SUPPLEMENTARY INFORMATION:

I. Abstract

The United States Patent and Trademark Office (USPTO) is required by 35 U.S.C. 131 to examine an application for patent and, when

appropriate, issue a patent. Also, the USPTO is required to publish patent applications, with certain exceptions, promptly after the expiration of a period of eighteen months from the earliest filing date for which a benefit is sought under Title 35, United States Code ("eighteen-month publication"). Certain situations may arise which require that additional information be supplied in order for the USPTO to further process the patent or application. The USPTO administers the statutes through various sections of the rules of practice in 37 CFR part 1.

The information in this collection can be used by the USPTO to continue the processing of the patent or application, to ensure that applicants are complying with the patent regulations, and to aid in the prosecution of the application.

The USPTO is adding two new forms into this collection. PTO/SB/33, Pre-Appeal Brief Request for Review, is a new optional procedure that is intended to spare applicants the added time and expense of preparing an appeal brief for an application that ultimately may be categorized as "not in condition for appeal."

Also new is form PTO/SB/28, Petition to Make Special Under Accelerated Examination Program. The requirement for the petition is already approved in the collection; however, the response time has been increased from 1 hour to 12 hours. Applicants who choose to participate in this optional procedure in order to receive the benefit of accelerated examination will have to share in the examination burden to a greater extent. In return, such applicants will receive the benefit of an early patentability determination for their claimed invention.

A previously overlooked requirement, the Request for Corrected Filing Receipt, is also being added into the collection, in both paper and electronic formats. Forms for this requirement are currently under development.

There are 41 forms associated with this collection.

II. Method of Collection

By mail, facsimile, or hand delivery to the USPTO. The eIDS (electronic information disclosure statements), the electronic filing system (EFS) copy of the application for publication, and the request for corrected filing receipt may be submitted electronically over the Internet.

III. Data

OMB Number: 0651-0031.

Form Number(s): PTO/SB/08/08a/08b, PTO/SB/17i, PTO/SB/17P; PTO/SB/21-

28, PTO/SB/24A, PTO/SB/24B, PTO/SB/30-33, PTO/SB/35-39, PTO/SB/42-43, PTO/SB/61-64, PTO/SB/64a, PTO/SB/67-68, PTO/SB/91-92, PTO/SB/96-97, PTO-2053-A/B, PTO-2054-A/B, PTO-2055-A/B, PTOL/413A.

Type of Review: Revision of a currently approved collection.

Affected Public: Individuals or households; business or other for-profit; not-for-profit institutions; farms; the Federal Government; and state, local or tribal governments.

Estimated Number of Respondents: 2,604,029 responses per year.

Estimated Time Per Response: The USPTO estimates that it will take the public between 1 minute and 48 seconds (0.03 hours) to 12 hours (12.0 hours), depending upon the complexity of the situation, to gather, prepare, and submit the various documents in this information collection.

Estimated Total Annual Respondent Burden Hours: 3,157,840 hours per year.

Estimated Total Annual Respondent Cost Burden: \$504,711,200 per year. The USPTO expects that the transmittal form; the petition for extension of time under 37 CFR 1.136(a); express abandonment under 1.138; express abandonment to avoid publication under 1.138(c); requests to access, inspect and copy; deposit account order form; certificates of mailing/transmission; electronic filing system (EFS) copy of application for publication; the copy of the applicant or patentee's record of the application; the request for voluntary publication or republication; the petition for request for documents in a form other than that provided by 1.19; the request for processing of replacement drawings; and the request for corrected filing receipt will be prepared by paraprofessionals. Using the paraprofessional rate of \$90 per hour, the USPTO estimates that the respondent cost burden for these items will be \$191,469,600. The USPTO estimates that the remaining items in this collection will be prepared by associate attorneys in private firms. Using the professional hourly rate of \$304 per hour for associate attorneys in private firms, the USPTO estimates \$313,241,600 per year for salary costs associated with respondents for the other items in this information collection. The total respondent cost burden is estimated to be \$504,711,200 per year.

Estimated Total Annual (non-hour) Respondent Cost Burden: \$156,933,477. There are no capital start-up or maintenance costs associated with this information collection. However, this

collection does have record keeping costs, postage costs, and filing fees.

When submitting the information in this collection electronically, the applicant is strongly urged to retain a

copy of the file submitted to the USPTO as evidence of authenticity and to keep the acknowledgment receipt as clear evidence that the file was received by the USPTO on the date noted. The

USPTO estimates that it will take 5 seconds (0.001 hours) to print and retain a copy of the eIDS, the EFS application for publication and the request for corrected filing receipt submissions, and that approximately 50,050 submissions per year (47,000 eIDS, 1,000 EFS, and 2,050 corrected filing receipt) will use this option, for a total of 50 hours per year for printing this receipt. Using the paraprofessional rate of \$90 per hour,

the USPTO estimates that the record keeping cost associated with this collection will be \$4,500 per year.

The public may submit the paper forms and petitions in this collection to the USPTO by mail through the United States Postal Service. If the submission is sent by first-class mail, the public may also include a signed certification of the date of mailing in order to receive credit for timely filing. Therefore, the

USPTO estimates that up to 2,553,979 submissions per year may be mailed to the USPTO at an average first-class postage cost of 63 cents, for a total postage cost of \$1,609,007.

There is also annual (non-hour) cost burden in the way of filing fees associated with this collection. The total estimated filing costs of \$155,319,970 are calculated in the accompanying chart:
