

emergency rule is effective for 180 days (and may be extended for another 180 days), it is unlikely to be in effect for the 2007 fishing season. The Council will therefore consider changes to the Pelagics FMP that would allow immediate closure of the fishery when either of the turtle limits are reached.

Subsequently, the Pelagics Plan Team recommended in its May 2006 meeting that the Council also consider methods to smooth the adverse markets effect of these closures. These include consideration of an interim trigger level of turtle takes by the Hawaii swordfish longline fishery that might be used to establish a short term (1–4 week) temporary closures, to prevent the fishery reaching its limits prematurely. The Council may, therefore, take action at this meeting to amend the Pelagics Fishery Management Plan to modify the current swordfish longline fishery closure mechanism. The Council will also consider these measures at its 133rd meeting.

3. NWHI Fishing Regulations (ACTION ITEM)

On January 18, 2006, the Council was informed by the Under Secretary of Commerce for Oceans and Atmosphere, that NOAA is developing alternatives in the Draft Environmental Impact Statement for the proposed Northwestern Hawaiian Islands (NWHI) National Marine Sanctuary that would enable the Council to continue to recommend management measures to limit bottomfish and pelagic fisheries through regulations under the Magnuson-Stevens Fishery Conservation and Management Act (Magnuson-Stevens Act), consistent with the goals and objectives of the proposed sanctuary.

In response to this notice, the Council, relying on guidance provided by NOAA, took initial action at its 131st meeting held March 13–16, 2006 and recommended that limited commercial bottomfish and non-longline pelagic fishing be allowed to continue in Federal waters of the proposed NWHI National Marine under the following permit and catch limits:

1. Limited-entry NWHI bottomfish permits be capped at 14, with 7 permits for the Ho'omalū Zone and 7 permits for the Mau Zone (the two Community Development Program permits for indigenous use to be included in the latter and issued as previously recommended by the Council);
2. The annual bottomfish catch be limited to 381,500 lbs (85% of MSY);
3. Non-longline commercial pelagic fishing permits be capped at three (3); and

4. The annual commercial pelagic catch by the non-longline pelagic fishery and the limited-entry bottomfish fishery be limited to 180,000 lbs.

Subsequently, seven outstanding issues related to these action were identified which require further Council consideration. These issues are: (1) The design of a limited entry program for non-longline pelagic fishing; (2) the designation of a fishing year(s) to be used for the monitoring of the fishing catch limits (3) appropriate compensation for displaced or negatively impacted individuals; (4) the importance and role of the NOAA weather buoy 11 to sanctuary resources as well as to pelagic fishing; (5) the accuracy of the data used by NOAA to calculate the annual pelagic catch limit of 180,000 pounds; (6) whether all fishing for a given species group should be prohibited following closure of a commercial fishery; and (7) the role of the Council in the formulation of NOAA's future NWHI ecosystem management plans. The Council may therefore, consider actions to address these outstanding issues at its 133rd meeting.

Special Accommodations

These meetings are physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to Kitty M. Simonds, (808) 522–8220 (voice) or (808) 522–8226 (fax), at least 5 days prior to the meeting date.

Authority: 16 U.S.C.1801 *et seq.*

Dated: May 18, 2006.

Tracey L. Thompson,

Acting Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

BILLING CODE 3510–22–S

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

[Docket No. 060516133–6133–01]

The Preliminary Report of the NOAA Science Advisory Board, Hurricane Intensity Research Working Group, External Review of NOAA's Hurricane Intensity Research and Development Enterprise

AGENCY: Office of Oceanic and Atmospheric Research (OAR), National Oceanic and Atmospheric Administration (NOAA), Department of Commerce (DOC).

ACTION: Notice of availability and request for public comment.

SUMMARY: NOAA Research (OAR) publishes this notice on behalf of the NOAA Science Advisory Board (SAB) to announce the availability of the preliminary report of the SAB Hurricane Intensity Research Working Group (here called the HIRWG) external review of NOAA's Hurricane Intensity Research and Development Enterprise for public comment. The preliminary report of the HIRWG has been prepared pursuant to the request from the Under Secretary of Commerce for Oceans and Atmosphere to the SAB to conduct an external review of NOAA's Hurricane Intensity research and development enterprise.

DATES: Comments on this preliminary report must be submitted by 5 p.m. EDT on June 23, 2006.

ADDRESSES: The Preliminary Report of the HIRWG will be available on the NOAA Science Advisory Board Web site at http://www.sab.noaa.gov/reports/SAB_HIRWG_0506.pdf.

The public is encouraged to submit comments electronically to noaa.sab.comments2@noaa.gov. For individuals who do not have access to a computer, comments may be submitted in writing to: NOAA Science Advisory Board (SAB) c/o Dr. Cynthia Decker, Silver Spring Metro Center Bldg 3 Room 11117, 1315 East-West Highway, Silver Spring, Maryland 20910.

FOR FURTHER INFORMATION CONTACT: Dr. Cynthia Decker, Executive Director, Science Advisory Board, NOAA, Rm. 11117, 1315 East-West Highway, Silver Spring, Maryland 20910. (Phone: 301–713–9121, Fax: 301–713–3515, E-mail: Cynthia.Decker@noaa.gov) during normal business hours of 9 a.m. to 5 p.m. Eastern Time, Monday through Friday, or visit the NOAA SAB Web site at <http://www.sab.noaa.gov>.

