

§ 1.1502–35 Transfers of subsidiary stock and deconsolidations of subsidiaries.

[The text of the proposed amendment to § 1.1502–35 is the same as the text of § 1.1502–35T published elsewhere in this issue of the **Federal Register**].

Par. 20. Section 1.1502–76 is amended by revising paragraph (b)(2)(ii)(D) and adding paragraph (d) to read as follows:

§ 1.1502–76 Taxable year of members of group.

[The text of the proposed amendment to § 1.1502–76 is the same as the text for § 1.1502–76T published elsewhere in this issue of the **Federal Register**].

Par. 21. Section 1.1502–95 is amended by revising paragraphs (e)(8) and (f) and adding paragraph (g) to read as follows:

§ 1.1502–95 Rules on ceasing to be a member of a consolidated group (or loss subgroup).

[The text of the proposed amendment to § 1.1502–95 is the same as the text for § 1.1502–95T published elsewhere in this issue of the **Federal Register**].

Par. 22. Section 1.1563–1 is amended by revising paragraph (c)(2) and adding paragraph (e) to read as follows:

§ 1.1563–1 Definition of controlled group of corporations and component members.

[The text of the proposed amendment to § 1.1563–1 is the same as the text for § 1.1563–1T published elsewhere in this issue of the **Federal Register**].

Par. 23. Section 1.1563–3 is amended by revising paragraph (d)(2)(iv) and adding paragraph (e) to read as follows:

§ 1.1563–3 Rules for determining stock ownership.

[The text of the proposed amendment to § 1.1563–3 is the same as the text for § 1.1563–3T published elsewhere in this issue of the **Federal Register**].

Par. 24. Section 1.6012–2 is amended by revising paragraph (c) and adding paragraph (k) to read as follows:

§ 1.6012–2 Corporations required to make returns of income.

[The text of the proposed section § 1.6012–2 is the same as the text for § 1.6012–2T published elsewhere in this issue of the **Federal Register**].

Mark E. Matthews,

Deputy Commissioner for Services and Enforcement.

BILLING CODE 4830–01–P

DEPARTMENT OF HOMELAND SECURITY**Coast Guard****33 CFR Part 165**

[CGD05–06–056]

RIN 1625–AA00

Safety Zone; Fireworks Display, Chesapeake Bay, Tred Avon River, Oxford, MD

AGENCY: Coast Guard, DHS.

ACTION: Notice of proposed rulemaking.

SUMMARY: The Coast Guard proposes to establish a temporary safety zone upon certain waters of the Tred Avon River during a fireworks display. This action is necessary to provide for the safety of life on navigable waters during a fireworks display launched from a barge, located between Bellevue, Maryland and Oxford, Maryland. This action will restrict vessel traffic in a portion of the Tred Avon River.

DATES: Comments and related material must reach the Coast Guard on or before June 29, 2006.

ADDRESSES: You may mail comments and related material to Commander, U.S. Coast Guard Sector Baltimore, 2401 Hawkins Point Road, Building 70, Waterways Management Division, Baltimore, Maryland 21226–1791. Coast Guard Sector Baltimore, Waterways Management Division, maintains the public docket for this rulemaking. Comments and material received from the public, as well as documents indicated in this preamble as being available in the docket, will become part of this docket and will be available for inspection or copying at Commander, U.S. Coast Guard Sector Baltimore, 2401 Hawkins Point Road, Building 70, Waterways Management Division, Baltimore, Maryland 21226–1791, between 8 a.m. and 3 p.m., Monday through Friday, except Federal holidays.

