SUPPLEMENTARY INFORMATION:

Background

In accordance with the North American Wetlands Conservation Act (NAWCA; 16 U.S.C. 4401-4412), the State-private-Federal North American Wetlands Conservation Council (Council) meets to consider wetland acquisition, restoration, enhancement, and management projects for recommendation to, and final funding approval by, the Migratory Bird Conservation Commission. The seven-member Commission was established in 1929 by the passage of the Migratory Bird Conservation Act (16 U.S.C. 715 *et seq.*) primarily to consider and approve areas of land or water recommended by the Secretary of the Interior for purchase

by the U.S. Fish and Wildlife Service. In 1989, the Commission acquired the additional responsibility to approve project funding under NAWCA.

The NAWCA program operates in two cycles per year. Each cycle, eligible proposals are reviewed and ranked by the nine-member Council. NAWCA provides matching grants to organizations and individuals who have developed partnerships to carry out wetlands conservation projects in the United States, Canada, and Mexico. These projects must involve long-term protection, restoration, and/or enhancement of wetlands and associated uplands habitats for the benefit of all wetlands-associated migratory birds. Project proposal due dates, application instructions, and eligibility requirements are available on the NAWCA website at www.fws.gov/birds/grants/north-american-wetland-conservation-act.php.

Public Input

Submitting Written Information or Questions

Interested members of the public may submit relevant information or questions to be considered during the meeting.