SUPPLEMENTARY INFORMATION: The preliminary report of the HIRWG has been drafted pursuant to the request from the Under Secretary of Commerce for Oceans and Atmosphere to the SAB to conduct an external review of NOAA's hurricane intensity research and development enterprise. This review addresses questions and draft recommendations regarding the appropriateness of the mix of scientific activities conducted and/or sponsored by NOAA to its mission and on the organization of NOAA hurricane intensity research and development enterprise. The report recommends that NOAA strengthen its efforts to develop numerical models which incorporate essential physics and have sufficient

resolution to resolve hurricane structure. The essential physics includes full representation of clouds and a much improved representation of the exchanges of heat, moisture, and momentum at the atmosphere-ocean surface. Development of these representations will require extensive analysis of data from carefully planned field studies using both traditional airborne and ground-based observing systems and novel observing platforms such as Unmanned Aerial Vehicles.

The SAB is chartered under the Federal Advisory Committee Act and is the only Federal Advisory Committee with the responsibility to advise the Under Secretary on long- and short-term strategies for research, education, and application of science to resource management and environmental assessment and prediction.

NOAA welcomes all comments on the content of the preliminary report. We also request comments on any inconsistencies perceived within the report, and possible omissions of important topics or issues. This preliminary report is being issued for comment only and is not intended for interim use. For any shortcoming noted within the preliminary report, please propose specific remedies. Suggested changes will be incorporated where appropriate, and a final report will be posted on the SAB Web site.

Please follow these instructions for preparing and submitting comments. Using the format guidance described below will facilitate the processing of comments and assure that all comments are appropriately considered. Please provide background information about yourself on the first page of your comments: Your name(s), organization(s), area(s) of expertise, mailing address(es), telephone and fax numbers, e-mail address(es).

Overview comments on the section should follow your background information and should be numbered. Comments that are specific to particular pages, paragraphs or lines of the section should follow any overview comments and should identify the page numbers to which they apply. Please number all pages and place your name at the top of each page.

Dated: May 18, 2006.

Mark E. Brown,

Chief Financial Officer / Chief Administrative Officer, Office of Oceanic and Atmospheric Research, National Oceanic and Atmospheric Administration.

BILLING CODE 3510-KD-P

DEPARTMENT OF DEFENSE

Office of the Secretary

Meeting of the Defense Policy Board Advisory Committee

AGENCY: Department of Defense, Defense Policy Board Advisory Committee.

ACTION: Notice of closed meeting.

SUMMARY: The Defense Policy Board Advisory Committee will meet in closed session at the Pentagon on June 15, 2006 from 0900 to 1830 and June 16, 2006 from 0830 to 1430.

The purpose of the meeting is to provide the Secretary of Defense, Deputy Secretary of Defense and Under Secretary of Defense for Policy with independent, informed advice on major matters of defense policy. The Board will hold classified discussions on national security matters.

In accordance with section 10(d) of the Federal Advisory Committee Act, Public Law No. 92-463, as amended [5 U.S.C. App II (1982)], it has been determined that this meeting concerns matters listed in 5 U.S.C. 552B(c)(1) (1982), and that accordingly this meeting will be closed to the public.

C.R. Choate,

Alternate OSD Federal Register Liaison Officer, Department of Defense.

BILLING CODE 5000-08-M

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[IC06-585-001, FERC 585]

Commission Information Collection Activities, Proposed Collection; Comment Request; Extension

May 18, 2006.

AGENCY: Federal Energy Regulatory Commission.

ACTION: Notice.

SUMMARY: In compliance with the requirements of section 3507 of the Paperwork Reduction Act of 1995, 44 U.S.C. 3507, the Federal Energy Regulatory Commission (Commission) has submitted the information collection described below to the Office of Management and Budget (OMB) for review and extension of this information collection requirement. Any interested person may file comments directly with OMB and should address a copy of those comments to the Commission as explained below. The Commission received no comments in

response to an earlier **Federal Register** notice of February 24, 2006 (71 FR 9529-9530) and has made this notation in its submission to OMB.

DATES: Comments on the collection of information are due by June 26, 2006.

ADDRESSES: Address comments on the collection of information to the Office of Management and Budget, Office of Information and Regulatory Affairs, Attention: Federal Energy Regulatory Commission Desk Officer. Comments to OMB should be filed electronically, c/o oir_submission@omb.eop.gov and include the OMB Control No. as a point of reference. The Desk Officer may be reached by telephone at 202-395-4650. A copy of the comments should also be sent to the Federal Energy Regulatory Commission, Office of the Executive Director, ED-34, Attention: Michael Miller, 888 First Street, NE., Washington, DC 20426. Comments may be filed either in paper format or electronically. Those persons filing electronically do not need to make a paper filing. For paper filings, an original and 14 copies of such comments should be submitted to the Secretary of the Commission, Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426 and should refer to Docket No. IC06-587-001.

Documents filed electronically via the Internet must be prepared in WordPerfect, MS Word, Portable Document Format, or ASCII format. To file the document, access the Commission's Web site at <http://www.ferc.gov> and click on "Make an E-Filing," and then follow the instructions for each screen. First time users will have to establish a user name and password. The Commission will send an automatic acknowledgement to the sender's e-mail address upon receipt of comments. User assistance for electronic filings is available at 202-502-8258 or by e-mail to efiling@ferc.gov. Comments should not be submitted to this e-mail address.

All comments may be viewed, printed or downloaded remotely via the Internet through FERC's homepage using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document. For user assistance, contact FERCOnlineSupport@ferc.gov or toll-free at (866) 208-3676, or for TTY, contact (202) 502-8659.

FOR FURTHER INFORMATION CONTACT:

Michael Miller may be reached by telephone at (202) 502-8415, by fax at (202) 273-0873, and by e-mail at michael.miller@ferc.gov.

SUPPLEMENTARY INFORMATION:
