

acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, to remove impediments to, and perfect the mechanisms of, a free and open market and a national market system and, in general, to protect investors and the public interest.

The Exchange believes that the proposed non-substantive change would remove impediments to, and perfect the mechanisms of, a free and open market and a national market system and, in general, protect investors and the public interest because they are designed to provide greater specificity and clarity to the Price List, thereby removing impediments to and perfecting the mechanism of a free and open market and a national market system, and, in general, protecting investors and the public interest. The proposed change to footnote 10 would not alter the application of any fees or rebates on the Price List. As such, the proposed changes would foster cooperation and coordination with persons engaged in facilitating transactions in securities and would remove impediments to and perfect the mechanism of a free and open market and a national exchange system. In particular, the Exchange believes that the proposed change would provide greater clarity to members and member organizations and the public regarding the Exchange's Rules. It is in the public interest for rules to be accurate and concise so as to eliminate the potential for confusion.

For the foregoing reasons, the Exchange believes that the proposal is consistent with the Act.

B. Self-Regulatory Organization's Statement on Burden on Competition

In accordance with Section 6(b)(8) of the Act,⁸ the Exchange believes that the proposed rule change would not impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. Instead, the proposed changes will have no impact on competition as they are not designed to address any competitive issues but rather are designed to make non-substantive technical corrections and update the Exchange's Price List.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change is effective upon filing pursuant to Section 19(b)(3)(A)⁹ of the Act and subparagraph (f)(2) of Rule 19b-4¹⁰ thereunder, because it establishes a due, fee, or other charge imposed by the Exchange.

At any time within 60 days of the filing of such proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings under Section 19(b)(2)(B)¹¹ of the Act to determine whether the proposed rule change should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission's internet comment form (<http://www.sec.gov/rules/sro.shtml>); or
- Send an email to rule-comments@sec.gov. Please include File Number SR-NYSE-2018-16 on the subject line.

Paper Comments

- Send paper comments in triplicate to Brent J. Fields, Secretary, Securities and Exchange Commission, 100 F Street NE, Washington, DC 20549-1090. All submissions should refer to File Number SR-NYSE-2018-16. This file number should be included on the subject line if email is used. To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission's internet website (<http://www.sec.gov/>

[rules/sro.shtml](#)). Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for website viewing and printing in the Commission's Public Reference Room, 100 F Street NE, Washington, DC 20549 on official business days between the hours of 10:00 a.m. and 3:00 p.m. Copies of the filing also will be available for inspection and copying at the principal office of the Exchange. All comments received will be posted without change. Persons submitting comments are cautioned that we do not redact or edit personal identifying information from comment submissions. You should submit only information that you wish to make available publicly. All submissions should refer to File Number SR-NYSE-2018-16 and should be submitted on or before May 29, 2018.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.¹²

Eduardo A. Aleman,
Assistant Secretary.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-83142; File No. SR-NASDAQ-2018-032]

Self-Regulatory Organizations; The Nasdaq Stock Market LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change to List and Trade Exchange-Traded Managed Fund Shares of the Gabelli Pet Parent Fund Under Nasdaq Rule 5745

May 1, 2018.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on April 18, 2018, The Nasdaq Stock Market LLC ("Nasdaq" or "Exchange") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Commission is

publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to list and trade under Nasdaq Rule 5745 (Exchange-Traded Managed Fund Shares) the common shares ("Shares") of the exchange-traded managed fund described herein (the "Fund").³

The text of the proposed rule change is available on the Exchange's website at <http://nasdaq.cchwallstreet.com>, at the principal office of the Exchange, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to list and trade the Shares of the Fund under Nasdaq Rule 5745, which governs the listing and trading of exchange-traded managed fund shares, as defined in Nasdaq Rule 5745(c)(1), on the Exchange.⁴ The Fund listed below is registered with the Commission as an open-end investment company and has filed a registration statement on Form N-1A ("Registration Statement") with

the Commission. The Fund is a series of the Gabelli NextShares™ Trust (the "Trust") and will be advised by an investment adviser registered under the Investment Advisers Act of 1940 ("Adviser"), as described below. The Fund will be actively managed and will pursue the principal investment strategy noted below.⁵

Gabelli NextShares™ Trust

The Trust is registered with the Commission as an open-end investment company and has filed a Registration Statement with the Commission.⁶ The following Fund is a series of the Trust.⁷

Gabelli Funds, LLC will be the Adviser to the Fund. The Adviser is not a registered broker-dealer, although it is affiliated with a broker-dealer. Gabelli Funds, LLC will also act as administrator to the Fund. The Adviser has implemented and will maintain a firewall with respect to its affiliated broker-dealer regarding access to information concerning the composition of and/or changes to the Fund's portfolio.⁸ In addition, personnel who make decisions on the Fund's portfolio composition must be subject to procedures designed to prevent the use

⁵ Additional information regarding the Fund will be available on one of two free public websites (www.gabelli.com or www.nextshares.com, as indicated more fully below), as well as in the Registration Statement for the Fund.

⁶ See Registration Statement on Form N-1A for the Trust dated April 4, 2018 (File Nos. 333-211881 and 811-23160). The descriptions of the Fund and the Shares contained herein conform to the Registration Statement.

⁷ The Commission has issued an order granting the Trust and certain affiliates exemptive relief under the Investment Company Act. See Investment Company Act Release No. 31608 (May 19, 2015) (File No. 812-14438).

