II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of the proposed rule change is to amend ISE Rules 408(a), 502(h), 503(h), 807(a), and 1400 to enable the initial and continued listing and trading on the Exchange of Fund Shares that hold specified non-U.S. currency options, futures or options on futures on such currency, or any other derivatives based on such currency. Currently, the term "Fund Shares," as defined in ISE Rule 502(h), requires that the investment assets held by a trust, investment company, or other similar entity consist of portfolios of securities. As proposed, amended ISE Rule 502(h) would also permit the investment assets to consist of a trust that holds a specified non-U.S. currency deposited with the trust.

In particular, the proposed amendment to ISE Rule 502(h) would permit the Exchange to list options on the Euro Currency Trust ("Trust"). The Trust issues Euro Shares ("Shares") that represent units of fractional undivided beneficial interest in, and ownership of, the Trust. PADCO Advisors II, Inc., d/b/a Rydex Investments, is the sponsor of the Trust ("Sponsor")⁵ and may be deemed the "issuer" of the Shares pursuant to section 2(a)(4) of the

Securities Act of 1933, as amended.⁶ The Bank of New York is the trustee of the Trust ("Trustee"), JPMorgan Chase Bank, N.A., London Branch, is the depository for the Trust ("Depository"), and Rydex Distributors, Inc. is the distributor for the Trust ("Distributor"). The Trust intends to issue additional Shares on a continuous basis through the Trustee. The Sponsor, Trustee, Depository, and Distributor are not affiliated with the Exchange or one another, with the exception that the Sponsor and Distributor are affiliated.

As stated in the Trust's Registration Statement,⁷ the investment objective of the Trust is for the Shares to reflect the price of the euro. The Shares are intended to provide institutional and retail investors with a simple, cost-effective means of gaining investment benefits similar to those of holding euro.⁸ The Sponsor believes that the Trust is the first exchange traded fund ("ETF")⁹ whose assets are limited to a particular foreign currency. The Shares may be purchased from the Trust only in one or more blocks of 50,000 Shares, as described in the prospectus under "Creation and Redemption of Shares." A block of 50,000 shares is called a Basket. The Trust issues Shares in Baskets on a continuous basis to certain authorized participants ("Authorized Participants") as described in the prospectus under "Plan of Distribution." Each Basket, when created, is offered and sold to an Authorized Participant at a price in euro equal to the net asset value ("NAV") for 50,000 Shares on the day that the order

to create the Basket is accepted by the Trustee.

On December 12, 2005, the Shares were sold to the public by Authorized Participants at varying prices in dollars by reference to, among other things, the market price of euro and the trading price of the Shares on the New York Stock Exchange ("NYSE") at the time of each sale. The Shares trade on the NYSE under the symbol "FXE." The Shares may also trade in other markets.

The Exchange believes that permitting options on foreign currency-based Fund Shares to be traded on the Exchange is consistent with the Commission's recent approval order of a rule change filed by the NYSE to list and trade shares of the Trust.¹⁰ This rule change to ISE's listing criteria for Fund Shares is intended to provide appropriate listing standards for options on shares of these and similar types of foreign currency-based Fund Shares that may be listed in the future.

Fund Shares will continue to need to satisfy the listing standards in ISE Rule 502(h). Specifically, the Fund Shares must be traded on a national securities exchange or through the facilities of a national securities association and must be an "NMS stock" as defined under Rule 600 of Regulation NMS.¹¹ The Fund Shares must also either: (1) Meet the criteria and guidelines under ISE Rules 502(a) and 502(b) (Criteria for Underlying Securities); or (2) be available for creation or redemption each business day from and through the issuer in cash or in-kind at a price related to net asset value, and the issuer is obligated to issue Fund Shares in a specified aggregate number even if some or all of the investments required to be deposited have not been received by the issuer, subject to the condition that the person obligated to deposit the investments has undertaken to deliver the investment assets as soon as possible, and such undertaking is secured by the delivery and maintenance of collateral consisting of cash or cash equivalents satisfactory to the issuer, as described in the issuer's prospectus.

Under the applicable continued listing criteria in ISE Rule 503(h), the Fund Shares may be delisted as follows: (1) Following the initial twelve-month period beginning upon the commencement of trading of the Fund

⁶ Rydex Investments is not an "issuer" as per ISE rules.