FOR FURTHER INFORMATION CONTACT: Mr. Ronald L. Houck, at Coast Guard Sector Baltimore, Waterways Management Division, at telephone number (410) 576–2674 or (410) 576–2693.**SUPPLEMENTARY INFORMATION:****Request for Comments**

We encourage you to participate in this rulemaking by submitting comments and related material. If you do so, please include your name and address, identify the docket number for this rulemaking (CGD05–06–056), indicate the specific section of this document to which each comment applies, and give the reason for each

comment. Please submit all comments and related material in an unbound format, no larger than 8½ by 11 inches, suitable for copying. If you would like to know they reached us, please enclose a stamped, self-addressed postcard or envelope. We will consider all comments and material received during the comment period. We may change this proposed rule in view of them.

Public Meeting

We do not now plan to hold a public meeting. But you may submit a request for a meeting by writing to Coast Guard Sector Baltimore, Waterways Management Division, at the address under **ADDRESSES** explaining why one would be beneficial. If we determine that one would aid this rulemaking, we will hold one at a time and place announced by a later notice in the **Federal Register**.

Background and Purpose

Each year, thousands of spectators attend an outdoor Independence Day fireworks display discharged from vessels or floating platforms on or near the navigable waters of the United States. Accidental discharge of fireworks and falling hot embers are a safety concern during such events. The Coast Guard has the authority to impose appropriate controls on marine events that may pose a threat to persons, vessels and facilities under its jurisdiction. The Coast Guard proposes to establish a safety zone that will be enforced during a fireworks display held over the Tred Avon River, a tributary of the Chesapeake Bay. The proposed rule is needed to control movement through a portion of the waterway that is heavily populated by vessels seeking to view the fireworks display and participate in the Independence Day celebration.

Discussion of Proposed Rule

On July 2, 2006, the Tred Avon Yacht Club will sponsor a fireworks display launched from a barge located on the Tred Avon River, near Oxford, Maryland. The planned event includes a thirty-five minute aerial fireworks display beginning at dusk. A rain date is being proposed for July 3, 2006. A large fleet of spectator vessels is anticipated for this event. Due to the need for vessel control during the fireworks display, vessel traffic will be restricted to provide for the safety of spectators and transiting vessels.

The purpose of this rule is to promote maritime safety, and to protect the environment and mariners transiting the area from the potential hazards due to falling embers or other debris associated

with a fireworks display from a barge. This rule proposes to establish a safety zone on the waters of the Tred Avon River, within a radius of 150 yards around a fireworks barge, which will be located at position latitude 38°41'48" N, longitude 076°10'38" W. The Coast Guard anticipates a large recreational boating fleet during this event. The rule will impact the movement of all vessels operating in a specified area of the Tred Avon River. Interference with normal port operations will be kept to the minimum considered necessary to ensure the safety of life on the navigable waters immediately before, during, and after the scheduled event.

Regulatory Evaluation

This proposed rule is not a "significant regulatory action" under section 3(f) of Executive Order 12866, Regulatory Planning and Review, and does not require an assessment of potential costs and benefits under section 6(a)(3) of that Order. The Office of Management and Budget has not reviewed it under that Order.

We expect the economic impact of this proposed rule to be so minimal that a full Regulatory Evaluation is unnecessary.

Small Entities

Under the Regulatory Flexibility Act (5 U.S.C. 601–612), we have considered whether this proposed rule would have a significant economic impact on a substantial number of small entities. The term "small entities" comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000.

The Coast Guard certifies under 5 U.S.C. 605(b) that this proposed rule would not have a significant economic impact on a substantial number of small entities: The owners or operators of vessels intending to operate, remain or anchor within certain waters of the Tred Avon River, within a radius of 150 yards around a fireworks barge located at position latitude 38°41'48" N, longitude 076°10'38" W, from 7:30 p.m. to 10:30 p.m. on July 2, 2006, or if warranted due to inclement weather, on July 3, 2006. This safety zone will not have a significant economic impact on a substantial number of small entities for the following reasons. This rule will be in effect for three hours, commercial vessel traffic in this area is very limited, vessels not constrained by their draft may proceed safely around the safety zone, and before the effective period, we

will issue maritime advisories widely available to users of the river.

