20230 (or via the Internet at dhynek@doc.gov).

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to David Rostker, OMB Desk Officer, FAX number (202) 395-7258 or via the Internet at David_Rostker@omb.eop.gov.

Dated: April 4, 2006.

BILLING CODE 3510-21-P

DEPARTMENT OF COMMERCE

Census Bureau

Survey of Plant Capacity Utilization

ACTION: Proposed collection; comment request.

SUMMARY: The Department of Commerce, as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to take this opportunity to comment on proposed and/or continuing information collections, as required by the Paperwork Reduction Act of 1995, Public Law 104-13 (44 U.S.C. 3506(c)(2)(A)).

DATES: Written comments must be submitted on or before June 9, 2006.

ADDRESSES: Direct all written comments to Diana Hynek, Departmental Paperwork Clearance Officer, Department of Commerce, Room 6625, 14th and Constitution Avenue, NW., Washington, DC 20233 (or via the Internet at dhynek@doc.gov).

FOR FURTHER INFORMATION CONTACT: Requests for additional information or copies of the information collection instrument and instructions should be directed to Julius Smith Jr., U.S. Census Bureau, Room 2135 FOB-4, Washington, DC 20233, (301) 763-4683 (or via the Internet at julius.smith.jr@census.gov).

SUPPLEMENTARY INFORMATION:

I. Abstract

The Census Bureau plans to revise the current OMB clearance to add a quarterly version of the Survey of Plant Capacity Utilization (SPCU). The SPCU is currently conducted annually, collecting data for fourth quarter operations. The annual survey collects, from manufacturing plants and publishers, the value of actual production and the value of production that could have been achieved if operating at "full production" and "emergency production" levels. The survey also collects data on work patterns by shift. These data include hours in operation, production workers, and plant hours worked. This annual survey will not change, it will continue to collect fourth quarter data.

The quarterly SPCU, form MQ-C2 will collect a subset of the annual survey for the first, second and third quarters. These data include actual and full production estimates as well as work pattern data for days of the week in operation, hours per week in operation, weeks in operation during
