Executive Summary: This announcement governs the proposed award of formula grants under the Family Violence Prevention and Services Act (FVPSA) to Native American Tribes (including Alaska Native Villages) and Tribal organizations. The purpose of these grants is to assist Tribes in establishing, maintaining, and expanding programs and projects to prevent family violence and to provide immediate shelter and related assistance for victims of family violence and their dependents.

This announcement sets forth the application requirements, the application process, and other administrative and fiscal requirements for grants in Fiscal Year (FY) 2006. I. Description

Legislative Authority: Title III of the Child Abuse Amendments of 1984 (Public Law (Pub. L.) 98-457, 42 U.S.C. 10401 *et seq.*) is entitled the "Family Violence Prevention and Services Act" (FVPSA). FVPSA was first implemented in FY 1986. The statute was subsequently amended by Public Law 100-294, the "Child Abuse Prevention, Adoptions, and Family Services Act of 1988;" further amended in 1992 by Public Law 102-295; and then amended in 1994 by Public Law 103-322, the "Violent Crime Control and Law Enforcement Act." FVPSA was amended again in 1996 by Public Law 104-235, the "Child Abuse Prevention and Treatment Act (CAPTA) of 1996"; in 2000 by Public Law 106-386, the "Victims of Trafficking and Violence Protection Act," and amended further by Public Law 108-36, the "Keeping Children and Families Safe Act of 2003." FVPSA was most recently amended by Public Law 109-162, the "Violence Against Women and Department of Justice Reauthorization Act of 2005."

FVPSA may be found at 42 U.S.C. 10401 *et seq.*

Background

The purpose of this legislation is to assist States and Tribes or Tribal organizations in supporting the establishment, maintenance, and expansion of programs and projects to prevent incidents of family violence and to provide immediate shelter and related assistance for victims of family violence and their dependents.

During FY 2005, the Department of Health and Human Services (HHS) made 237 grants to States and Tribes or Tribal organizations. HHS also made 53 family violence prevention grant awards to non-profit State domestic violence coalitions.

In addition, HHS supports the Domestic Violence Resource Center Network (DVRN). DVRN consists of the National Resource Center for Domestic Violence (NRC) and four Special Issue Resource Centers (SIRCs). The four SIRCs are: the Battered Women's Justice Project, the Resource Center on Child Custody and Protection, the Resource Center for the Elimination of Domestic Violence Against Native Women (Sacred Circle), and the Health Resource Center on Domestic Violence. The purpose of NRC and the SIRCs are to provide resource information, training, and technical assistance to Federal, State, and Native American agencies; local domestic violence prevention programs; and other professionals who provide services to victims of domestic violence.

In February, 1996, HHS funded the National Domestic Violence Hotline (Hotline) to ensure that every woman has access to information and emergency assistance wherever and whenever she needs it. The Hotline is a 24-hour, toll-free service that provides crisis assistance, counseling, and local shelter referrals to women across the country. Hotline counselors also are available for non-English speaking persons and for people who are hearing-impaired. The hotline number is 1-800-799-SAFE (7233); the TTY number for the hearing-impaired is 1-800-787-3224.

General Grant Program Requirements for Tribes or Tribal Organizations

Definitions

Tribes and Tribal organizations should use the following definitions in carrying out their programs. The definitions are found in section 320 of FVPSA.

Family Violence: Any act, or threatened act, of violence, including any forceful detention of an individual, which (a) results or threatens to result in physical injury and (b) is committed by a person against another individual (including an elderly person) to whom such person is, or was, related by blood or marriage, or otherwise legally related, or with whom such person is, or was, lawfully residing.

Indian Tribe and Tribal organization: Have the same meanings given such terms in section 450b of Title 25.

Shelter: The provision of temporary refuge and related assistance in

compliance with applicable State law and regulation governing the provision, on a regular basis, which includes shelter, safe homes, meals, and related assistance to victims of family violence and their dependents.

Related assistance: The provision of direct assistance to victims of family violence and their dependents for the purpose of preventing further violence, helping such victims to gain access to civil and criminal courts and other community services, facilitating the efforts of such victims to make decisions concerning their lives in the interest of safety, and assisting such victims in healing from the effects of the violence. Related assistance includes:

(a) Prevention services such as outreach and prevention services for victims and their children, assistance to children who witness domestic violence, employment training, parenting, and other educational services for victims and their children, preventive health services within domestic violence programs (including services promoting nutrition, disease prevention, exercise, and prevention of substance abuse), domestic violence prevention programs for school-age children, family violence public awareness campaigns, and violence prevention counseling services to abusers;

(b) Counseling with respect to family violence, counseling or other supportive services by peers individually or in groups, and referral to community social services;

(c) Transportation, technical assistance with respect to obtaining financial assistance under Federal and State programs, and referrals for appropriate health-care services (including alcohol and drug abuse treatment), but shall not include reimbursement for any health-care services;

(d) Legal advocacy to provide victims with information and assistance through the civil and criminal courts, and legal assistance; or

(e) Children's counseling and support services, child care services for children who are victims of family violence or the dependents of such victims, and children who witness domestic violence.