If you think that your business, organization, or governmental jurisdiction qualifies as a small entity and that this rule would have a significant economic impact on it, please submit a comment (see **ADDRESSES**) explaining why you think it qualifies and how and to what degree this rule would economically affect it.

Assistance for Small Entities

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121), we want to assist small entities in understanding this proposed rule so that they can better evaluate its effects on them and participate in the rulemaking. If the rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please contact Coast Guard Sector Baltimore, Waterways Management Division, at telephone number (410) 576–2674. The Coast Guard will not retaliate against small entities that question or complain about this rule or any policy or action of the Coast Guard.

Collection of Information

This proposed rule would call for no new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

Federalism

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on State or local governments and would either preempt State law or impose a substantial direct cost of compliance on them. We have analyzed this proposed rule under that Order and have determined that it does not have implications for federalism.

Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 or more in any one year. Though this proposed rule would not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

Taking of Private Property

This proposed rule would not effect a taking of private property or otherwise

have taking implications under Executive Order 12630, Governmental Actions and Interference with Constitutionally Protected Property Rights.

Civil Justice Reform

This proposed rule meets applicable standards in sections 3(a) and 3(b)(2) of Executive Order 12988, Civil Justice Reform, to minimize litigation, eliminate ambiguity, and reduce burden.

Protection of Children

We have analyzed this proposed rule under Executive Order 13045, Protection of Children from Environmental Health Risks and Safety Risks. This rule is not an economically significant rule and would not create an environmental risk to health or risk to safety that might disproportionately affect children.

Indian Tribal Governments

This proposed rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it would not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

Energy Effects

We have analyzed this proposed rule under Executive Order 13211, Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use. We have determined that it is not a "significant energy action" under that order because it is not a "significant regulatory action" under Executive Order 12866 and is not likely to have a significant adverse effect on the supply, distribution, or use of energy. The Administrator of the Office of Information and Regulatory Affairs has not designated it as a significant energy action. Therefore, it does not require a Statement of Energy Effects under Executive Order 13211.

Technical Standards

The National Technology Transfer and Advancement Act (NTTAA) (15 U.S.C. 272 note) directs agencies to use voluntary consensus standards in their regulatory activities unless the agency provides Congress, through the Office of Management and Budget, with an explanation of why using these standards would be inconsistent with applicable law or otherwise impractical. Voluntary consensus standards are

technical standards (e.g., specifications of materials, performance, design, or operation; test methods; sampling procedures; and related management systems practices) that are developed or adopted by voluntary consensus standards bodies.

This proposed rule does not use technical standards. Therefore, we did not consider the use of voluntary consensus standards.

Environment

We have analyzed this proposed rule under Commandant Instruction M16475.ID and Department of Homeland Security Management Directive 5100.1, which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (NEPA) (42 U.S.C. 4321–4370f), and have made a preliminary determination that there are no factors in this case that would limit the use of a categorical exclusion under section 2.B.2 of the Instruction. Therefore, we believe that this rule should be categorically excluded, under figure 2–1, paragraph (34)(g), of the Instruction, from further environmental documentation. This rule establishes a safety zone.

A preliminary “Environmental Analysis Check List” is available in the docket where indicated under **ADDRESSES**. Comments on this section will be considered before we make the final decision on whether this rule should be categorically excluded from further environmental review.

List of Subjects in 33 CFR Part 165

Harbors, Marine safety, Navigation (water), Reporting and recordkeeping requirements, Security measures, Waterways.

For the reasons discussed in the preamble, the Coast Guard proposes to amend 33 CFR part 165 as follows:

PART 165—REGULATED NAVIGATION AREAS AND LIMITED ACCESS AREAS

1. The authority citation for part 165 continues to read as follows:

Authority: 33 U.S.C. 1226, 1231; 46 U.S.C. Chapter 701; 50 U.S.C. 191, 195; 33 CFR 1.05–1(g), 6.04–1, 6.04–6, and 160.5; Public Law 107–295, 116 Stat. 2064; Department of Homeland Security Delegation No. 0170.1.

