

to discontinue, reduce, or impair service under section 214(a) of the Act. In July 2016, the Commission revised certain section 214(a) discontinuance procedures. To reduce burdens on carriers, the Commission revised its rules to: (1) Allow carriers to provide notice via email or other alternative methods to offer additional options to customers, and (2) provide for streamlined treatment of applications to discontinue services for which the carrier has had no existing customers or reasonable requests for service during the previous 180 days. It also addressed a gap in the Commission's rules by making a competitive LEC's application for discontinuance deemed granted on the effective date of any copper retirement that made the discontinuance unavoidable. The Commission further concluded that applicants must provide notice of discontinuance applications to federally-recognized Tribal Nations. The Commission estimates that there will be only minimal impact on the annual burden hours associated with discontinuance applications as a result of these revisions. Specifically, the Commission estimates that carriers will need no more than one additional hour per application for purposes of determining which, if any, Tribal Nations are located in the service areas to be affected by the planned discontinuance and providing such notice. The estimated number of respondents, responses, and burden hours associated with this collection differ from those set forth in the 60-day notice published on October 28, 2016 (81 FR 75054), which covered additional section 214(a)

discontinuance rules adopted in 2016 that will now be addressed separately. As a result, the burden hours herein are substantially reduced from those contained in the 60-day notice.

Federal Communications Commission.

## DEPARTMENT OF COMMERCE

### National Oceanic and Atmospheric Administration

#### 50 CFR Part 679

[Docket No. 161020985-7181-02]

**RIN 0648-XF866**

#### **Fisheries of the Exclusive Economic Zone Off Alaska; Inseason Adjustment to the 2018 Bering Sea and Aleutian Islands Pollock, Atka Mackerel, and Pacific Cod Total Allowable Catch Amounts; Correction**

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Temporary rule; inseason adjustment; correction.

**SUMMARY:** NMFS is correcting a temporary rule that published on December 20, 2017, adjusting the 2018 total allowable catch (TAC) amounts for the Bering Sea and Aleutian Islands (BSAI) pollock, Atka mackerel, and Pacific cod fisheries. One table in the document contained an error.

**DATES:** Effective January 18, 2018, until the effective date of the final 2018 and 2019 harvest specifications for BSAI groundfish, unless otherwise modified or superseded through publication of a notification in the **Federal Register**.

**FOR FURTHER INFORMATION CONTACT:**

Steve Whitney, 907-586-7228.

**SUPPLEMENTARY INFORMATION:**

#### **Need for Correction**

NMFS published an inseason adjustment of the 2018 TAC amounts for the BSAI pollock, Atka mackerel, and Pacific cod fisheries (82 FR 60329, December 20, 2017). A table providing information about the 2018 allocations of pollock TACs and community development quota (CDQ) directed fishing allowances (DFA) contained an incorrect amount in the column titled "2018 allocations" and the second row in the Bering Sea subarea titled "CDQ DFA." This value was specified as 164,434 metric tons (mt), instead of the correct value of 136,434 mt.

NMFS anticipates that this correction will not affect the fishing operations of the CDQ vessels that are subject to these DFAs. This is because of the seasonal allocations for the Bering Sea subarea CDQ DFAs are correctly specified.

#### **Correction**

In FR Doc. 2017-27428, published on December 20, 2017 (82 FR 60329), the following correction is made to Table 5:

On page 60330, in Table 5, column 2 is corrected to incorporate the correct amount for the Bering Sea subarea CDQ pollock DFA.

Table 5 is corrected and reprinted in its entirety to read as follows:

**TABLE 5—FINAL 2018 ALLOCATIONS OF POLLOCK TACS TO THE DIRECTED POLLOCK FISHERIES AND TO THE CDQ DIRECTED FISHING ALLOWANCES (DFA) <sup>1</sup>**

[Amounts are in metric tons]

Area and sector	2018 Allocations	2018 A season <sup>1</sup>		2018 B season <sup>1</sup>
		A season DFA	SCA harvest limit <sup>2</sup>	B season DFA
Bering Sea subarea TAC <sup>1</sup>	1,364,341	n/a	n/a	n/a
CDQ DFA	136,434	61,395	38,202	75,039

TABLE 5—FINAL 2018 ALLOCATIONS OF POLLOCK TACS TO THE DIRECTED POLLOCK FISHERIES AND TO THE CDQ DIRECTED FISHING ALLOWANCES (DFA) <sup>1</sup>—Continued

[Amounts are in metric tons]

