

because the issue of extension was within the scope of the Joint Board's earlier recommended decision. The Commission has continued to receive valuable comments, analysis, and expertise from the Joint Board on this matter during the current separations freeze.

5. The extended freeze will be implemented as described in the *2001 Separations Freeze Order*. Specifically, price-cap carriers will use the same relationships between categories of investment and expenses within Part 32 accounts and the same jurisdictional allocation factors that have been in place since the inception of the current freeze on July 1, 2001. Rate-of-return carriers will use the same frozen jurisdictional allocation factors, and will use the same frozen category relationships if they had opted previously to freeze those as well.

I. Procedural Matters

A. Final Regulatory Flexibility Certification

6. The Regulatory Flexibility Act of 1980, as amended (RFA), requires that a regulatory flexibility analysis be prepared for rulemaking proceedings, unless the agency certifies that "the rule will not, if promulgated, have a significant economic impact on a substantial number of small entities." 5 U.S.C. 605(b). The RFA generally defines "small entity" as having the same meaning as the terms "small business," "small organization," and "small governmental jurisdiction." 5 U.S.C. 601(6). In addition, the term "small business" has the same meaning as the term "small business concern" under section 3 of the Small Business Act. 5 U.S.C. 601(3). Under the Small Business Act, a small business concern is one that: (1) Is independently owned and operated; (2) is not dominant in its field of operation; and (3) satisfies any additional criteria established by the Small Business Administration (SBA). 15 U.S.C. 632.

7. In the instant *Order*, we extend the current freeze of the part 36 category relationships and jurisdictional cost allocation factors for price cap carriers, and of the allocation factors only for rate-of-return carriers. Among the underlying objectives of the freeze are to ease the administrative burden of regulatory compliance and to provide greater regulatory certainty for all local exchange carriers subject to the Commission's part 36 rules, including some entities employing 1500 or fewer employees. The extension of the freeze will continue the status quo that has existed since July 1, 2001, when the

freeze originally became effective. Moreover, the freeze has eliminated the need for all incumbent LECs, including incumbent LECs with 1500 employees or fewer (small incumbent LECs), to complete certain annual studies formerly required by the Commission's rules.

8. The *Order* poses no additional regulatory burden on incumbent LECs, including small incumbent LECs. If this extended action can be said to have any effect under the RFA, it is to reduce a regulatory compliance burden for small incumbent LECs, by eliminating the aforementioned separations studies and providing these carriers with greater regulatory certainty. Furthermore, we note that the Commission specifically considered the impact of the freeze on small incumbent LECs (in general, rate-of-return carriers) in the *2001 Separations Freeze Order*, and provided them with the option to freeze their category relationships at the onset of the freeze. Our action, therefore, does nothing more than temporarily extend the status quo, which itself was certified in the *2001 Separations Freeze Order* not to have a significant economic impact on a substantial number of small entities.

9. Therefore, we certify that the requirements of the *Order* will not have a significant economic impact on a substantial number of entities. The Commission will send a copy of the *Order*, including a copy of this final certification, in a report to Congress and the Government Accountability Office pursuant to the Congressional Review Act. In addition, the *Order* and this certification will be sent to the Chief Counsel for Advocacy of the Small Business Administration, and will be published in the **Federal Register**.

B. Paperwork Reduction Act Analysis

10. The *Order* does not contain any new, modified, or proposed information collections subject to the Paperwork Reduction Act of 1995 (PRA), Public Law 104-13. In addition, therefore, it does not contain any new, modified, or proposed "information collection burden for small business concerns with fewer than 25 employees," pursuant to the Small Business Paperwork Relief Act of 2002, Public Law 107-198, see 44 U.S.C. 3506(c)(4).

C. Congressional Review Act

11. The Commission will send a copy of the *Order* in a report to be sent to Congress and the Government Accountability Office pursuant to the Congressional Review Act, see 5 U.S.C. 801(a)(1)(A).

