SUPPLEMENTARY INFORMATION: This information collection is needed to pay participants and beneficiaries who may be entitled to pension benefits from plans that have terminated. It consists of information participants and beneficiaries are asked to provide in connection with an application for benefits. In addition, in some instances, PBGC requests individuals to provide identifying information so that it may determine whether the individuals may be entitled to benefits. All requested information is needed so that PBGC may determine benefit entitlements and make appropriate payments.

This information collection includes My Pension Benefit Account (MyPBA), an application on PBGC's website, <http://www.pbgc.gov>, through which plan participants and beneficiaries may conduct electronic transactions with PBGC, including applying for pension benefits, designating a beneficiary, electing monthly payments, electing to withhold income tax from periodic payments, changing contact information, and applying for electronic direct deposit.

PBGC is proposing to revise one form in this collection, the Power of Attorney Form (Form 715). The proposed revision would include:

- Features previously unavailable—granting a durable power of attorney (DPOA) in addition to a nondurable power of attorney (NDPOA), and allowing a principal to name up to three agents to act on her behalf with PBGC (and to designate whether the agents have independent or joint authority), whereas the current form only has room for one agent to be named;
- Features that would protect the principal—heightened requirements for

granting authority and for executing the document (*i.e.*, the principal's signature must be witnessed and notarized, and witnesses must meet certain criteria); and

- A "Notice to the Principal," to alert the principal about what powers she is granting to a designated agent, and an "Agent's Acknowledgement" to inform the agent about her duties and liabilities with respect to handling the principal's affairs.

PBGC believes these revisions provide greater flexibility and greater protections against fraud for customers using the Form 715. Customers are not required to use this form and can use other DPOAs or NDPOAs that comply with applicable state laws.

The existing collection of information was approved under OMB control number 1212-0055 (expires March 31, 2019). PBGC intends to request that OMB extend its approval (with modifications) for three years. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

PBGC estimates that it will receive 72,010 benefit application or information forms annually. The total annual burden associated with this collection of information is estimated to be 56,746 hours (approximately one hour for benefit applications and 30 minutes for information forms) and an estimated \$56,711, which is the total average maximum cost of notary services for spousal consents on benefit applications and for the Form 715. PBGC estimates that from the above totals, 710 Form 715s will be filed annually at approximately 355 hours and \$2,485.

PBGC is soliciting public comments to—

- Evaluate whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, *e.g.*, permitting electronic submission of responses.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34–83209; File No. SR–Phlx–2018–22]

Self-Regulatory Organizations; Nasdaq PHLX LLC; Order Granting Approval of Proposed Rule Change To Create a New Rule 1081, To Amend Electronic Market Maker Obligations and Quoting Requirements for Electronic ROTs, Which Will Be Defined To Include SQTs, RSQTs, Directed SQTs, Directed RSQTs, Specialists, and Remote Specialists

May 10, 2018.

I. Introduction

On March 20, 2018, Nasdaq PHLX LLC (“Phlx” or the “Exchange”) filed with the Securities and Exchange Commission (“Commission”), pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”)¹ and Rule 19b–4 thereunder,² a proposed rule change to amend the market maker obligations and quoting requirements for an SQT, RSQT, Directed SQT, Directed RSQT, and Specialist (including Remote Specialist) who enters electronic quotations into the Exchange’s System.³ The proposed rule change was published for comment in the **Federal Register** on April 5, 2018.⁴ The Commission received no comments on the proposed rule change. This order

¹ 15 U.S.C. 78s(b)(1).

² 17 CFR 240.19b–4.

³ See *infra* notes 5–9 for definitions of SQT, RSQT, Directed SQT, Directed RSQT, Specialist, Remote Specialist, and System.

⁴ See Securities Exchange Act Release No. 82975 (March 30, 2018), 83 FR 14690 (April 5, 2018) (“Notice”).

grants approval of the proposed rule change.

II. Description of the Proposed Rule Change

The Exchange proposes to amend the market maker obligations and quoting requirements for an “electronic ROT,” which would be defined to include an SQT,⁵ RSQT,⁶ Directed SQT, Directed RSQT,⁷ and Specialist (including Remote Specialist)⁸ who enters electronic quotations into the Exchange’s System,⁹ and move these modified provisions to new Phlx Rule 1081.¹⁰ The Exchange notes that non-SQT ROTs¹¹ would not be subject to the proposed quoting requirements

⁵ An “ROT” is a regular member of the Exchange located on the trading floor who has received permission from the Exchange to trade in options for his own account. See Phlx Rule 1014(b)(i). A “Streaming Quote Trader” or “SQT” is an ROT who has received permission from the Exchange to generate and submit option quotations electronically in options to which such SQT is assigned. An SQT may only submit such quotations while such SQT is physically present on the floor of the Exchange. An SQT may only trade in a market making capacity in classes of options in which the SQT is assigned. See Phlx Rule 1014(b)(ii)(A).

⁶ A “Remote Streaming Quote Trader” or “RSQT” is an ROT that is a member affiliated with a “Remote Streaming Quote Trader Organization” or “RSQTO” with no physical trading floor presence who has received permission from the Exchange to generate and submit option quotations electronically in options to which such RSQT has been assigned. See Phlx Rule 1014(b)(ii)(B). See also Phlx Rule 507(a).

⁷ A “Directed SQT” or “Directed RSQT” is an SQT or RSQT that receives a Directed Order. A “Directed Order” is any order (other than a stop or stop-limit order as defined in Phlx Rule 1066) to buy or sell which has been directed to a particular Specialist, RSQT, or SQT by an Order Flow Provider. An “Order Flow Provider” is any member or member organization that submits, as agent, orders to the Exchange. See Phlx Rule 1068(a)(i).

⁸ A “Specialist” is an Exchange member who is registered as an options specialist pursuant to Phlx Rule 501 and Phlx Rule 1020(a). A “Remote Specialist” is an options specialist that does not have a physical presence on an Exchange floor. See Phlx Rule 1020(a)(i) and (ii).

⁹ The “System” is the automated system for order execution and trade reporting owned and operated by the Exchange which comprises: (A) An order execution service that enables members to automatically execute transactions in “System Securities” (defined as all options that are currently trading on the System); and provides members with sufficient monitoring and updating capability to participate in an automated execution environment; (B) a trade reporting service that submits “locked-in” trades for clearing to a registered clearing agency for clearance and settlement; transmits last-sale reports of transactions automatically to the Options Price Reporting Authority for dissemination to the public and industry; and provides participants with monitoring and risk management capabilities to facilitate participation in a “locked-in” trading environment; and (C) the data feeds described in Phlx Rule 1070. See Phlx Rule 1000(b)(45) and (46).

¹⁰ See proposed Phlx Rule 1081.

¹¹ A non-SQT ROT is an ROT who is neither an SQT nor an RSQT. See Phlx Rule 1014(b)(ii)(C).