Area and sector	2018 Allocations	2018 A season <sup>1</sup>		2018 B season <sup>1</sup>
		A season DFA	SCA harvest limit <sup>2</sup>	B season DFA
CDQ DFA .....	1,900	760	n/a	1,140
ICA .....	2,400	1,200	n/a	1,200
Aleut Corporation .....	14,700	14,355	n/a	345
Area harvest limit <sup>7</sup> .....	n/a	n/a	n/a	n/a
541 .....	12,236	n/a	n/a	n/a
542 .....	6,118	n/a	n/a	n/a
543 .....	2,039	n/a	n/a	n/a
Bogoslof District ICA <sup>8</sup> .....	450	n/a	n/a	n/a

<sup>1</sup> Pursuant to § 679.20(a)(5)(i)(A), the Bering Sea subarea pollock, after subtracting the CDQ DFA (10 percent) and the ICA (3.9 percent), is allocated as a DFA as follows: Inshore sector—50 percent, catcher/processor sector (C/P)—40 percent, and mothership sector—10 percent. In the Bering Sea subarea, 45 percent of the DFA is allocated to the A season (January 20–June 10) and 55 percent of the DFA is allocated to the B season (June 10–November 1). Pursuant to § 679.20(a)(5)(iii)(B)(2)(i) through (iii), the annual Aleutian Islands pollock TAC, after subtracting first for the CDQ directed fishing allowance (10 percent) and second for the ICA (2,400 mt), is allocated to the Aleut Corporation for a pollock directed fishery. In the Aleutian Islands subarea, the A season is allocated up to 40 percent of the ABC and the B season is allocated the remainder of the pollock directed fishery.

<sup>2</sup> In the Bering Sea subarea, pursuant to § 679.20(a)(5)(i)(C), no more than 28 percent of each sector's annual DFA may be taken from the SCA before noon, April 1.

<sup>3</sup> Pursuant to § 679.20(a)(5)(i)(A)(4), not less than 8.5 percent of the DFA allocated to listed catcher/processors shall be available for harvest only by eligible catcher vessels delivering to listed catcher/processors.

<sup>4</sup> Pursuant to § 679.20(a)(5)(i)(A)(4)(iii), the AFA unlisted catcher/processors are limited to harvesting not more than 0.5 percent of the catcher/processors sector's allocation of pollock.

<sup>5</sup> Pursuant to § 679.20(a)(5)(i)(A)(6), NMFS establishes an excessive harvesting share limit equal to 17.5 percent of the sum of the non-CDQ pollock DFAs.

<sup>6</sup> Pursuant to § 679.20(a)(5)(i)(A)(7), NMFS establishes an excessive processing share limit equal to 30.0 percent of the sum of the non-CDQ pollock DFAs.

<sup>7</sup> Pursuant to § 679.20(a)(5)(iii)(B)(6), NMFS establishes harvest limits for pollock in the A season in Area 541 of no more than 30 percent, in Area 542 of no more than 15 percent, and in Area 543 of no more than 5 percent of the Aleutian Islands pollock ABC.

<sup>8</sup> Pursuant to § 679.22(a)(7)(i)(B), the Bogoslof District is closed to directed fishing for pollock. The amounts specified are for ICA only and are not apportioned by season or sector.

**Note:** Seasonal or sector apportionments may not total precisely due to rounding.

## Classification

The Assistant Administrator for Fisheries, NOAA (AA), finds good cause to waive the requirement to provide prior notice and opportunity for public comment pursuant to the authority set forth at 5 U.S.C. 553(b)(B) as such requirement is impracticable and contrary to the public interest. This correcting amendment makes changes to correct the amount of Bering Sea subarea CDQ pollock DFA in Table 5, as described above, and does not change operating practices in the fisheries. If

this correction is delayed to allow for notice and comment, it would result in confusion for participants in the fisheries. Therefore, in order to avoid any negative consequences that could result from this error, the AA finds good cause to waive the requirement to provide prior notice and opportunity for public comment.

The AA also finds good cause to waive the 30-day delay in the effective date of this action under 5 U.S.C. 553(d)(3). This correcting amendment makes only a minor change to correct the amount of Bering Sea subarea CDQ

pollock DFA in Table 5, and does not change operating practices in the fisheries. This correction would also avoid any confusion for participants in the fisheries. For these reasons, the AA finds good cause to waive the 30-day delay in the effective date of this action.

**Authority:** 16 U.S.C. 1801 *et seq.*

Dated: January 12, 2018.

**Emily H. Menashes,**  
Acting Director, Office of Sustainable Fisheries, National Marine Fisheries Service.