2. Add temporary § 165.T05–056 to read as follows:

§ 165.T05–056 Safety zone; Fireworks Display, Chesapeake Bay, Tred Avon River, Oxford, MD.

(a) *Location*. The following area is a safety zone: All waters of the Tred Avon River near Oxford, Maryland, surface to bottom, within a radius of 150 yards

around a fireworks barge which will be located at position latitude 38°41′48″ N, longitude 076°10′38″ W. All coordinates reference Datum NAD 1983.

(b) *Definition*. The Captain of the Port Baltimore means the Commander, Coast Guard Sector Baltimore or any Coast Guard commissioned, warrant or petty officer who has been authorized by the Captain of the Port to act on his behalf.

(c) *Regulations*. The general regulations governing safety zones, found in Sec. 165.23, apply to the safety zone described in paragraph (a) of this section.

(1) All vessels and persons are prohibited from entering this zone, except as authorized by the Captain of the Port, Baltimore, Maryland.

(2) Persons or vessels requiring entry into or passage within the zone must request authorization from the Captain of the Port or his designated representative by telephone at (410) 576–2693 or by marine band radio on VHF channel 16 (156.8 MHz).

(3) All Coast Guard vessels enforcing this safety zone can be contacted on marine band radio VHF channel 16 (156.8 MHz).

(4) The operator of any vessel within or in the immediate vicinity of this safety zone shall:

(i) Stop the vessel immediately upon being directed to do so by any commissioned, warrant or petty officer on board a vessel displaying a Coast Guard Ensign, and

(ii) Proceed as directed by any commissioned, warrant or petty officer on board a vessel displaying a Coast Guard Ensign.

(d) *Enforcement*. The U.S. Coast Guard may be assisted in the patrol and enforcement of the zone by Federal, State and local agencies.

(e) *Effective period*. This section is effective from 7:30 p.m. to 10:30 p.m. on July 2, 2006, and if warranted due to inclement weather, from 7:30 p.m. to 10:30 p.m. on July 3, 2006.

Dated: May 19, 2006.

Curtis A. Springer,

Captain, U.S. Coast Guard, Captain of the Port, Baltimore, Maryland.

RIN 2070–AD58

Premanufacture Notification Exemption for Polymers; Amendment of Polymer Exemption Rule to Exclude Certain Perfluorinated Polymers; Reopening of Comment Period

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule; reopening of comment period.

SUMMARY: This document reopens the public comment period originally established for the proposed rule issued in the **Federal Register** on March 7, 2006 (71 FR 11484) (FRL–7735–5). In that document, EPA proposed to amend the polymer exemption rule which provides an exemption from the premanufacture notification (PMN) requirements of the Toxic Substances Control Act (TSCA), to exclude from eligibility polymers containing as an integral part of their composition, except as impurities, certain perfluoroalkyl moieties consisting of a CF₃- or longer chain length.

DATES: Comments must be received on or before July 31, 2006.

ADDRESSES: EPA has established a docket for this action under Docket identification (ID) number EPA–HQ–OPPT–2002–0051. All documents in the docket are listed in the index for the docket. Although listed in the index, some information is not publicly available, e.g., Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Certain other material, such as copyrighted material, is not placed on the Internet and will be publicly available only in hard copy form. Publicly available docket materials are available in the electronic docket at <http://www.regulations.gov>, or, if only available in hard copy form, at the OPPT Docket, EPA Docket Center (EPA/DC), EPA West, Rm. B102, 1301 Constitution Ave., NW., Washington, DC. The EPA Docket Center Public Reading Room is open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. The telephone number for the Public Reading Room is (202) 566–1744, and the telephone number for the OPPT Docket is (202) 566–0280.

FOR FURTHER INFORMATION CONTACT: For general information contact: Colby Lintner, Regulatory Coordinator,