⁷ The Sponsor, on behalf of the Trust, filed the Form S-1 (the "Registration Statement") on June 7, 2005, Amendment No. 1 thereto on August 12, 2005, Amendment No. 2 thereto on October 25, 2005, Amendment No. 3 thereto on November 28, 2005, and Amendment No. 4 thereto on December 6, 2005. See Registration No. 333-125581.

⁸ The Exchange notes that the Commission has permitted the listing of prior securities products for which the underlying was a commodity or otherwise was not a security trading on a regulated market. See, e.g., Exchange Act Release Nos. 50603 (October 28, 2004), 69 FR 64614 (November 5, 2004) (SR-NYSE-2004-22) (approving listing and trading on NYSE of StreetTRACKS® Gold Shares); 36505 (November 22, 1995), 60 FR 61277 (November 29, 1995) (SR-PHLX-95-42) (approving the listing of dollar-denominated delivery of foreign currency options on the Japanese Yen); 36165 (August 29, 1995), 60 FR 46653 (September 7, 1995) (SR-NYSE-94-41) (approving listing standards for, among other things, currency and currency index warrants); and 19133 (October 14, 1982), 47 FR 46946 (October 21, 1982) (SR-PHLX-81-4) (approving the listing of standardized options on foreign currencies).

⁹ The Exchanges notes that the Trust is not a registered investment company under the Investment Company Act of 1940 ("1940 Act") and is not required to register under the 1940 Act.

¹⁰ See Securities Exchange Act Release No. 52843 (November 28, 2005), 70 FR 72486 (December 5, 2005).

¹¹ In light of the implementation of certain aspects of Regulation NMS, the Exchange hereby seeks to amend ISE Rule 502(h) to reflect that Fund Shares must be National Market System stocks as defined under Rule 600 of Regulation NMS, instead of "national market" securities.

⁵ The Sponsor maintains a public Web site on behalf of the Trust, <http://www.currencyshares.com>, which contains information about the Trust and the Shares.

Shares, there are fewer than 50 record and/or beneficial holders of the Fund Shares for 30 or more consecutive trading days; (2) the value of the euro is no longer calculated or available;¹² or (3) such other event occurs or condition exists that in the opinion of the Exchange makes further dealing on the Exchange inadvisable. Additionally, the Fund Shares shall not be deemed to meet the requirements for continued approval, and the Exchange shall not open for trading any additional series of option contracts of the class covering such Fund Shares, if the Fund Shares are halted from trading on their primary market.

Finally, the Exchange represents that the expansion of the types of investments that may be held by a Fund Share under ISE Rule 502(h) will not have any effect on the rules pertaining to position and exercise limits¹³ or margin.¹⁴

The Exchange is also proposing to amend ISE Rule 408(a) to ensure that, in connection with trading in the applicable non-U.S. currency, non-U.S. currency options, futures or options on futures on such currency, or any other derivatives on such currency, the ISE Primary Market Maker does not use any material nonpublic information it might have or receive from any person associated with it in the applicable non-U.S. currency options, futures or options on futures on such currency, or any other derivatives on such currency. Finally, the Exchange is proposing to amend ISE Rules 807(a) and 1400 to ensure that market makers handling Fund Shares provide the Exchange with all necessary information relating to their trading in the applicable non-U.S. currency, non-U.S. currency options, futures or options on futures on such currency, or any other derivatives based on such currency.

The Exchange represents that it has an adequate surveillance program in place for options on the Shares, and intends to apply those same program procedures that it applies to options on Fund Shares currently traded on the

Exchange. In addition, the Exchange may obtain trading information via the Intermarket Surveillance Group ("ISG") from other exchanges who are members or affiliates of the ISG. Specifically, ISE can obtain such information from the Philadelphia Stock Exchange ("Phlx") in connection with euro options trading on the Phlx and from the Chicago Mercantile Exchange ("CME") and the London International Financial Futures Exchange ("LIFFE") in connection with euro futures trading on those exchanges.¹⁵

2. Basis

The Exchange believes that, with the commencement of trading of a currency-based ETF on the NYSE, amending its rules to accommodate the listing and trading of options on publicly traded shares or other securities that hold investment assets consisting of foreign currency will benefit investors by providing them with the same valuable risk management tool that is currently available with respect to other publicly traded ETFs whose investment assets consist of securities. Accordingly, the proposed rule change is consistent with section 6(b) of the Act, in general and furthers the objectives of section 6(b)(5) in particular, in that it would remove impediments to and perfect the mechanism for a free and open market in a manner consistent with the protection of investors and the public interest.