The Importance of Coordination of Services

The impact of family and intimate violence includes physical injury and death of primary or secondary victims, psychological trauma, isolation from family and friends, harm to children witnessing or experiencing violence in homes in which the violence occurs,

increased fear, reduced mobility and employability, homelessness, substance abuse, and a host of other health and related mental health consequences.

The physical and cultural obstacles existing in much of Indian country compound the basic dynamics of domestic violence. Barriers such as the isolation of vast rural areas, the concern for safety in isolated settings, and the transportation requirements over long distances heighten the need for the coordination of the services through an often limited delivery system.

It is estimated that between 12 percent and 35 percent of injured women visiting emergency rooms are there because of battery. In a project intended to broaden the reach of the Native American domestic violence community, the Indian Health Service (IHS) and FVPSA have collaborated to oversee the development of domestic violence community projects. These projects are designed to develop improved health care responses to domestic violence and to facilitate collaboration between the local health care system and local American Indian and Alaskan Native domestic violence advocacy programs. In this effort, IHS also is collaborating with representatives of Mending the Sacred Hoop, Cangleska, Inc., and the Family Violence Prevention Fund to provide training, technical assistance, and oversight to the pilot projects.

To help bring about a more effective response to the problem of domestic violence, HHS urges Tribes and Tribal organizations receiving funds under this grant announcement to coordinate activities under this grant with other new and existing resources for the prevention of family and intimate violence.

Annual Tribal Grantee Conference

FVPSA administrators should plan to attend the annual Tribal Grantee Conference. A subsequent Program Instruction and/or Information Memorandum will advise the Tribal FVPSA Administrators of the date, time, and location of the grantee conference.

Client Confidentiality

FVPSA programs must establish or implement policies and protocols for maintaining the safety and confidentiality of the victims of domestic violence, sexual assault, and stalking. It is essential that the confidentiality of adult victims and their children receiving FVPSA services be protected. Consequently, when providing statistical data on program activities, individual identifiers of client

records will not be used (section 303(a)(2)(E)).

II. Funds Available

For FY 2006, HHS will make available for grants to designated State agencies 70 percent of the amount appropriated under section 310(a)(1) of the FVPSA, which is not reserved under section 310(a)(2). In this separate announcement, HHS will allocate 10 percent of the foregoing appropriation to the Tribes and Tribal organizations for the establishment and operation of shelters, safe houses, and the provision of related services. HHS also plans to make 10 percent of the foregoing appropriation available to State domestic violence coalitions to continue their work within the domestic violence community by providing technical assistance and training and advocacy services, among other activities, with local domestic violence programs to encourage appropriate responses to domestic violence within the States.

Five percent of the amount appropriated under section 310(a)(1) of the FVPSA, which is not reserved under section 310(a)(2), will be available in FY 2006 to continue the support for the NRC and the four SIRC's. Additional funds appropriated under FVPSA will be used to support other activities, including training and technical assistance, collaborative projects with advocacy organizations and service providers, data collection efforts, public education activities, research and other demonstration projects, as well as the ongoing operation of the NDVH.

Native American Tribal Allocations

Native American Tribes and Tribal organizations are eligible for funding under this program if they meet the definition of "Indian Tribe" or "Tribal organization" at 25 U.S.C. 450b, and if they are able to demonstrate their capacity to carry out family violence prevention and services programs.

Any Tribe that believes it meets the eligibility criteria should provide supportive documentation in its application and a request for inclusion on the list of eligible Tribes. (See *Section IV. Application Requirements for Tribes or Tribal Organizations.*)

In computing Tribal allocations, we will use the latest available population figures from the Census Bureau. Where Census Bureau data are unavailable, we will use figures from the Bureau of Indian Affairs' (BIA's) Indian Population and Labor Force Report.

Because section 304 of FVPSA specifies a minimum base amount for State allocations, we have set a base amount for Tribal allocations. Since FY

1986, we have found, in practice, that the establishment of a base amount has facilitated our efforts to make a fair and equitable distribution of limited grant funds.

Due to the expanded interest in the prevention of family violence and in the provision of services to victims of family violence and their dependents, we have received an increasing number of Tribal applications over the past several years. In order to ensure the continuance of an equitable distribution of family violence prevention and services funding in response to the increased number of Tribes that apply, we have adjusted the funding formula for the allocation of family violence funds.

