DEPARTMENT OF LABOR

Employment and Training Administration

Employment and Training Administration (ETA) Program Year (PY) 2018; Workforce Innovation and Opportunity Act (WIOA) Section 167, National Farmworker Jobs Program (NFJP) Formula Modifications and Allotments

AGENCY: Employment and Training Administration, Labor.

ACTION: Notice.

SUMMARY: This Notice announces updates and modifications to the allotment formula for the National Farmworker Jobs Program (NFJP), authorized under the Workforce Innovation and Opportunity Act (WIOA), Section 167, and allotments for Program Year (PY) 2018. These allotments are based on the enacted NFJP funding appropriation in the Consolidated Appropriation Act, 2018.

On May 23, 2018, the Employment and Training Administration (ETA) published a notice in the **Federal Register** (83 FR 23937) concerning the use of updated data in and proposed modifications to the formula ETA uses to distribute funding for NFJP. The notice also presented preliminary State planning estimates for PY 2018. Public comments were requested at that time. The comment period closed May 30, 2018. This notice summarizes and responds to the comments, and publishes the final PY 2018 allotments.

DATES: The PY 2018 NFJP allotments cover July 1, 2018 through June 30, 2019.

ADDRESSES: Questions on this notice can be submitted to NFJP@dol.gov or the Employment and Training Administration, Office of Workforce Investment, 200 Constitution Ave. NW, Room C4510, Washington, DC 20210, Attention: Laura Ibañez, Unit Chief, (202) 693–3645 or Steven Rietzke, Division Chief at (202) 693–3912.

SUPPLEMENTARY INFORMATION: This notice is published pursuant to Section 182(d) of the WIOA, Prompt Allotment of Funds.

I. Background

This notice represents the second of a two-stage process. In the first stage, ETA solicited and considered public comments regarding the use of updated data in and three proposed modifications to the NFJP allotment formula. Based on the comments and ETA's consideration of them, ETA has applied the updated data to the formula and implemented two of the three proposed modifications. In this second stage, the final formula modifications are described and the resulting allotments are published. The updated data and modifications have been processed in accordance with the allotment formula methodology, which was described in detail in a notice that was published in the **Federal Register** on May 19, 1999 (64 FR 27390), which is accessible at <https://www.federalregister.gov/>.

The formula was developed for the purpose of distributing funds geographically by State service area, on the basis of each State service area's relative share of persons eligible for the program. New data from each of the four data files that have been the basis of the formula since 1999 are used to determine the distribution of PY 2018 funds. In addition, beginning in PY 2018, ETA will implement two modifications to the allotment formula, which will result in more accurate estimates of each State service area's relative share of persons eligible for the program. The modifications are the result of ETA's review of the formula in the context of the NFJP-eligible population and farm labor market changes, ETA's consideration of public comments received in response to the May 23, 2018 **Federal Register** Notice (FRN) (83 FR 23937), and feedback that it received from NFJP grantees prior to and following informational webinars that ETA hosted on February 23, 2017, and April 27, 2017.

Section II of this notice reviews the formula updates and modifications that were proposed in the May 23, 2018 notice.

Section III summarizes the comments that ETA received in response to the May 23, 2018 notice and ETA's decisions concerning the allotment formula based on those comments.

Section IV describes a hold-harmless provision, which will be put into place for the implementation year and the following years. The hold-harmless provision is designed to provide a