⁸ An investment adviser to an open-end fund is required to be registered under the Investment Advisers Act of 1940 (the "Advisers Act"). As a result, the Adviser and its related personnel are subject to the provisions of Rule 204A-1 under the Advisers Act relating to codes of ethics. This Rule requires investment advisers to adopt a code of ethics that reflects the fiduciary nature of the relationship to clients as well as compliance with other applicable securities laws. Accordingly, procedures designed to prevent the communication and misuse of non-public information by an investment adviser must be consistent with Rule 204A-1 under the Advisers Act. In addition, Rule 206(4)-7 under the Advisers Act makes it unlawful for an investment adviser to provide investment advice to clients unless such investment adviser has (i) adopted and implemented written policies and procedures reasonably designed to prevent violation, by the investment adviser and its supervised persons, of the Advisers Act and the Commission rules adopted thereunder; (ii) implemented, at a minimum, an annual review regarding the adequacy of the policies and procedures established pursuant to subparagraph (i) above and the effectiveness of their implementation; and (iii) designated an individual (who is a supervised person) responsible for administering the policies and procedures adopted under subparagraph (i) above.

and dissemination of material, non-public information regarding the open-end fund's portfolio.

In the event that (a) the Adviser registers as a broker-dealer or becomes newly affiliated with a broker-dealer, or (b) any new adviser or a sub-adviser to the Fund is a registered broker-dealer or becomes affiliated with a broker-dealer, it will implement and maintain a firewall with respect to its relevant personnel and/or such broker-dealer affiliate, if applicable, regarding access to information concerning the composition of and/or changes to the relevant Fund's portfolio and will be subject to procedures designed to prevent the use and dissemination of material non-public information regarding such portfolio. G.distributors, LLC, will be the principal underwriter and distributor of the Fund's Shares. The Bank of New York Mellon will act as custodian and transfer agent. BNY Mellon Investment Servicing (US) Inc. will act as the sub-administrator to the Fund. Interactive Data Pricing and Reference Data, Inc. will be the IIV calculator to the Fund.

The Fund will be actively managed and will pursue the principal investment strategy described below.⁹

1. Gabelli Pet Parent Fund™—Companion Pets, Their Parents, and The Ecosystems (the "Gabelli Pet Parent Fund")

The Gabelli Pet Parent Fund seeks to provide capital appreciation. Under normal market conditions, the Gabelli Pet Parent Fund invests at least 80% of its net assets, plus borrowings for investment purposes, in common and preferred shares of publicly traded domestic and foreign companies of all capitalization ranges in the pet industry. The pet industry includes companies that offer services, support, and products for pets and pet parents including, without limitation, the following specific sectors: Food, healthcare, veterinary services, pharmaceuticals, wellness, nutrition, equipment, medical and dental supplies and services, recreation and entertainment, agriculture, infrastructure related to parks, toys and games, exercise, consumer products that support these sectors, and any other sector which supports the well-being of pets and pet parents.

Creations and Redemptions of Shares

Shares will be issued and redeemed on a daily basis for the Fund at the next-

⁹ See footnote 5.

³ Except for the specific Fund information set forth below, this rule filing conforms to the rule filing, as modified by amendments 1 and 2 thereto, relating to the listing and trading on Nasdaq of the shares of 18 series of the Eaton Vance ETMF Trust and the Eaton Vance ETMF Trust II, as approved by the Commission in Securities Exchange Act Release No. 75499 (Jul. 21, 2015) (SR-NASDAQ-2015-036) and to the rule filing, as modified by amendment 1 thereto, relating to the listing and trading on Nasdaq of the shares of 5 series of the Gabelli NextShares Trust, as approved by the Commission in Securities Exchange Act Release No. 79377 (Nov. 22, 2016) (SR-NASDAQ-2016-134).

⁴ The Commission approved Nasdaq Rule 5745 in Securities Exchange Act Release No. 34-73562 (Nov. 7, 2014), 79 FR 68309 (Nov. 14, 2014) (SR-NASDAQ-2014-020).

determined net asset value (“NAV”)¹⁰ in specified blocks of Shares called “Creation Units.” A Creation Unit will consist of at least 25,000 Shares. Creation Units may be purchased and redeemed by or through “Authorized Participants.”¹¹ Purchases and sales of Shares in amounts less than a Creation Unit may be effected only in the secondary market, as described below, and not directly with the Fund.

The creation and redemption process for Funds [sic] may be effected “in kind,” in cash, or in a combination of securities and cash. Creation “in kind” means that an Authorized Participant—usually a brokerage house or large institutional investor—purchases the Creation Unit with a basket of securities equal in value to the aggregate NAV of the Shares in the Creation Unit. When an Authorized Participant redeems a Creation Unit in kind, it receives a basket of securities equal in value to the aggregate NAV of the Shares in the Creation Unit.¹²

