

**DEPARTMENT OF ENERGY****Federal Energy Regulatory Commission****[Docket No. RP06-177-001 and 002]****Iroquois Gas Transmission System, L.P.; Notice of Compliance Filing**

April 11, 2006.

Take notice that on April 3, 2006, replacing the March 30, 2006, filing in Docket No. RP06-177-001, Iroquois Gas Transmission System, L.P. (Iroquois) tendered for filing as part of its FERC Gas Tariff, First Revised Volume No. 1, the following revised sheet to be effective five days after the date Iroquois notifies the Commission that it intends to implement Hub Service:

Substitute Second Revised Sheet No. 60E  
Alternate Substitute Second Revised Sheet No. 60E  
Original Sheet 60F

Iroquois states that it has learned that the revised tariff sheets (Substitute Second Revised Sheet No. 60E and Alt. Substitute Second Revised Sheet No. 60E) submitted in the March 30, 2006 compliance filing inadvertently contained the subject language in subsection (b) to section 5 of its General Terms & Conditions rather than subsection (a) to section 5.

Iroquois states that copies of its filing were served on all jurisdictional customers and interested state regulatory agencies and all parties to the proceeding.

Any person desiring to protest this filing must file in accordance with Rule 211 of the Commission's Rules of Practice and Procedure (18 CFR 385.211). Protests to this filing will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Such protests must be filed in accordance with the provisions of section 154.210 of the Commission's regulations (18 CFR 154.210). Anyone filing a protest must serve a copy of that document on all the parties to the proceeding.

The Commission encourages electronic submission of protests in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and 14 copies of the protest to the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426.

This filing is accessible on-line at <http://www.ferc.gov>, using the "eLibrary" link and is available for review in the Commission's Public

Reference Room in Washington, DC. There is an "eSubscription" link on the Web site that enables subscribers to receive e-mail notification when a document is added to a subscribed docket(s). For assistance with any FERC Online service, please e-mail [FERCOnlineSupport@ferc.gov](mailto:FERCOnlineSupport@ferc.gov), or call (866) 208-3676 (toll free). For TTY, call (202) 502-8659.

**BILLING CODE 6717-01-P****DEPARTMENT OF ENERGY****Federal Energy Regulatory Commission****[Project No. 199]****South Carolina Public Service Authority; Notice of Authorization for Continued Project Operation**

April 11, 2006.

On November 20, 2000, South Carolina Public Service Authority, licensee for the Santee Cooper Hydroelectric Project No. 199, filed an application for a new or subsequent license pursuant to the Federal Power Act (FPA) and the Commission's regulations. Project No. 199 is located on the Santee and Cooper Rivers, in Berkeley, Calhoun, Clarendon, Orangeburg, and Sumter Counties, South Carolina.

The license for Project No. 199 was issued for a period ending March 31, 2006. Section 15(a)(1) of the FPA, 16 U.S.C. 808(a)(1), requires the Commission, at the expiration of a license term, to issue from year to year an annual license to the then licensee under the terms and conditions of the prior license until a new license is issued, or the project is otherwise disposed of as provided in section 15 or any other applicable section of the FPA. If the project's prior license waived the applicability of section 15 of the FPA, then, based on section 9(b) of the Administrative Procedure Act, 5 U.S.C. 558(c), and as set forth at 18 CFR 16.21(a), if the licensee of such project has filed an application for a subsequent license, the licensee may continue to operate the project in accordance with the terms and conditions of the license after the minor or minor part license expires, until the Commission acts on its application. If the licensee of such a project has not filed an application for a subsequent license, then it may be required, pursuant to 18 CFR 16.21(b), to continue project operations until the

Commission issues someone else a license for the project or otherwise orders disposition of the project.

If the project is subject to section 15 of the FPA, notice is hereby given that an annual license for Project No. 199 is issued to South Carolina Public Service Authority for a period effective April 1, 2006 through March 31, 2007, or until the issuance of a new license for the project or other disposition under the FPA, whichever comes first. If issuance of a new license (or other disposition) does not take place on or before March 1, 2007, notice is hereby given that, pursuant to 18 CFR 16.18(c), an annual license under section 15(a)(1) of the FPA is renewed automatically without further order or notice by the Commission, unless the Commission orders otherwise.

If the project is not subject to section 15 of the FPA, notice is hereby given that South Carolina Public Service Authority of Berkeley, Calhoun, Clarendon, Orangeburg, and Sumter Counties, South Carolina, is authorized to continue operation of the Santee Cooper Project No. 199 until such time as the Commission acts on its application for subsequent license.

**Magalie Salas,**  
*Secretary.*

**BILLING CODE 6717-01-P****DEPARTMENT OF ENERGY****Federal Energy Regulatory Commission****[Docket No. CP06-114-000]****Southern Natural Gas Company; Notice of Application**

April 11, 2006.