B. Self-Regulatory Organization's Statement on Burden on Competition

The proposed rule change does not impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

The Exchange has not solicited, and does not intend to solicit, comments on this proposed rule change. The Exchange has not received any unsolicited written comments from members or other interested parties.

Within 35 days of the date of publication of this notice in the **Federal Register** or within such longer period (i) as the Commission may designate up to 90 days of such date if it finds such longer period to be appropriate and

publishes its reasons for so finding or (ii) as to which the self-regulatory organization consents, the Commission will:

(a) By order approve such proposed rule change, as amended; or

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-53780; File No. SR-NYSE-2006-24]

Self-Regulatory Organizations; New York Stock Exchange LLC; Notice of Filing of Proposed Rule Change Relating to Exchange Rule 104(d) Governing Specialist Trading in the NYSE Hybrid Market

May 10, 2006.

Pursuant to section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹ and Rule 19b-4 thereunder,² notice is hereby given that on April 7, 2006, the New York Stock Exchange LLC ("NYSE" or "Exchange") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend Exchange Rule 104(d) governing specialist trading in the NYSE HYBRID MARKETSM ("Hybrid Market").³ Specifically, the Exchange proposes to amend Exchange Rule 104(d) to provide that specialists shall have the ability to maintain undisplayed reserve interest on behalf of the dealer account at the Exchange best bid and offer, provided at least 1,000 shares of dealer interest is displayed at that price, on the same side

of the market as the reserve interest. The text of the proposed rule change is available on the Exchange's Web site (<http://www.nyse.com>), at the Exchange's Office of Secretary, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange notes that the Hybrid Market was approved by the Commission on March 22, 2006.⁴ In the Hybrid Market, Exchange Rule 104(d) provides that specialists may, but are not required to, have non-displayed "reserve" interest at the best bid and offer. Reserve interest is interest at the best bid or offer that is not displayed. Reserve interest will participate in automatic executions after displayed interest on that side trades. Currently, the specialist must have a minimum amount of 2,000 shares displayed at the best bid or offer in order to have reserve interest on that side of the quote. Floor brokers also are permitted to have reserve interest.⁵ However, Floor brokers are only required to display 1,000 shares at the best bid or offer in order to have reserve interest. Accordingly, the Exchange proposes to conform the minimum display requirements for reserve interest for specialists and Floor brokers. Therefore, the Exchange proposes to amend Exchange Rule 104(d)(i) to provide that specialists shall have the ability to maintain undisplayed reserve interest on behalf of the dealer account at the Exchange best bid and offer, provided at least 1,000 shares of dealer interest is displayed at that price, on the same side of the market as the reserve interest.

In addition, the Exchange proposes to amend Exchange Rule 104(d)(ii) to

conform it to the 1,000 share minimum display requirement. Thus, this rule will require that after an execution, if specialist interest remains at the best bid or offer, the amount of such displayed interest will be replenished by the specialist's reserve interest, if any, so that at least a minimum of 1,000 shares (instead of the current 2,000 shares) of specialist interest is displayed or whatever specialist interest remains at the best bid or offer, if less than 1,000 shares (instead of the current 2,000 shares).

The Exchange believes that it is best to have a uniform standard for the minimum amount of interest required to be displayed at the best bid or offer in order to have reserve interest as it will deter market participants from trying to deduce if a certain amount of liquidity on the Display Book[®] is associated with a Floor broker versus a specialist.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with section 6(b)(5) of the Act⁶ because it is designed to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest. The Exchange believes that the proposed rule change also is designed to support the principles of section 11A(a)(1) of the Act⁷ in that it seeks to assure economically efficient execution of securities transactions, make it practicable for brokers to execute investors' orders in the best market, and provide an opportunity for investors' orders to be executed without the participation of a dealer.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

The Exchange has neither solicited nor received written comments on the proposed rule change.