Composition File

As defined in Nasdaq Rule 5745(c)(3), the Composition File is the specified portfolio of securities and/or cash that the Fund will accept as a deposit in issuing a Creation Unit of Shares, and the specified portfolio of securities and/or cash that the Fund will deliver in a redemption of a Creation Unit of Shares. The Composition File will be disseminated through the NSCC once

each business day before the open of trading in Shares on such day and also will be made available to the public each day on a free website.¹³ Because the Fund seeks to preserve the confidentiality of its current portfolio trading program, the Fund’s Composition File generally will not be a pro rata reflection of the Fund’s investment positions. Each security included in the Composition File will be a current holding of the Fund, but the Composition File generally will not include all of the securities in the Fund’s portfolio or match the weightings of the included securities in the portfolio. Securities that the Adviser is in the process of acquiring for the Fund generally will not be represented in the Fund’s Composition File until their purchase has been completed. Similarly, securities that are held in the Fund’s portfolio but in the process of being sold may not be removed from its Composition File until the sale program is substantially completed. When creating and redeeming Shares in kind, the Fund will use cash amounts to supplement the in-kind transactions to the extent necessary to ensure that Creation Units are purchased and redeemed at NAV. The Composition File also may consist entirely of cash, in which case it will not include any of the securities in the Fund’s portfolio.¹⁴

Transaction Fees

All persons purchasing or redeeming Creation Units of the Fund are expected to incur a transaction fee to cover the estimated cost to that Fund of processing the transaction, including the costs of clearance and settlement charged to it by NSCC or DTC, and the estimated trading costs (*i.e.*, brokerage commissions, bid-ask spread, and market impact) to be incurred in converting the Composition File to or from the desired portfolio holdings. The transaction fee is determined daily and will be limited to amounts determined by the Adviser to be appropriate to defray the expenses that the Fund incurs in connection with the purchase or redemption of Creation Units.

The purpose of transaction fees is to protect the Fund’s existing shareholders from the dilutive costs associated with the purchase and redemption of

Creation Units. Transaction fees will differ among funds and may vary over time for a given fund depending on the estimated trading costs for its portfolio positions and Composition File, processing costs and other considerations. Funds that specify greater amounts of cash in their Composition File may impose higher transaction fees.

In addition, funds that include in their Composition File instruments that clear through DTC may impose higher transaction fees than funds with a Composition File consisting solely of instruments that clear through NSCC, because DTC may charge more than NSCC in connection with Creation Unit transactions.¹⁵ The transaction fees applicable to the Fund’s purchases and redemptions on a given business day will be disseminated through the NSCC prior to the open of market trading on that day and also will be made available to the public each day on a free website.¹⁶ In all cases, the transaction fees will be limited in accordance with the requirements of the Commission applicable to open-end management investment companies offering redeemable securities.

NAV-Based Trading

Because Shares will be listed and traded on the Exchange, Shares will be available for purchase and sale on an intraday basis. Shares will be purchased and sold in the secondary market at prices directly linked to the Fund’s next-determined NAV using a new trading protocol called “NAV-Based Trading.”¹⁷ All bids, offers, and execution prices of Shares will be expressed as a premium/discount (which may be zero) to the Fund’s next-determined NAV (*e.g.*, NAV-\$0.01, NAV+\$0.01). The Fund’s NAV will be determined each business day, normally

¹⁰ As with other registered open-end investment companies, NAV generally will be calculated daily Monday through Friday as of the close of regular trading on the New York Stock Exchange, normally 4:00 p.m. Eastern Time (“E.T.”). NAV will be calculated by dividing the Fund’s net asset value by the number of Shares outstanding. Information regarding the valuation of investments in calculating the Fund’s NAV will be contained in the Registration Statement for its Shares.

¹¹ “Authorized Participants” will be either: (1) “participating parties,” *i.e.*, brokers or other participants in the Continuous Net Settlement System (“CNS System”) of the National Securities Clearing Corporation (“NSCC”), a clearing agency registered with the Commission and affiliated with the Depository Trust Company (“DTC”), or (2) DTC participants, which in either case have executed participant agreements with the Fund’s distributor and transfer agent regarding the creation and redemption of Creation Units. Investors will not have to be Authorized Participants in order to transact in Creation Units, but must place an order through and make appropriate arrangements with an Authorized Participant for such transactions.

¹² In compliance with Nasdaq Rule 5745(b)(5), which applies to Shares based on an international or global portfolio, the Trust’s application for exemptive relief under the Investment Company Act states that the Fund will comply with the federal securities laws in accepting securities for deposits and satisfying redemptions with securities, including that the securities accepted for deposits and the securities used to satisfy redemption requests are sold in transactions that would be exempt from registration under the Securities Act of 1933, as amended (15 U.S.C. 77a).

¹³ The free website containing the Composition File will be www.nextshares.com.

¹⁴ In determining whether the Fund will issue or redeem Creation Units entirely on a cash basis, the key consideration will be the benefit that would accrue to the Fund and its investors. For instance, in bond transactions, the Adviser may be able to obtain better execution for the Fund than Authorized Participants because of the Adviser’s size, experience and potentially stronger relationships in the fixed-income markets.

¹⁵ Authorized Participants that participate in the CNS System of the NSCC are expected to be able to use the enhanced NSCC/CNS process for effecting in-kind purchases and redemptions of ETFs (the “NSCC Process”) to purchase and redeem Creation Units of the Fund that limit the composition of their baskets to include only NSCC Process-eligible instruments (generally domestic equity securities and cash). Because the NSCC Process is generally more efficient than the DTC clearing process, NSCC is likely to charge the Fund less than DTC to settle purchases and redemptions of Creation Units.

¹⁶ The free website will be www.nextshares.com.