Take notice that on April 3, 2006, Southern Natural Gas Company (Southern), P.O. Box 2563, Birmingham, Alabama 35202-2563, filed in Docket No. CP06-114-000 an application pursuant to section 7(b) of the Natural Gas Act (NGA), as amended, for authorization to abandon in place certain pipeline and appurtenant facilities in Douglas and Fulton County, Georgia, all as more fully set forth in the application which is on file with the Commission and open to public inspection. This filing may also be viewed on the Commission's Web site at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number, excluding the last three digits, in the docket number field to access the document. For assistance, call (202) 502-8659 or TTY, (202) 208-3676.

Southern proposes to abandon in place a small segment of its 20-inch North Main Loop Line commencing at milepost 435.8 to milepost 454.8 located in Douglas and Fulton Counties, Georgia. Southern states that abandonment of the 20 inch North Main Loop segment described in its application will not affect its ability to meet the firm requirements of its firm transportation customers.

Any questions regarding this application should be directed to Patricia S. Francis, Senior Counsel, Southern Natural Gas Company, P.O. Box 2563, Birmingham, Alabama 35202-2563 at (205) 325-7696.

There are two ways to become involved in the Commission's review of this project. First, any person wishing to obtain legal status by becoming a party to the proceedings for this project should, on or before the comment date stated below, file with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, a motion to intervene in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the NGA (18 CFR 157.10). A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies of all documents filed by the applicant and by all other parties. A party must submit 14 copies of filings made with the Commission and must mail a copy to the applicant and to every other party in the proceeding. Only parties to the proceeding can ask for court review of Commission orders in the proceeding.

However, a person does not have to intervene in order to have comments considered. The second way to participate is by filing with the Secretary of the Commission, as soon as possible, an original and two copies of comments in support of or in opposition to this project. The Commission will consider these comments in determining the appropriate action to be taken, but the filing of a comment alone will not serve to make the filer a party to the proceeding. The Commission's rules require that persons filing comments in opposition to the project provide copies of their protests only to the party or parties directly involved in the protest.

Persons who wish to comment only on the environmental review of this project should submit an original and two copies of their comments to the Secretary of the Commission. Environmental commentors will be placed on the Commission's environmental mailing list, will receive

copies of the environmental documents, and will be notified of meetings associated with the Commission's environmental review process. Environmental commentors will not be required to serve copies of filed documents on all other parties. However, the non-party commentors will not receive copies of all documents filed by other parties or issued by the Commission (except for the mailing of environmental documents issued by the Commission) and will not have the right to seek court review of the Commission's final order.

The Commission strongly encourages electronic filings of comments protests and interventions via the Internet in lieu of paper. See 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's Web site (<http://www.ferc.gov>) under the "e-Filing" link.

*Comment Date:* May 2, 2006.

## DEPARTMENT OF ENERGY

### Federal Energy Regulatory Commission

[Docket No. OR06-7-000]

#### Eighty-Eight Oil LLC, Complainant, v. Tesoro High Plains Pipeline Company, Respondent; Notice of Complaint

April 11, 2006.

Take notice that on April 10, 2006, pursuant to Rule 206 of the Commission's Rules of Practice and Procedures, 18 CFR 385.206 (2005), and the Commission's Rules of Practice Procedure Applicable to Oil Pipelines, 18 CFR 343.1(a), Eighty-Eight Oil LLC (Eighty-Eight) filed a complaint in reference to Tesoro High Plains Pipeline Company's (THPPC) denial of service to Eighty-Eight for the interstate transportation of crude oil under THPPC's FERC Tariff No. 3.

Eighty-Eight certifies that copies of the complaint were served on THPPC's counsel.

Any person desiring to intervene or to protest this filing must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214). Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a notice of intervention or motion to intervene, as

appropriate. The Respondent's answer and all interventions, or protests must be filed on or before the comment date. The Respondent's answer, motions to intervene, and protests must be served on the Complainants.

The Commission encourages electronic submission of protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and 14 copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426.

This filing is accessible online at <http://www.ferc.gov>, using the "eLibrary" link and is available for review in the Commission's Public Reference Room in Washington, DC. There is an "eSubscription" link on the Web site that enables subscribers to receive e-mail notification when a document is added to a subscribed docket(s). ## DEPARTMENT OF ENERGY

### Federal Energy Regulatory Commission

[Project No. 2503-085—South Carolina]

#### Duke Power, a Division of Duke Energy Corporation; Notice of Availability of Environmental Assessment

April 11, 2006.

In accordance with the National Environmental Policy Act of 1969 and the Federal Energy Regulatory Commission's (Commission) regulations, 18 CFR part 380 (Order No. 486, 52 FR 47897), the Office of Energy Projects has reviewed an application for non-project use of project lands and waters at the Keowee-Toxaway Hydroelectric Project (FERC No. 2503), and has prepared an environmental assessment (EA) for the proposed non-project use. Duke Power is the licensee for the project. The project is located on the Little and Keowee Rivers in Oconee County, South Carolina.

In the application, Duke Power requests Commission authorization to lease to the Waterford Communities
