

execute their orders and do so in line with their expectations and needs. Again, the Exchange perceives no unique risks or concerns associated with the use of Snapshot by ROTs or Specialists that would necessitate proposing any special changes to or restrictions on their use of the Snapshot functionality.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act.

The Exchange's proposal to extend FBMS to ROTs and Specialists is intended to modernize and otherwise improve the Exchange's internal order entry process; it is neither intended nor expected to materially affect the competitive position of the Exchange vis-a-vis other exchanges. If anything, this proposal would improve the options floor trading environment for ROTs and Specialists, thereby making the Exchange a more attractive venue for floor trading.

The Exchange also does not believe that its proposal to extend the availability of the Snapshot functionality to ROTs and Specialists will burden competition. To the contrary, the Exchange intends for this proposal to make its options trading Floor more competitive with other floor trading venues that have less stringent anti-trade-through procedures as compared to the Exchange. The proposal is also intended to make the Floor more competitive with electronic options trading venues that feature near-instantaneous and autonomous execution processes which eliminate the risks that Snapshot exists to mitigate.

The Exchange does not anticipate that its proposals will impact intra-market competition because the proposals will simply extend the benefits of FBMS and Snapshot to all categories of its Floor participants.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Within 45 days of the date of publication of this notice in the **Federal Register** or within such longer period (i) as the Commission may designate up to 90 days of such date if it finds such

longer period to be appropriate and publishes its reasons for so finding or (ii) as to which the Exchange consents, the Commission shall: (a) By order approve or disapprove such proposed rule change, or (b) institute proceedings to determine whether the proposed rule change should be disapproved.