¹⁷ Aspects of NAV-Based Trading are protected intellectual property subject to issued and pending U.S. patents held by NextShares Solutions LLC (“NextShares Solutions”), a wholly owned subsidiary of Eaton Vance Corp. Nasdaq has entered into a license agreement with NextShares Solutions to allow for NAV-Based Trading on the Exchange of exchange-traded managed funds that have themselves entered into license agreements with NextShares Solutions.

as of 4:00 p.m., E.T. Trade executions will be binding at the time orders are matched on Nasdaq's facilities, with the transaction prices contingent upon the determination of NAV.

Trading Premiums and Discounts

Bid and offer prices for Shares will be quoted throughout the day relative to NAV. The premium or discount to NAV at which Share prices are quoted and transactions are executed will vary depending on market factors, including the balance of supply and demand for Shares among investors, transaction fees, and other costs in connection with creating and redeeming Creation Units of Shares, the cost and availability of borrowing Shares, competition among market makers, the Share inventory positions and inventory strategies of market makers, the profitability requirements and business objectives of market makers, and the volume of Share trading. Reflecting such market factors, prices for Shares in the secondary market may be above, at or below NAV. Funds with higher transaction fees may trade at wider premiums or discounts to NAV than other funds with lower transaction fees, reflecting the added costs to market makers of managing their Share inventory positions through purchases and redemptions of Creation Units.

Because making markets in Shares will be simple to manage and low risk, competition among market makers seeking to earn reliable, low-risk profits should enable the Shares to routinely trade at tight bid-ask spreads and narrow premiums/discounts to NAV. As noted below, the Fund will maintain a public website that will be updated on a daily basis to show current and historical trading spreads and premiums/discounts of Shares trading in the secondary market.¹⁸

Transmitting and Processing Orders

Member firms will utilize certain existing order types and interfaces to transmit Share bids and offers to Nasdaq, which will process Share trades like trades in shares of other listed securities.¹⁹ In the systems used to transmit and process transactions in Shares, the Fund's next-determined NAV will be represented by a proxy price (e.g., 100.00) and a premium/

discount of a stated amount to the next-determined NAV to be represented by the same increment/decrement from the proxy price used to denote NAV (e.g., NAV-\$0.01 would be represented as 99.99; NAV+\$0.01 as 100.01).

To avoid potential investor confusion, Nasdaq will work with member firms and providers of market data services to seek to ensure that representations of intraday bids, offers, and execution prices of Shares that are made available to the investing public follow the "NAV-\$0.01/NAV+\$0.01" (or similar) display format. All Shares listed on the Exchange will have a unique identifier associated with their ticker symbols, which would indicate that the Shares are traded using NAV-Based Trading. Nasdaq makes available to member firms and market data services certain proprietary data feeds that are designed to supplement the market information disseminated through the consolidated tape ("Consolidated Tape").

Specifically, the Exchange will use the Nasdaq Basic and Nasdaq Last Sale data feeds to disseminate intraday price and quote data for Shares in real time in the "NAV-\$0.01/NAV+\$0.01" (or similar) display format. Member firms could use the Nasdaq Basic and Nasdaq Last Sale data feeds to source intraday Share prices for presentation to the investing public in the "NAV-\$0.01/NAV+\$0.01" (or similar) display format.

Alternatively, member firms could source intraday Share prices in proxy price format from the Consolidated Tape and other Nasdaq data feeds (e.g., Nasdaq TotalView and Nasdaq Level 2) and use a simple algorithm to convert prices into the "NAV-\$0.01/NAV+\$0.01" (or similar) display format. As noted below, prior to the commencement of trading in the Fund, the Exchange will inform its members in an Information Circular of the identities of the specific Nasdaq data feeds from which intraday Share prices in proxy price format may be obtained.

Intraday Reporting of Quotes and Trades

All bids and offers for Shares and all Share trade executions will be reported intraday in real time by the Exchange to the Consolidated Tape²⁰ and separately disseminated to member firms and market data services through the

Exchange data feeds listed above. The Exchange will also provide the member firms participating in each Share trade with a contemporaneous notice of trade execution, indicating the number of Shares bought or sold and the executed premium/discount to NAV.²¹

Final Trade Pricing, Reporting, and Settlement

All executed Share trades will be recorded and stored intraday by Nasdaq to await the calculation of the Fund's end-of-day NAV and the determination of final trade pricing. After the Fund's NAV is calculated and provided to the Exchange, Nasdaq will price each Share trade entered into during the day at the Fund's NAV plus/minus the trade's executed premium/discount. Using the final trade price, each executed Share trade will then be disseminated to member firms and market data services via an FTP file to be created for exchange-traded managed funds and confirmed to the member firms participating in the trade to supplement the previously provided information to include final pricing.²² After the pricing is finalized, Nasdaq will deliver the Share trading data to NSCC for clearance and settlement, following the same processes used for the clearance and settlement of trades in other exchange-traded securities.

Availability of Information

Prior to the commencement of market trading in Shares, the Fund will be required to establish and maintain a public website through which its current prospectus may be downloaded.²³ In addition, a separate website (www.nextshares.com) will include additional information concerning the Fund updated on a daily basis, including the prior business day's NAV, and the following trading information for such business day expressed as premiums/discounts to NAV: (a) Intraday high, low, average, and closing prices of Shares in Exchange trading; (b) the midpoint of the highest bid and lowest offer prices as of the close of Exchange trading, expressed as a premium/discount to NAV (the "Closing Bid/Ask Midpoint"); and (c) the spread between highest bid and lowest offer prices as of the close of Exchange trading (the "Closing Bid/Ask

¹⁸ The website containing this information will be www.gabelli.com.