II. Ordering Clauses

12. Pursuant to the authority contained in sections 1, 2, 4, 201-205, 215, 218, 220, 229, 254, and 410 of the Communications Act of 1934, as amended, 47 U.S.C. 151, 152, 154, 201-205, 215, 218, 220, 229, 254 and 410, this *Order* is adopted.

13. The *Order* shall be effective June 23, 2006.

14. The Commission's Consumer and Governmental Affairs Bureau, Reference Information Center, shall send a copy of the *Order*, including the Final Regulatory Flexibility Certification, to the Chief Counsel for Advocacy of the Small Business Administration.

50 CFR Part 648

[Docket No. 051209329-5329-01; I.D. 051806A]

Fisheries of the Northeastern United States; Atlantic Mackerel, Squid, and Butterfish Fisheries; Closure of the Quarter II Fishery for Loligo Squid

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Closure.

SUMMARY: NMFS announces that the directed fishery for Loligo squid in the Exclusive Economic Zone (EEZ) will be closed effective 0001 hours, May 23, 2006. Vessels issued a Federal permit to harvest *Loligo* squid may not retain or land more than 2,500 lb (1,134 kg) of *Loligo* squid per trip for the remainder of the quarter (through June 30, 2006). This action is necessary to prevent the fishery from exceeding its Quarter II quota and to allow for effective management of this stock.

DATES: Effective 0001 hours, May 23, 2006, through 2400 hours, June 30, 2006.

FOR FURTHER INFORMATION CONTACT: Don Frei, Fishery Management Specialist, 978-281-9221, Fax 978-281-9135.

SUPPLEMENTARY INFORMATION: Regulations governing the *Loligo* squid

fishery are found at 50 CFR part 648. The regulations require specifications for maximum sustainable yield, initial optimum yield, allowable biological catch, domestic annual harvest (DAH), domestic annual processing, joint venture processing, and total allowable levels of foreign fishing for the species managed under the Atlantic Mackerel, Squid, and Butterfish Fishery Management Plan. The procedures for setting the annual initial specifications are described in § 648.21.

The 2006 specification of DAH for *Loligo* squid was set at 16,872.4 mt (71 FR 10621, March 2, 2006). This amount is allocated by quarter, as shown below.

TABLE 1.—*Loligo* SQUID QUARTERLY ALLOCATIONS.

Quarter	Percent	Metric Tons ¹	Research Set-aside
I (Jan-Mar)	33.23	5,606.7	N/A
II (Apr-Jun)	17.61	2,971.30	N/A
III (Jul-Sep)	17.3	2,918.90	N/A
IV (Oct-Dec)	31.86	5,375.60	N/A
Total	100	16,872.50	127.5

¹Quarterly allocations after 127.5 mt research set-aside deduction.

Section 648.22 requires NMFS to close the directed *Loligo* squid fishery in the EEZ when 80 percent of the quarterly allocation is harvested in Quarters I, II, and III, and when 95 percent of the total annual DAH has been harvested. NMFS is further required to notify, in advance of the closure, the Executive Directors of the Mid-Atlantic, New England, and South Atlantic Fishery Management Councils; mail notification of the closure to all holders of *Loligo* squid permits at least 72 hours before the effective date of the closure; provide adequate notice of the

closure to recreational participants in the fishery; and publish notification of the closure in the **Federal Register**. The Administrator, Northeast Region, NMFS, based on dealer reports and other available information, has determined that 80 percent of the DAH for *Loligo* squid in Quarter II will be harvested by May 23, 2006. Therefore, effective 0001 hours, May 23, 2006, the directed fishery for *Loligo* squid is closed and vessels issued Federal permits for *Loligo* squid may not retain or land more than 2,500 lb (1,134 kg) of *Loligo* during a calendar day. The directed fishery will reopen effective 0001 hours, July 1, 2006, when the Quarter III quota becomes available.
