

where to construct and operate the HDR-H, but has initially evaluated the potential alternatives from a mission requirements standpoint.

**DATES:** The MDA invites public comments on the scope of the HDR-H EIS during a 45-day public scoping period beginning with publication of this notice in the **Federal Register**. Comments will be accepted on or before July 16, 2018.

**ADDRESSES:** Written comments, statements, and/or concerns regarding the scope of the EIS or requests to be added to the EIS distribution list should be addressed to MDA HDR-H EIS and sent by email to [MDA.HDRH.EIS@kfs-llc.com](mailto:MDA.HDRH.EIS@kfs-llc.com), by facsimile at 256-713-1617, or by U.S. Postal Service to: KFS, LLC, Attn: MDA HDR-H EIS, 303 Williams Ave., Suite 116, Huntsville, AL 35801. Electronic or facsimile comments are preferred. If sending comments by U.S. Postal Service, please do not submit duplicate electronic or facsimile comments. All comments, including names and addresses, will be included in the administrative record.

**FOR FURTHER INFORMATION CONTACT:** MDA Public Affairs at 256-450-1599 or 571-231-8210, or by email: [MDAPressOperations@mda.mil](mailto:MDAPressOperations@mda.mil). Additional information can be found at MDA's website: [https://www.mda.mil/news/nepa\\_documents.html](https://www.mda.mil/news/nepa_documents.html).

**SUPPLEMENTARY INFORMATION:** In accordance with 40 Code of Federal Regulations (CFR) 1501.6, the U.S. Air Force, U.S. Army, and U.S. Navy will be cooperating agencies in preparing the EIS. Other cooperating agencies may be identified during the scoping process. Deployment of the HDR-H at a candidate location on Oahu would be within an approximate 160-acre notional boundary, as much as topography and environmental conditions allow, that would be cleared of vegetation, grubbed, and graded. The new facility site would include radar equipment, the Homeland Defense Radar Equipment Shelter, Mission Control Facility, IDT, Radar Cooling Shelter, Military Satellite Communications, Power Plant, and Bulk Diesel Fuel Storage. These mission critical facilities would be within a restricted fenced area. Located within or outside of the restricted area would be other mission support facilities that include an Entry Control Facility, Maintenance Facility, Water Supply and Treatment Buildings, Electrical Substation, and a remote Fuel Fill Station. Additional site utilities and roadway improvements, including communications, electrical connections, water supply, sewer, stormwater

drainage, fire protection, sidewalks, and parking would be located within and outside the restricted area.

In addition to the No Action Alternative, the EIS will analyze alternative sites for the proposed radar facility at: (1) Kuaokala Ridge on State land adjacent to Kaena Point Satellite Tracking Station and (2) Kahuku Training Area on the island of Oahu, Hawaii. If deployed at Kuaokala Ridge, the use of approximately 160 acres of State land within the Agricultural District (for the facility footprint, buffer, and construction laydown areas), as well as the right of access to the site, would be required. At each alternative location, impacts will be assessed for the following resource topics: Air quality, airspace management, biological resources, coastal zone management, cultural resources, geology and soils, hazardous materials and hazardous waste, health and safety, infrastructure and transportation, land use and recreation, noise, socioeconomic and environmental justice, water resources, and visual resources.

In addition to satisfying compliance requirements under NEPA, the EIS will also comply with the provisions of the Hawaii Environmental Policy Act (HEPA). MDA encourages all interested members of the public, as well as federal, state, and local agencies to participate in the scoping process for the preparation of this EIS. The scoping process assists in determining the scope of issues to be addressed, other alternatives that should be considered, and helps identify significant environmental issues to be analyzed in depth in the EIS.

Public scoping meetings will be held in the communities of Haleiwa, Waianae, and Honolulu on Oahu, Hawaii, within 30 days from the publication of this Notice of Intent. The meetings will be in an open house format, which provides attendees the opportunity to speak with and ask questions of representatives from the MDA, U.S. Air Force, and U.S. Army. The meetings will have the same format and content at all locations. Notification of the public scoping meeting locations, dates, and times will be published and announced in local news media prior to the meetings.