¹⁹ As noted below, all orders to buy or sell Shares that are not executed on the day the order is submitted will be automatically cancelled as of the close of trading on such day. Prior to the commencement of trading in the Fund, the Exchange will inform its members in an Information Circular of the effect of this characteristic on existing order types.

²⁰ Due to systems limitations, the Consolidated Tape will report intraday execution prices and quotes for Shares using a proxy price format. As noted, Nasdaq will separately report real-time execution prices and quotes to member firms and providers of market data services in the "NAV-\$0.01/NAV+\$0.01" (or similar) display format, and otherwise seek to ensure that representations of intraday bids, offers and execution prices for Shares that are made available to the investing public follow the same display format.

²¹ All orders to buy or sell Shares that are not executed on the day the order is submitted will be automatically cancelled as of the close of trading on such day.

²² File Transfer Protocol ("FTP") is a standard network protocol used to transfer computer files on the internet. Nasdaq will arrange for the daily dissemination of an FTP file with executed Share trades to member firms and market data services.

²³ See footnote 18.

Spread.”). The www.nextshares.com website will also contain charts showing the frequency distribution and range of values of trading prices, Closing Bid/Ask Midpoints, and Closing Bid/Ask Spreads over time.

The Composition File will be disseminated through the NSCC before the open of trading in Shares on each business day and also will be made available to the public each day on a free website as noted above.²⁴ Consistent with the disclosure requirements that apply to traditional open-end investment companies, a complete list of current Fund portfolio positions will be made available at least once each calendar quarter, with a reporting lag of not more than 60 days. The Fund may provide more frequent disclosures of portfolio positions at their discretion.

Reports of Share transactions will be disseminated to the market and delivered to the member firms participating in the trade contemporaneous with execution. Once the Fund’s daily NAV has been calculated and disseminated, Nasdaq will price each Share trade entered into during the day at the Fund’s NAV plus/minus the trade’s executed premium/discount. Using the final trade price, each executed Share trade will then be disseminated to member firms and market data services via an FTP file to be created for exchange-traded managed funds and confirmed to the member firms participating in the trade to supplement the previously provided information to include final pricing.

Information regarding NAV-based trading prices, best bids and offers for Shares, and volume of Shares traded will be continuously available on a real-time basis throughout each trading day on brokers’ computer screens and other electronic services.

Initial and Continued Listing

Shares will conform to the initial and continued listing criteria as set forth under Nasdaq Rule 5745. A minimum of 50,000 Shares and no less than two Creation Units of the Fund will be outstanding at the commencement of trading on the Exchange. The Exchange will obtain a representation from the issuer of the Shares that the NAV per Share will be calculated daily (on each business day that the New York Stock Exchange is open for trading) and provided to Nasdaq via the Mutual Fund Quotation Service (“MFQS”) by the fund accounting agent. As soon as the NAV is entered into MFQS, Nasdaq will disseminate the NAV to market

participants and market data vendors via the Mutual Fund Dissemination Service (“MFDS”) so all firms will receive the NAV per share at the same time. The Reporting Authority²⁵ also will implement and maintain, or ensure that the Composition File will be subject to, procedures designed to prevent the use and dissemination of material non-public information regarding the Fund’s portfolio positions and changes in the positions.

For the Fund, an estimated value of an individual Share, defined in Nasdaq Rule 5745(c)(2) as the “Intraday Indicative Value,” will be calculated and disseminated at intervals of not more than 15 minutes throughout the Regular Market Session²⁶ when Shares trade on the Exchange. The Exchange will obtain a representation from the issuer of the Shares that the IIV will be calculated on an intraday basis and provided to Nasdaq for dissemination via the Nasdaq Global Index Service (“GIDS”).

The IIV will be based on current information regarding the value of the securities and other assets held by the Fund.²⁷ The purpose of the IIVs is to enable investors to estimate the next-determined NAV so they can determine the number of Shares to buy or sell if they want to transact in an approximate dollar amount (e.g., if an investor wants to acquire approximately \$5,000 of the Fund, how many Shares should the investor buy?).²⁸

The Adviser is not a registered broker-dealer, although it is affiliated with a broker-dealer. The Adviser has implemented and will maintain a firewall with respect to its broker-dealer affiliate regarding access to information concerning the composition of and/or changes to the Fund’s portfolio. In addition, personnel who make decisions

on the Fund’s portfolio composition must be subject to procedures designed to prevent the use and dissemination of material, non-public information regarding the open-end fund’s portfolio.

In the event that (a) the Adviser registers as a broker-dealer or becomes newly affiliated with a broker-dealer, or (b) any new adviser or a sub-adviser to the Fund is a registered broker-dealer or becomes affiliated with a broker-dealer, it will implement and will maintain a firewall with respect to its relevant personnel and/or such broker-dealer affiliate, if applicable, regarding access to information concerning the composition of and/or changes to the Fund’s portfolio and will be subject to procedures designed to prevent the use and dissemination of material non-public information regarding such portfolio.

Trading Halts

The Exchange may consider all relevant factors in exercising its discretion to halt or suspend trading in Shares. Nasdaq will halt trading in Shares under the conditions specified in Nasdaq Rule 4120 and in Nasdaq Rule 5745(d)(2)(C). Additionally, Nasdaq may cease trading Shares if other unusual conditions or circumstances exist which, in the opinion of Nasdaq, make further dealings on Nasdaq detrimental to the maintenance of a fair and orderly market. To manage the risk of a non-regulatory Share trading halt, Nasdaq has in place back-up processes and procedures to ensure orderly trading. Because, in NAV-Based Trading, all trade execution prices are linked to end-of-day NAV, buyers and sellers of Shares should be less exposed to risk of loss due to intraday trading halts than buyers and sellers of conventional exchange-traded funds (“ETFs”) and other exchange-traded securities.

