

Fork NRRRA, 4564 Leatherwood Road, Oneida, Tennessee 37841, telephone number 423-569-9778.

DATES: To determine the scope of issues to be addressed in the O&GMP and EIS and to identify significant issues related to the management of oil and gas operations at BISO and OBRI, the NPS will conduct public scoping meetings in mid-summer/early fall in both Tennessee and Kentucky. Representatives of the NPS will be available to discuss issues, resource concerns, and the planning process at each of the public meetings. When public scoping meetings have been scheduled, their locations, dates, and times will be published in local newspapers and posted on the NPS Planning, Environment and Public Comment (PEPC) Web site at <http://parkplanning.nps.gov/biso>. To be most helpful to the scoping process, comments should be received within 30 days of the beginning of the public comment period.

ADDRESSES: If you wish to comment on the scoping brochure or on any other issues associated with the BISO/OBRI O&GMP/EIS, you may submit your comments by any one of several methods. Comments may be entered online in the NPS Planning, Environment and Public Comment System (PEPC) Web site at <http://parkplanning.nps.gov/biso>. To comment using PEPC, select the Big South Fork O&GMP/EIS project, select documents, select this Notice of Intent, and then select Comment and enter your comments (enter comments related to the OBRI here as well). You may also mail comments to Superintendent, Big South Fork NRRRA, 4564 Leatherwood Road, Oneida, Tennessee 37841, (BISO O&GMP Public Scoping) and your name and return address. Finally, you may hand-deliver comments to Big South Fork NRRRA, 4564 Leatherwood Road, Oneida, Tennessee 37841.

It is the practice of the NPS to make all comments, including names and addresses of respondents who provide that information, available for public review following the conclusion of the NEPA process. Individuals may request that the NPS withhold their name and/or address from public disclosure. If you wish to do this, you must state this prominently at the beginning of your comment. Commentators using the Web site can make such a request by checking the box "keep my contact information private." NPS will honor such requests to the extent allowable by law, but you should be aware that NPS may still be required to disclose your

name and address pursuant to the Freedom of Information Act.

Information will also be available for public review and comment in the Office of the Superintendent, Big South Fork NRRRA, 4564 Leatherwood Road, Oneida, Tennessee 37841, telephone: 423-569-9778; and in the Office of the Unit Manager, Obed Wild and Scenic River, 208 North Maiden St., Wartburg, Tennessee 37887, telephone: 423-346-6294.

SUPPLEMENTARY INFORMATION: The following purpose and need statements related to the management of non-Federal oil and gas operations at BISO and OBRI were developed at an internal scoping meeting of NPS staff.

The purpose of the Draft O&GMP/EIS for BISO and OBRI is to analyze alternative approaches, clearly define a strategy, and provide guidance for the next 15 to 20 years to ensure that activities undertaken by owners and operators of private oil and gas rights are conducted in a manner that protects park resources and values, visitor use and experience, and human health and safety. The plan is strategic in nature and will not establish any rights or obligations; NPS authorizes actual operations on a site-specific basis.

There are over 300 private oil and gas operations within the BISO and OBRI. Many of the past and existing oil and gas operations in these NPS units are adversely impacting resources and values, human health and safety, and visitor use and experience; most are not in compliance with Federal and State regulations, most notably, the NPS regulations governing non-Federal oil and gas rights, 36 CFR part 9, subpart B. In addition, future oil and gas operations have the potential to damage park resources and values. The plan is needed to provide an efficient and effective strategy for park managers to ensure the units are protected for the enjoyment of future generations. There is also a need for park-specific guidance to help oil and gas operators in their planning efforts.

The following objectives are proposed for the management of non-Federal oil and gas operations at BISO and OBRI:

General

- Provide owners and operators of private oil and gas rights reasonable access for exploration, production, maintenance, and surface reclamation.
- Bring existing operations into compliance with Federal and State requirements.
- Identify and protect resources that could be adversely affected by impacts from oil and gas operations.

Water Resources

- Protect and enhance water resources.

Threatened and Endangered Species

- Protect species of management concern from unacceptable adverse impacts resulting from oil and gas operations.
- Protect critical habitat from adverse modification resulting from oil and gas operations.

Visitor Experience, Conflicts, and Safety

- Prevent, minimize, or mitigate conflicts between oil and gas operations and visitor use.
- Protect human health and safety from oil and gas operations.

Cultural Resources

- Protect cultural resources, including those on or eligible for listing on the National Register of Historic Places.

Park Management and Operations

- Provide pertinent guidance to operators to facilitate planning and compliance with NPS regulations.
- Establish an efficient process under NEPA for plugging and reclaiming orphaned or exhausted oil and gas operations.

Chesapeake and Ohio Canal National Historical Park Advisory Commission; Notice of Public Meeting

AGENCY: Department of the Interior, National Park Service, Chesapeake and Ohio Canal National Historical Park.

ACTION: Notice of meeting.

SUMMARY: Notice is hereby given that a special meeting of the Chesapeake and Ohio Canal National Historical Park Advisory Commission (the Commission) will be held on Friday, May 19, 2006, at 10 a.m., at the Glen Echo Town Hall, 6106 Harvard Avenue, Glen Echo, Maryland.

The Commission will meet to consider the National Park Service Environmental Assessment evaluating the impacts of a proposal by Georgetown University to construct a boathouse for competitive rowing on the Georgetown Waterfront in Washington, DC (Environmental Assessment).

The meeting will be open to the public. Any person may file with the Commission a written statement concerning the matters to be discussed. Persons who wish to file a written statement or testify at the meeting or who want further information concerning the meeting may contact Superintendent Kevin Brandt at (301) 714-2201.

DATES: May 19, 2006.

SUPPLEMENTARY INFORMATION: The Commission was established by Public Law 91-664 to meet and consult with the Secretary of the Interior on general policies and specific matters related to the administration and development of the Chesapeake and Ohio Canal National Historic Park. Normally, notice of advisory committee meetings is published at least 15 calendars prior to the meeting date. However, due to: (1) The compelling need for the Commission to prepare and provide comments on the Environmental Assessment during the 45-day comment period; (2) the difficulty of finding a date suitable to all Commission members; and (3) the difficulty of finding a suitable meeting location, it was not possible to give 15 calendar days advance notice. A notice of this meeting was signed on April 25 and appeared in the **Federal Register** on May 10. This notice supplements that initial notice.

The members of the Commission are as follows:

Mrs. Sheila Rabb Weidenfeld,
Chairperson.
Mr. Charles J. Weir.
Mr. Barry A. Passett.

Mr. Terry W. Hepburn.
Mrs. JoAnn M. Spevacek.