Tribes that meet the application requirements and whose reservation and surrounding Tribal Trust Lands' population is:

- Less than or equal to 1,500 will receive a minimum base amount of \$1,500;
- Between 1,500 and 3,001 will receive a minimum base amount of \$3,000;
- Between 3,001 and 4,000 will receive a minimum base amount of \$4,000; and,
- Between 4,001 and 5,000 will receive a minimum base amount of \$5,000.

The minimum base amounts are computed in relation to the Tribe's population and the progression of an additional \$1,000 per 1,000 persons if the population range continues until the Tribe's population reaches 50,000.

Tribes with a population of 50,000 to 100,000 will receive a minimum of \$50,000 and Tribes with a population of 100,001 to 150,000 will receive a minimum of \$100,000.

Once the base amounts have been distributed to the Tribes that have applied for FVPSA funding, the ratio of the Tribe's population to the total population of all the applicant Tribes is then considered in allocating the remainder of the funds. We have accounted for the variance in actual population and scope of the FVPSA programs with the distribution of a proportional amount plus a base amount to the Tribes. Under the previous allocation plan, we did not have a method by which to consider the variance in Tribal census counts. As in previous years, Tribes are encouraged to apply as consortia for the FVPSA funding.

Expenditure Periods

The FVPSA funds may be used for expenditures on and after October 1 of each fiscal year for which they are

granted, and will be available for expenditure through September 30 of the following fiscal year, *i.e.*, FY 2006 funds may be used for expenditures from October 1, 2005 through September 30, 2007. Funds are available for obligation only through September 30, 2006 and must be liquidated by September 30, 2007.

Reallotted funds, if any, are available for expenditure until the end of the fiscal year following the fiscal year that the funds became available for reallotment. FY 2006 grant funds that are made available to Tribes and Tribal organizations through reallotment must be expended by the grantee no later than September 30, 2007.

III. Eligibility

Tribes and Tribal organizations are eligible for funding under this program if they meet the definition of "Indian Tribe" or "Tribal organization" set forth in section 450B of Title 25 and if they are able to demonstrate their capacity to carry out a family violence prevention and services program.

Any Tribe or Tribal organization that believes it meets the eligibility criteria and should be included in the list of eligible Tribes should provide supportive documentation and a request for inclusion in its application. (See *Application Content Requirements* below.)

As in previous years, Tribes may apply singularly or as a consortium. In addition, a non-profit private organization, approved by a Tribe for the operation of a family violence shelter or program on a reservation is eligible for funding.

Appendix B—Certification Regarding Environmental Tobacco Smoke

Public Law 103227, Part C Environmental Tobacco Smoke, also known as the Pro Children Act of 1994 (Act), requires that smoking not be permitted in any portion of any indoor routinely owned or leased or contracted for by an entity and used routinely or regularly for provision of health, day care, education, or library services to children under the age of 18, if the services are funded by Federal programs either directly or through State or local governments, by Federal grant, contract, loan, or loan guarantee. The law does not apply to children's services provided in private residences, facilities funded solely by Medicare or Medicaid funds, and portions of facilities used for inpatient drug or alcohol treatment. Failure to comply with the provisions of the law may result in the imposition of a civil monetary penalty of up to \$1000 per day and/or the imposition of an

administrative compliance order on the responsible entity. By signing and submitting this application the applicant/grantee certifies that it will comply with the requirements of the Act.

The applicant/grantee further agrees that it will require the language of this certification be included in any subawards which contain provisions for the children's services and that all subgrantees shall certify accordingly.

Appendix C—Certification Regarding Drug-Free Workplace Requirements

This certification is required by the regulations implementing the Drug-Free Workplace Act of 1988: 45 CFR part 76, subpart F, sections 76.630(c) and (d)(2) and 76.645(a)(1) and (b) provide that a Federal agency may designate a central receipt point for STATE-WIDE AND STATE AGENCY-WIDE certifications, and for notification of criminal drug convictions. For the Department of Health and Human Services, the central point is: Division of Grants Management and Oversight, Office of Management and Acquisition, Department of Health and Human Services, Room 517-D, 200 Independence Avenue, SW., Washington, DC 20201.

Certification Regarding Drug-Free Workplace Requirements (Instructions for Certification)

1. By signing and/or submitting this application or grant agreement, the grantee is providing the certification set out below.

2. The certification set out below is a material representation of fact upon which reliance is placed when the agency awards the grant. If it is later determined that the grantee knowingly rendered a false certification, or otherwise violates the requirements of the Drug-Free Workplace Act, the agency, in addition to any other remedies available to the Federal Government, may take action authorized under the Drug-Free Workplace Act.