Trading Rules

Nasdaq deems Shares to be equity securities, thus rendering trading in Shares to be subject to Nasdaq’s existing rules governing the trading of equity securities. Nasdaq will allow trading in Shares from 9:30 a.m. until 4:00 p.m. E.T.

Every order to trade Shares of the Fund is subject to the proxy price protection threshold of plus/minus \$1.00, which determines the lower and upper threshold for the life of the order and whereby the order will be cancelled at any point if it exceeds \$101.00 or falls below \$99.00, the established thresholds.²⁹ With certain exceptions,

²⁵ See Nasdaq Rule 5745(c)(4).

²⁶ See Nasdaq Rule 4120(b)(4) (describing the three trading sessions on the Exchange: (1) Pre-Market Session from 4 a.m. to 9:30 a.m. E.T.; (2) Regular Market Session from 9:30 a.m. to 4 p.m. or 4:15 p.m. E.T.; and (3) Post-Market Session from 4 p.m. or 4:15 p.m. to 8 p.m. E.T.).

²⁷ IIVs disseminated throughout each trading day would be based on the same portfolio as used to calculate that day’s NAV. The Fund will reflect purchases and sales of portfolio positions in its NAV the next business day after trades are executed.

²⁸ Because, in NAV-Based Trading, prices of executed trades are not determined until the reference NAV is calculated, buyers and sellers of Shares during the trading day will not know the final value of their purchases and sales until the end of the trading day. The Fund’s Registration Statement, website and any advertising or marketing materials will include prominent disclosure of this fact. Although IIVs may provide useful estimates of the value of intraday trades, they cannot be used to calculate with precision the dollar value of the Shares to be bought or sold.

²⁹ See Nasdaq Rule 5745(h).

²⁴ See footnote 13.

each order also must contain the applicable order attributes, including routing instructions and time-in-force information, as described in Nasdaq Rule 4703.³⁰

Surveillance

The Exchange represents that trading in Shares will be subject to the existing trading surveillances, administered by both Nasdaq and the Financial Industry Regulatory Authority, Inc. ("FINRA") on behalf of the Exchange, which are designed to detect violations of Exchange rules and applicable federal securities laws.³¹ The Exchange represents that these procedures are adequate to properly monitor trading of Shares on the Exchange and to deter and detect violations of Exchange rules and applicable federal securities laws.

The surveillances referred to above generally focus on detecting securities trading outside their normal patterns, which could be indicative of manipulative or other violative activity. When such situations are detected, surveillance analysis follows and investigations are opened, where appropriate, to review the behavior of all relevant parties for all relevant trading violations.

FINRA, on behalf of the Exchange, will communicate as needed with other markets and other entities that are members of the Intermarket Surveillance Group ("ISG")³² regarding trading in Shares, and in exchange-traded securities and instruments held by the Fund (to the extent such exchange-traded securities and instruments are known through the publication of the Composition File and periodic public disclosures of the Fund's portfolio holdings), and FINRA may obtain trading information regarding such trading from other markets and other entities.

In addition, the Exchange may obtain information regarding trading in Shares, and in exchange-traded securities and instruments held by the Fund (to the extent such exchange-traded securities and instruments are known through the publication of the Composition File and periodic public disclosures of the Fund's portfolio holdings), from markets and other entities that are members of

ISG, which includes securities and futures exchanges, or with which the Exchange has in place a comprehensive surveillance sharing agreement.

In addition, the Exchange also has a general policy prohibiting the distribution of material non-public information by its employees.

Information Circular

Prior to the commencement of trading in the Fund, the Exchange will inform its members in an Information Circular of the special characteristics and risks associated with trading the Shares. Specifically, the Information Circular will discuss the following: (1) The procedures for purchases and redemptions of Shares in Creation Units (and noting that Shares are not individually redeemable); (2) Nasdaq Rule 2111A, which imposes suitability obligations on Nasdaq members with respect to recommending transactions in Shares to customers; (3) how information regarding the IIV and Composition File is disseminated; (4) the requirement that members deliver a prospectus to investors purchasing Shares prior to or concurrently with the confirmation of a transaction; and (5) information regarding NAV-Based Trading protocols.

As noted above, all orders to buy or sell Shares that are not executed on the day the order is submitted will be automatically cancelled as of the close of trading on such day. The Information Circular will discuss the effect of this characteristic on existing order types. The Information Circular also will identify the specific Nasdaq data feeds from which intraday Share prices in proxy price format may be obtained.

In addition, the Information Circular will advise members, prior to the commencement of trading, of the prospectus delivery requirements applicable to the Fund. Members purchasing Shares from the Fund for resale to investors will deliver a summary prospectus to such investors. The Information Circular will also discuss any exemptive, no-action and interpretive relief granted by the Commission from any rules under the Act.

The Information Circular also will reference that the Fund is subject to various fees and expenses described in the Registration Statement. The Information Circular will also disclose the trading hours of the Shares and the applicable NAV calculation time for the Shares. The Information Circular will disclose that information about the Shares will be publicly available at www.nextshares.com.

