

determined the best available information for valuing truck freight to be from *www.infreight.com*. This source provides daily rates from six major points of origin to five destinations in India during the POR. The Department obtained a price quote on the first day of each month of the POR from each point of origin to each destination and averaged the data accordingly. See *Factor Valuation Memo*.

To value factory overhead, selling, general, and administrative expenses ("SG&A"), and profit, we used the 2003 financial statements of Vishal Malleables Limited ("Vishal") and the 2003–2004 financial statements of Ennore Foundries Limited ("Ennore") and Bhagwati Autocast Limited ("Bhagwati"), all of which are Indian producers of comparable merchandise. From this information, we were able to determine factory overhead as a percentage of the total raw materials, labor and energy ("ML&E") costs; SG&A as a percentage of ML&E plus overhead (*i.e.*, cost of manufacture); and the profit rate as a percentage of the cost of manufacture plus SG&A. For further discussion, see *Factor Valuation Memo*.

Weighted–Average Dumping Margin

The weighted–average dumping margin is as follows:

Producer/Manufacturer/ Exporter	Weighted–Average Margin (Percent)
Myland	1.81 %

Disclosure

The Department will disclose calculations performed for these preliminary results to the parties within five days of the date of publication of this notice in accordance with 19 CFR 351.224(b). Any interested party may request a hearing within 30 days of publication of these preliminary results. See 19 CFR 351.310(c). Any hearing, if requested, will be held two days after the scheduled date for submission of rebuttal briefs. See 19 CFR 351.310(d). Interested parties may submit case briefs and/or written comments no later than 30 days after the date of publication of these preliminary results of review. See 19 CFR 351.309(c)(ii). Rebuttal briefs and rebuttals to written comments, limited to issues raised in such briefs or comments, may be filed no later than 35 days after the date of publication. See 19 CFR 351.309(d). Further, parties submitting written comments should provide the Department with an additional copy of those comments on diskette. The Department will issue the final results of this administrative review, which will include the results of

its analysis of issues raised in any such comments, within 120 days of publication of these preliminary results, pursuant to section 751(a)(3)(A) of the Act.

Assessment Rates

Upon issuance of the final results, the Department will determine, and CBP shall assess, antidumping duties on all appropriate entries. Within 15 days of the completion of this review, the Department will instruct CBP to assess antidumping duties on all appropriate entries of subject merchandise. The Department will issue appropriate assessment instructions directly to CBP upon completion of this review. We divided the total dumping margins of Myland's reviewed sales to each importer by the total quantity of Myland's reviewed sales to that importer to calculate the per-kilogram assessment rate. If these preliminary results are adopted in our final results of review, we will direct CBP to assess the resulting rate against the entered customs value for the subject merchandise on each importer's/customer's entries during the POR.

Cash–Deposit Requirements

The following cash–deposit requirements will be effective upon publication of the final results of this administrative review for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided for by section 751(a)(2)(C) of the Act: (1) The cash deposit rate for Myland will be the rate listed in the final results of review (except if the rate for Myland is *de minimis*, *i.e.*, less than 0.5 percent, no cash deposit will be required); (2) for previously investigated companies not listed above, the cash deposit rate will continue to be the company-specific rate published for the most recent period; (3) the cash deposit rate for all other PRC exporters will be 75.50 percent, the current PRC-wide rate; and (4) the cash deposit rate for all non-PRC exporters will be the rate applicable to the PRC exporter that supplied that exporter. These deposit requirements, when imposed, shall remain in effect until publication of the final results of the next administrative review.

Notification to Importers

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review

period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

We are issuing and publishing these preliminary results of review in accordance with sections 751(a)(1) and 777(i)(1) of the Act, and 19 CFR 351.221(b).

Dated: May 1, 2006.

David M. Spooner,

Assistant Secretary for Import Administration.