3. For grantees other than individuals, Alternate I applies.

4. For grantees who are individuals, Alternate II applies.

5. Workplaces under grants, for grantees other than individuals, need not be identified on the certification. If known, they may be identified in the grant application. If the grantee does not identify the workplaces at the time of application, or upon award, if there is no application, the grantee must keep the identity of the workplace(s) on file in its office and make the information available for Federal inspection. Failure to identify all known workplaces constitutes a violation of the grantee's drug-free workplace requirements.

6. Workplace identifications must include the actual address of buildings (or parts of buildings) or other sites where work under the grant takes place. Categorical descriptions may be used (e.g., all vehicles of a mass transit authority or State highway department while in operation, State employees in each local unemployment office, performers in concert halls or radio studios).

7. If the workplace identified to the agency changes during the performance of the grant, the grantee shall inform the agency of the

change(s), if it previously identified the workplaces in question (see paragraph five).

8. Definitions of terms in the Nonprocurement Suspension and Debarment common rule and Drug-Free Workplace common rule apply to this certification. Grantees' attention is called, in particular, to the following definitions from these rules:

Controlled substance means a controlled substance in Schedules I through V of the Controlled Substances Act (21 U.S.C. 812) and as further defined by regulation (21 CFR 1308.11 through 1308.15);

Conviction means a finding of guilt (including a plea of nolo contendere) or imposition of sentence, or both, by any judicial body charged with the responsibility to determine violations of the Federal or State criminal drug statutes;

Criminal drug statute means a Federal or non-Federal criminal statute involving the manufacture, distribution, dispensing, use, or possession of any controlled substance;

Employee means the employee of a grantee directly engaged in the performance of work under a grant, including: (i) All direct charge employees; (ii) All indirect charge employees unless their impact or involvement is insignificant to the performance of the grant; and, (iii) Temporary personnel and consultants who are directly engaged in the performance of work under the grant and who are on the grantee's payroll. This definition does not include workers not on the payroll of the grantee (e.g., volunteers, even if used to meet a matching requirement; consultants or independent contractors not on the grantee's payroll; or employees of subrecipients or subcontractors in covered workplaces).

Certification Regarding Drug-Free Workplace Requirements

Alternate I. (Grantees Other Than Individuals)

The grantee certifies that it will or will continue to provide a drug-free workplace by:

(a) Publishing a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the grantee's workplace and specifying the actions that will be taken against employees for violation of such prohibition;

(b) Establishing an ongoing drug-free awareness program to inform employees about—

(1) The dangers of drug abuse in the workplace;

(2) The grantee's policy of maintaining a drug-free workplace;

(3) Any available drug counseling, rehabilitation, and employee assistance programs; and

(4) The penalties that may be imposed upon employees for drug abuse violations occurring in the workplace;

(c) Making it a requirement that each employee to be engaged in the performance of the grant be given a copy of the statement required by paragraph (a);

(d) Notifying the employee in the statement required by paragraph (a) that, as a condition of employment under the grant, the employee will—

(1) Abide by the terms of the statement; and

(2) Notify the employer in writing of his or her conviction for a violation of a criminal drug statute occurring in the workplace no later than five calendar days after such conviction;

(e) Notifying the agency in writing, within 10 calendar days after receiving notice under paragraph (d)(2) from an employee or otherwise receiving actual notice of such conviction. Employers of convicted employees must provide notice, including position title, to every grant officer or other designee on whose grant activity the convicted employee was working, unless the Federal agency has designated a central point for the receipt of such notices. Notice shall include the identification number(s) of each affected grant;

(f) Taking one of the following actions, within 30 calendar days of receiving notice under paragraph (d)(2), with respect to any employee who is so convicted —

(1) Taking appropriate personnel action against such an employee, up to and including termination, consistent with the requirements of the Rehabilitation Act of 1973, as amended; or

(2) Requiring such employee to participate satisfactorily in a drug abuse assistance or rehabilitation program approved for such purposes by a Federal, State, or local health, law enforcement, or other appropriate agency;

(g) Making a good faith effort to continue to maintain a drug-free workplace through implementation of paragraphs (a), (b), (c), (d), (e) and (f).

(B) The grantee may insert in the space provided below the site(s) for the performance of work done in connection with the specific grant:

Place of Performance (Street address, city, county, state, zip code)

Check if there are workplaces on file that are not identified here.

Alternate II. (Grantees Who Are Individuals)

(a) The grantee certifies that, as a condition of the grant, he or she will not engage in the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance in conducting any activity with the grant;

(b) If convicted of a criminal drug offense resulting from a violation occurring during the conduct of any grant activity, he or she will report the conviction, in writing, within 10 calendar days of the conviction, to every grant officer or other designee, unless the Federal agency designates a central point for the receipt of such notices. When notice is made to such a central point, it shall include the identification number(s) of each affected grant.