Information regarding the Fund's trading protocols will be disseminated to Nasdaq members in accordance with current processes for newly listed products. Nasdaq intends to provide its members with a detailed explanation of NAV-Based Trading through a Trading Alert issued prior to the commencement of trading in Shares on the Exchange.

Continued Listing Representations

All statements and representations made in this filing regarding (a) the description of the portfolio, (b) limitations on portfolio holdings or reference assets, (c) dissemination and availability of the reference asset or intraday indicative values, or (d) the applicability of Exchange listing rules shall constitute continued listing requirements for listing the Shares on the Exchange. In addition, the issuer has represented to the Exchange that it will advise the Exchange of any failure by the Fund to comply with the continued listing requirements, and, pursuant to its obligations under Section 19(g)(1) of the Act, the Exchange will monitor for compliance with the continued listing requirements. If the Fund is not in compliance with the applicable listing requirements, the Exchange will commence delisting procedures under the Nasdaq 5800 Series.

2. Statutory Basis

Nasdaq believes that the proposal is consistent with Section 6(b) of the Act,³³ in general, and Section 6(b)(5) of the Act,³⁴ in particular, in that it is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in facilitating transactions in securities, and to remove impediments to and perfect the mechanism of a free and open market and a national market system.

The Exchange believes that the proposed rule change is designed to prevent fraudulent and manipulative acts and practices in that the Shares would be listed and traded on the Exchange pursuant to the initial and continued listing criteria in Nasdaq Rule 5745. The Exchange believes that its surveillance procedures are adequate to properly monitor the trading of Shares on Nasdaq and to deter and detect violations of Exchange rules and the applicable federal securities laws. The Adviser is not registered as a broker-dealer, but it is affiliated with a broker-dealer. The Adviser has implemented

³⁰ See Nasdaq Rule 5745(b)(6).

³¹ FINRA provides surveillance of trading on the Exchange pursuant to a regulatory services agreement. The Exchange is responsible for FINRA's performance under this regulatory services agreement.

³² For a list of the current members of ISG, see www.isgportal.org. The Exchange notes that not all components of the Fund's portfolio may trade on markets that are members of ISG or with which the Exchange has in place a comprehensive surveillance sharing agreement.

³³ 15 U.S.C. 78f(b).

³⁴ 15 U.S.C. 78f(b)(5).

and will maintain a “firewall” between the Adviser and its broker-dealer affiliate with respect to access to information concerning the composition of and/or changes to the Fund’s portfolio holdings. The Exchange may obtain information via ISG from other exchanges that are members of ISG or with which the Exchange has entered into a comprehensive surveillance sharing agreement, to the extent necessary.

The proposed rule change is designed to promote just and equitable principles of trade and to protect investors and the public interest. The Exchange will obtain a representation from the issuer of Shares that the NAV per Share will be calculated on each business day that the New York Stock Exchange is open for trading and that the NAV will be made available to all market participants at the same time. In addition, a large amount of information would be publicly available regarding the Fund and the Shares, thereby promoting market transparency.

Prior to the commencement of market trading in Shares, the Fund will be required to establish and maintain a public website through which its current prospectus may be downloaded.³⁵ In addition, a separate website (www.nextshares.com) will display additional information concerning the Fund updated on a daily basis, including the prior business day’s NAV, and the following trading information for such business day expressed as premiums/discounts to NAV: (a) Intraday high, low, average and closing prices of Shares in Exchange trading; (b) the Closing Bid/Ask Midpoint; and (c) the Closing Bid/Ask Spread.

The www.nextshares.com website will also contain charts showing the frequency distribution and range of values of trading prices, Closing Bid/Ask Midpoints, and Closing Bid/Ask Spreads over time. The Composition File will be disseminated through the NSCC before the open of trading in Shares on each business day and also will be made available to the public each day on a free website, as noted above.³⁶ The Exchange will obtain a representation from the issuer of the Shares that the IIV will be calculated and disseminated on an intraday basis at intervals of not more than 15 minutes during trading on the Exchange and provided to Nasdaq for dissemination via GIDS. A complete list of current portfolio positions for the Fund will be made available at least once each

calendar quarter, with a reporting lag of not more than 60 days. The Fund may provide more frequent disclosures of portfolio positions at its discretion.

Transactions in Shares will be reported to the Consolidated Tape at the time of execution in proxy price format and will be disseminated to member firms and market data services through Nasdaq’s trading service and market data interfaces, as defined above. Once the Fund’s daily NAV has been calculated and the final price of its intraday Share trades has been determined, Nasdaq will deliver a confirmation with final pricing to the transacting parties. At the end of the day, Nasdaq will also post a newly created FTP file with the final transaction data for the trading and market data services.

The Exchange expects that information regarding NAV-based trading prices and volumes of Shares traded will be continuously available on a real-time basis throughout each trading day on brokers’ computer screens and other electronic services. Because Shares will trade at prices based on the next-determined NAV, investors will be able to buy and sell individual Shares at a known premium or discount to NAV that they can limit by using limit orders at the time of order entry. Trading in Shares will be subject to Nasdaq Rules 5745(d)(2)(B) and (C), which provide for the suspension of trading or trading halts under certain circumstances, including if, in the view of the Exchange, trading in Shares becomes inadvisable.

