On April 13, 2018, the FDIC requested comment for 60 days on a proposal to renew the information collection described below. No comments were received. The FDIC hereby gives notice of its plan to submit to OMB a request to approve the renewal of this collection, and again invites comment on this renewal.

Proposal to renew the following currently approved collection of information:

1. *Title:* Assessment Rate Adjustment Guidelines for Large and Highly Complex Institutions.

*OMB Number:* 3064-0179.

*Form Number:* None.

*Affected Public:* Large and highly complex depository institutions.

*Burden Estimate:*

## SUMMARY OF ANNUAL BURDEN

	Type of burden	Obligation to respond	Estimated number of respondents	Estimated frequency per respondent	Estimated time per response	Frequency of response	Total annual estimated burden hours
Assessment Rate Adjustment Guidelines for Large and Highly Complex Institutions. Total Hourly Burden.	Reporting .....	Required to Obtain or Retain Benefits.	1	1	80.00	On Occasion ..	80
	.....	.....	.....	.....	.....	.....	80

*General Description of Collection:*  
These guidelines established a process through which large and highly complex depository institutions could request a deposit insurance assessment rate adjustment from the FDIC.

There is no change in the method or substance of the collection. The overall reduction in burden hours is the result of economic fluctuation. In particular, the number of respondents has decreased while the hours per response and frequency of responses have remained the same.

**Request for Comment**

*Comments are invited on:* (a) Whether the collection of information is

necessary for the proper performance of the FDIC's functions, including whether the information has practical utility; (b) the accuracy of the estimates of the burden of the information collection, including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. All comments will become a matter of public record.