The proposed rule change is designed to perfect the mechanism of a free and open market and, in general, to protect investors and the public interest in that it will facilitate the listing and trading of the Fund, which seeks to provide investors with access to a broad range of actively managed investment strategies in a structure that offers the cost and tax efficiencies and shareholder protections of ETFs, while removing the requirement for daily portfolio holdings disclosure to ensure a tight relationship between market trading prices and NAV.

For the above reasons, Nasdaq believes the proposed rule change is consistent with the requirements of Section 6(b)(5) of the Act.

B. Self-Regulatory Organization’s Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. In fact, the Exchange believes that the introduction

of the Fund will promote competition by making available to investors an actively managed investment strategy in a structure that offers the cost and tax efficiencies and shareholder protections of ETFs, while removing the requirement for daily portfolio holdings disclosure to ensure a tight relationship between market trading prices and NAV. Moreover, the Exchange believes that the proposed method of Share trading would provide investors with transparency of trading costs, and the ability to control trading costs using limit orders, that is not available for conventionally traded ETFs.

These developments could significantly enhance competition to the benefit of the markets and investors.

C. Self-Regulatory Organization’s Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) Significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A) of the Act³⁷ and Rule 19b-4(f)(6) thereunder.³⁸

A proposed rule change filed pursuant to Rule 19b-4(f)(6) under the Act³⁹ normally does not become operative for 30 days after the date of its filing. However, Rule 19b-4(f)(6)(iii)⁴⁰ permits the Commission to designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has requested that the Commission waive the 30-day operative delay so that the proposed rule change may become operative upon filing. The Commission notes that it has approved a number of filings by the Exchange to list and trade NextShares filings under Exchange Rule

³⁷ 15 U.S.C. 78s(b)(3)(A).

³⁸ 17 CFR 240.19b-4(f)(6). In addition, Rule 19b-4(f)(6)(iii) requires a self-regulatory organization to give the Commission written notice of its intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. The Exchange has satisfied this requirement.

³⁹ 17 CFR 240.19b-4(f)(6).

⁴⁰ 17 CFR 240.19b-4(f)(6)(iii).

³⁵ See footnote 18.

³⁶ See footnote 13.

5745.⁴¹ This proposed rule change is consistent with those filings and raises no novel issues. The Shares will be purchased and sold in the secondary market at prices directly linked to the Fund's next-determined NAV using the trading protocol called "NAV-Based Trading," and the Fund's permitted investments will be consistent with those approved in prior filings. Accordingly, the Commission believes that waiver of the 30-day operative delay is consistent with the protection of investors and the public interest and hereby waives the operative delay and designates the proposed rule change operative upon filing.⁴²

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission's internet comment form (<http://www.sec.gov/rules/sro.shtml>); or
- Send an email to rule-comments@sec.gov. Please include File Number SR-NASDAQ-2018-032 on the subject line.

Paper Comments

- Send paper comments in triplicate to Secretary, Securities and Exchange Commission, 100 F Street NE, Washington, DC 20549-1090.
- All submissions should refer to File Number SR-NASDAQ-2018-032. This file number should be included on the subject line if email is used. To help the

Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission's internet website (<http://www.sec.gov/rules/sro.shtml>). Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for website viewing and printing in the Commission's Public Reference Room, 100 F Street NE, Washington, DC 20549 on official business days between the hours of 10:00 a.m. and 3:00 p.m. Copies of the filing also will be available for inspection and copying at the principal office of the Exchange. All comments received will be posted without change. Persons submitting comments are cautioned that we do not redact or edit personal identifying information from comment submissions. You should submit only information that you wish to make available publicly. All submissions should refer to File Number SR-NASDAQ-2018-032, and should be submitted on or before May 29, 2018.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.⁴³

Eduardo A. Aleman,
Assistant Secretary.

[FR Doc. 2018-09572 Filed 5-4-18; 8:45 am]

BILLING CODE 8011-01-P

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-83147; File No. SR-IEX-2018-09]

Self-Regulatory Organizations; Investors Exchange LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Modify its Fee Schedule To Charge a More Deterministic Fee of \$0.0003 Per Share for Executions at or Above \$1.00 That Result From Removing Liquidity With an Order That is Executable at the Far Side of the NBBO

May 1, 2018.

Pursuant to Section 19(b)(1) ¹ of the Securities Exchange Act of 1934 (the

"Act") ² and Rule 19b-4 thereunder,³ notice is hereby given that, on April 20, 2018, the Investors Exchange LLC ("IEX" or the "Exchange") filed with the Securities and Exchange Commission (the "Commission") the proposed rule change as described in Items I, II and III below, which Items have been prepared by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

Pursuant to the provisions of Section 19(b)(1) under the Securities Exchange Act of 1934 ("Act"),⁴ and Rule 19b-4 thereunder,⁵ Investors Exchange LLC ("IEX" or "Exchange") is filing with the Securities and Exchange Commission ("Commission") a proposed rule change to modify its Fee Schedule, pursuant to IEX Rule 15.110(a) and (c), to charge a more deterministic fee of \$0.0003 per share for executions at or above \$1.00 that result from removing liquidity with an order that is executable at the far side of the NBBO ⁶ (the "Spread-Crossing Remove Fee"). Consistent with the Exchange's existing Fee Schedule, executions below \$1.00 will be 0.30% of the total dollar value of the transaction. Changes to the Fee Schedule pursuant to this proposal are effective upon filing and will be operative on May 1, 2018.

The text of the proposed rule change is available at the Exchange's website at www.iextrading.com, at the principal office of the Exchange, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The self-regulatory organization has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.
